EXECUTIVE SUMMARY

This report provides details of payments made from the City's bank accounts for the month of August 2022, for noting by the Council and recording in the Council Minutes.

BACKGROUND

The Local Government (Financial Management) Regulations 1996 (the Regulations) requires that, when the Council has delegated authority to the Chief Executive Officer to make payments from the City's bank accounts, a list of payments made is prepared each month for presentation to, and noting by, the Council.

OFFICER COMMENT

In accordance with regular custom, the list of payments made for the month of August 2022 is presented for information.

Statutory Environment

Section 6.10 of the *Local Government Act 1995* and more specifically Regulation 13 of the Regulations refer to the requirement for a listing of payments made each month to be presented to the Council.

Relevant Plans and Policies

There are no relevant plans or policies to consider in relation to this matter.

Financial Implications

There are no financial implications associated with the officer recommendation.

Stakeholder Consultation

No external stakeholder consultation was required or undertaken in relation to this matter.

Risk Assessment

An assessment of the potential implications of implementing the officer recommendation has been undertaken using the City's risk management framework, with risks assessed taking into account any controls already in place. No risks of a medium or greater level have been identified.

Options

Not applicable.

CONCLUSION

The list of payments made for the month of August 2022 is presented for information.

That the Council receives the statutory financial activity statement reports for the period ending 31 August 2022, pursuant to Regulation 34(4) of the Local Government (Financial Management) Regulations 1996.

CARRIED 5/0

OFFICER RECOMMENDATION

That the Council receives the statutory financial activity statement reports for the period ending 31 August 2022, pursuant to Regulation 34(4) of the *Local Government (Financial Management)* Regulations 1996.

EXECUTIVE SUMMARY

Pursuant to Section 6.4 of the *Local Government Act 1995* (the Act) and Regulation 34(4) of the *Local Government (Financial Management) Regulations 1996* (the Regulations), a local government is to prepare, on a monthly basis, a statement of financial activity that reports on the City's financial performance in relation to its adopted / amended budget.

This report has been compiled to fulfil the statutory reporting requirements of the Act and associated Regulations, whilst also providing the Council with an overview of the City's financial performance on a year to date basis, for the period ending 31 August 2022.

BACKGROUND

The Regulations detail the form and manner in which financial activity statements are to be presented to the Council on a monthly basis, and are to include the following:

- Annual budget estimates
- Budget estimates to the end of the month in which the statement relates
- Actual amounts of revenue and expenditure to the end of the month in which the statement relates

- Material variances between budget estimates and actual revenue/expenditure (including an explanation of any material variances)
- The net current assets at the end of the month to which the statement relates (including an explanation of the composition of the net current position)

Additionally, and pursuant to Regulation 34(5) of the Regulations, a local government is required to adopt a material variance reporting threshold in each financial year. At its meeting on 3rd August 2022, the Council adopted (C2208/198) the following material variance reporting threshold for the 2022/23 financial year:

That pursuant to Regulation 34(5) of the Local Government (Financial Management) Regulations, the Council adopts a material variance reporting threshold with respect to financial activity statement reporting for the 2022/23 financial year as follows:

- Variances equal to or greater than 10% of the year to date budget amount as
 detailed in the Income Statement by Nature and Type/Statement of Financial
 Activity report, however variances due to timing differences and/or seasonal
 adjustments are to be reported only if not to do so would present an incomplete
 picture of the financial performance for a particular period; and
- Reporting of variances only applies for amounts greater than \$50,000.

OFFICER COMMENT

In order to fulfil statutory reporting requirements and to provide the Council with a synopsis of the City's overall financial performance on a year to date basis, the following financial reports are attached hereto:

Statement of Financial Activity

This report provides details of the City's operating revenues and expenditures on a year to date basis, by nature and type (i.e. description). The report has been further extrapolated to include details of non-cash adjustments and capital revenues and expenditures, to identify the City's net current position; which reconciles with that reflected in the associated Net Current Position report.

Net Current Position

This report provides details of the composition of the net current asset position on a full year basis, and reconciles with the net current position as per the Statement of Financial Activity.

Capital Acquisition Report

This report provides full year budget performance (by line item) in respect of the following capital expenditure activities:

- Land and Buildings
- Plant and Equipment
- Furniture and Equipment
- Infrastructure

Reserve Movements Report

This report provides summary details of transfers to and from reserve funds, and associated interest earnings on reserve funds, on a full year basis.

Additional reports and/or charts can be provided as required to further supplement the information comprised within the statutory financial reports.

Comments on Financial Activity to 31 August 2022

The Statement of Financial Activity (FAS) for the year to date (YTD) shows an overall Net Current Position of \$60.7M.

Following on from the system upgrade issues described in the July YTD FAS report, progress has been made, and we are now able to show the YTD budget positions at the Financial Activity Statement level.

Unfortunately, the reporting mechanisms that enables detailed reporting on the material variances on the face of the FAS, are still in the process of being resolved. As such, commentary on these variances to YTD budget positions is not available as yet. This will be resolved and explained in subsequent months as the new system and its reporting becomes fully functional.

Investment Report

Pursuant to the Council's Investment Policy, a report is to be provided to the Council on a monthly basis, detailing the investment portfolio in terms of performance and counterparty percentage exposure of total portfolio. The report is also to provide details of investment income earned against budget, whilst confirming compliance of the portfolio with legislative and policy limits.

As at 31st August 2022 the value of the City's invested funds decreased from \$97.0M as at 31st July 2022 to \$90.9M

As at 31st August 2022 the 11AM (an intermediary account which offers immediate access to the funds compared to the term deposits) account balance is \$7.0M, down from \$13.0M as at 31st July 2022. A deduction of \$6.0M from the 11AM account, with the funds being transferred to the cheque account to meet normal operating expenses.

During the month of August 2022 four term deposits totalling the amount of \$16M matured. These were renewed for a further 212 days at 3.28% on average.

The official cash rate increased during the month of August by a further 0.5% from 1.35% to 1.85%. Further increases are expected in the coming months. This will result in higher interest earnings for the City, although any future borrowings will incur higher rates also.

The current variance of interest to budget is due to the identified system issues. As shown on the investment report, interest totalling \$76,720 has been received but not yet fully processed. Additionally, accrued interest totalling \$184,073 has not yet been fully processed.

Borrowings Update

During the month no new loans were drawn and no repayments made on existing loans. The attached Loan Schedule outlines the status of all existing loans YTD.

Chief Executive Officer - Corporate Credit Card

Details of transactions made on the Chief Executive Officer's corporate credit card during August 2022 are provided below to ensure there is appropriate oversight and awareness.

Donations & Contributions Received

During the month no non-infrastructure asset (bridges, roads, POS etc), donations or contributions were received.

Statutory Environment

Section 6.4 of the Act and Regulation 34 of the Regulations detail the form and manner in which a local government is to prepare financial activity statements.

Relevant Plans and Policies

There are no relevant plans or policies to consider in relation to this matter.

Financial Implications

Any financial implications are detailed within the context of this report.

Stakeholder Consultation

No external stakeholder consultation was required or undertaken in relation to this matter.

Risk Assessment

An assessment of the potential implications of implementing the officer recommendation has been undertaken using the City's risk management framework, with risks assessed taking into account any controls already in place. No risks of a medium or greater level have been identified.

Options

The Statements of Financial Activity are presented in accordance with Section 6.4 of the Act and Regulation 34 of the Regulations and are to be received by Council. Council may wish to make additional resolutions as a result of having received these reports.

CONCLUSION

As at 31st August 2022, the City's net current position stands at \$60.7M. The City's financial performance is considered satisfactory, and cash reserves remain strong.

TIMELINE FOR IMPLEMENTATION OF OFFICER RECOMMENDATION
