As a passionate member of this community for 20 years, we may have crossed paths. As a paramedic, a first aid trainer, a junior basketball coach, an assessor for HACCC, a business advisor, Economic Development advisor, as CEO of the local Chambers of Commerce, a mentor, a driving instructor, a small business owner, neighbour or friend I want to know and advocate for what this community wants. I am pragmatic, empathetic and follow the principles of modern leadership. My strengths are in crisis management and leadership. I live my values everyday - be kind, be courageous, be honest and be authentic. It takes courage and understanding to make decisions that reflect community needs, I have the skills and determination to ensure the people of this community are heard, informed and respected. I've been a single mum, a very real part of the housing crisis and seen first hand the health issues facing our community and have a deep understanding of what it means to be resilient.
