

1. HEAD OF POWER AND SCOPE

This Policy has been adopted pursuant to *Planning and Development (Local Planning Schemes) Regulations 2015,* Schedule 2 (Deemed Provisions), Clause 4 and applies to the development of Holiday Homes across the whole of the City.

2. PURPOSE

The purpose of this Policy is to -

- 2.1 Provide clear guidance regarding the assessment of applications for development approval for Holiday Homes; and
- 2.2 Identify circumstances in which Holiday Homes will be supported, and circumstances in which Holiday Homes may be supported, given more detailed consideration.

3. INTERPRETATION

3.1 The two terms defined below are critical to interpretation of this Policy -

"Deemed-to-Comply" means a provision which, if satisfied, means that an application is deemed compliant with respect to the matters subject of that provision. The local government shall not refuse to grant approval to an application where the application satisfies all of the relevant Deemed-to-Comply provisions.

"Performance Criteria" means provisions to be used in the preparation, submission and assessment of development proposals for the purpose of determining their acceptability, where they do not meet the relevant Deemed-to-Comply provisions.

Note: applications that do not meet all of the 'deemed-to-comply' provisions would be assessed against the relevant 'performance criteria' (i.e. they would only be assessed against the latter in relation to those aspects to which they do not meet the former). So if the 'car parking' deemed-to-comply provisions are met, but the 'dwelling design' ones are not, dwelling design related issues would require assessment against the dwelling design performance criteria, but the car parking related issues would not require assessment against the car parking related performance criteria. Similarly, if the potable water elements of the 'utility servicing' deemed-to-comply provisions are met, but the refuse collection ones are not, it is only the refuse collection issues that need to be considered against the directly related performance criteria.

3.2 Other terms should be interpreted in the same way as they would be interpreted if they were contained within the *City of Busselton Local Planning Scheme No. 21*, other than those terms defined below -

"Bushfire Policy' means the Bushfire Local Planning Policy.

"Deemed-to-Comply" means a provision which, if satisfied, means that a Holiday Home is deemed compliant with respect to the matters subject of that provision. The local government shall not refuse to grant approval to an application where the application satisfies all of the relevant Deemed-to-Comply provisions.

"Holiday Home (Multiple/Grouped Dwelling)" means a grouped dwelling or multiple dwelling, which may also be used for short stay accommodation for hire or reward for no more than six people (but does

not include a bed and breakfast, chalet development, guesthouse, rural tourist accommodation or tourist accommodation).

"Holiday Home (Single House)" means a single house (excluding ancillary accommodation), which may also be used for short stay accommodation for hire or reward for no more than 12 people (but does not include a bed and breakfast, chalet development, guesthouse, rural tourist accommodation or tourist accommodation).

"Holiday Home" means both a Holiday Home (Multiple/Grouped Dwelling) and/or a Holiday Home (Single House).

"Performance Criteria" means provisions to be used in the preparation, submission and assessment of development proposals for the purpose of determining their acceptability, where they do not meet the relevant Deemed-to-Comply provisions.

"Policy" means this Holiday Homes Local Planning Policy.
