Officer Representing: Peter Thomas

- **WAFES Conference**

The 2023 WAFES Conference kicks off on Friday 8 September at Crown Perth.

The theme for this year's conference, Working Together to Make a Difference, underscores the significance of collaboration across all levels, services, and agencies to positively impact the Western Australian community, featuring keynote speakers such as former Australian cricket coach Justin Langer AM and international humanitarian lawyer Rabia Siddique.

Volunteers and DFES staff from across the state will be attending the conference.

- **Lower South West Volunteers Leadership Forum**

DFES LSW held a leaders' forum for volunteers from Fire & Rescue, Fire and Emergency Services and Bush Fire Brigades. The forum was conducted in Nannup over 1 day covering the following topics,

- o Improve knowledge on aircraft used in emergency services.
- o Update on workplace safety
- o Information on standards and integrity
- o Information on fire investigation for both structural and bushfire
- o Improve incident management skills.
- o Understanding of dynamic risk assessment
- o Opportunity to network with leaders from volunteer services across the region.
- o Free health checks from Regional Men's Health, open to all.

- **NATIONALLY CONSISTENT WARNINGS FOR WESTERN AUSTRALIA**

By mid-2024, the (DFES) will join other Australian States and Territories to achieve nationally consistent warnings for bushfire, cyclone, flood, and storm through the implementation of the Australian Warning System (AWS). The DFES Public Information Branch has consulted with internal and external stakeholders to evaluate implementation options for the next phase of the AWS rollout. After careful assessment, it has been decided that the implementation of the second phase will take place after the 2023-2024 High Threat Period. The second phase will include changes to warning levels, colours, and icons for cyclone, flood, and storm. Additionally, warning levels for each of these hazards, including bushfire, will be accompanied by a set of action statements providing the community with clear guidance during an incident.

Attachment 7.4

Agency: City of Busselton

Officer Representing: Jennifer May – Airport Manager

Matters to be discussed: BMRA Update.

The BMRA has seen consistent passenger numbers with Jetstar RPT services and closed charter flights operating during the reporting period.

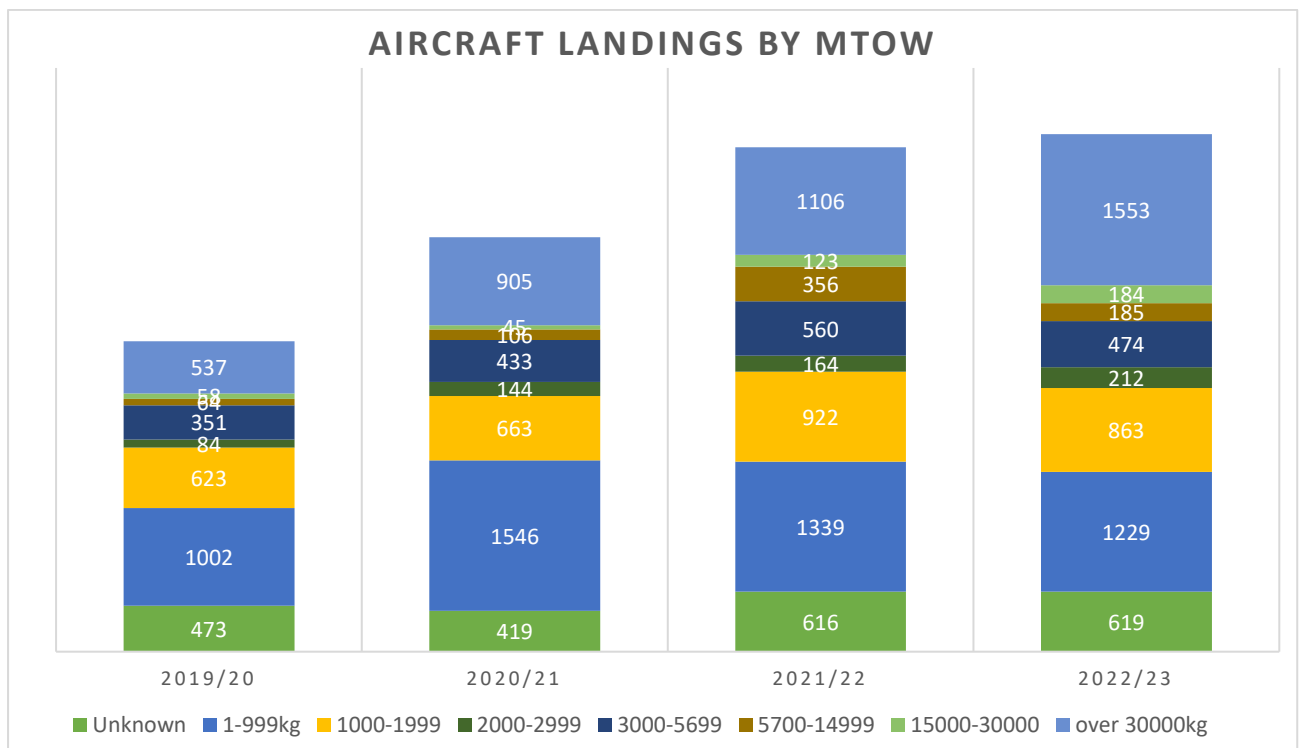

Operations:

The total number of scheduled services operating from the BMRA as of the end of September is 34 movements per week, with 31 Fly in Fly out (FIFO) closed charter and 3 RPT services.

Jetstar will increase the number of Melbourne services to 4 flights per week from November 2023. Five airlines are operating from the BMRA with RPT and closed charter services utilising the following aircraft types;

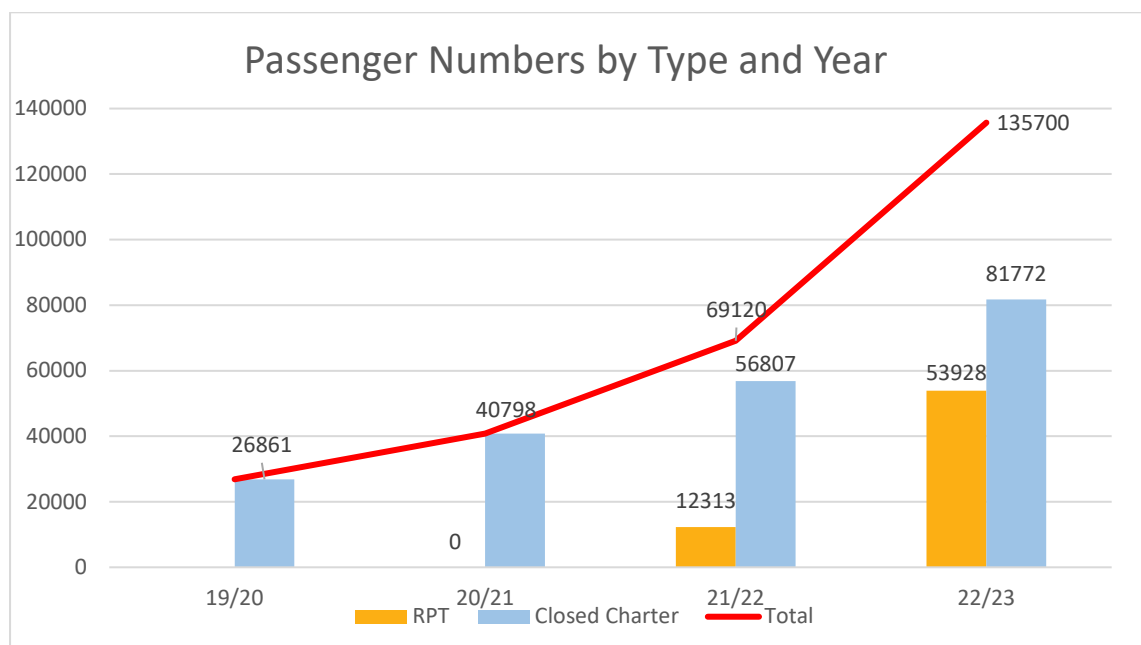

- Dash 8/300
- Fokker100 (96 seats)
- Airbus A320 (183 and 186 seats)
- Boeing 737/700 & B737/800 (138 and 173 seats)

For the 2022/23 FY there was 5319 landings compared to 5186 landings in the 201/22 FY. The following graph represent the breakdown of landings by Maximum Take Off Weight (MTOW) at BMRA by year.

The passenger numbers for the 2022/23 FY was 135,700 compared to 69,120 for the 2021/22, representing an increase of over 196%. The continued increase in passenger numbers can be

attributed to the growth in FIFO passenger numbers across all closed charter airlines and Jetstar RPT services.

Operational & Capital Improvement (Infrastructure) for 2022/23

- Terminal building expansion – departure (sterile lounge) increased by 110 sqm
- Expansion of the public car park (+297 bays)

Attachment 7.5 District Emergency Management Advisor – South West**Agency:** Department of Fire and Emergency Services**Officer Representing:** Erin Hutchins**Matters to be discussed:****STATE NEWS**

The last meeting of the **State Emergency Management Committee (SEMC)** was held on the 4 October 2023. SEMC Communiques can be found [here](#).

2023 SEMC MEETING SCHEDULE

- December 2023

STATE EMERGENCY MANAGEMENT DOCUMENTS

The SEMC has approved and published two new State emergency management documents, the **State Support Plan – Emergency Relief and Support** and the **Local Emergency Management Committee Handbook**.

State Support Plan – Emergency Relief and Support

Several key changes were made to the Plan including;

- The change to terminology from ‘welfare’ to ‘emergency relief and support’ and welfare centre’ to ‘evacuation centres’.
- Greater clarity of the emergency relief and support services provided within the six functional domains.
- Greater clarity of Communities role in supporting Disaster Victim Identification services in respect to a major emergency.
- Greater clarity of Communities role as the State agency responsible for leading the social domain in the recovery phase of an emergency.

Please review your internal emergency management documents to reflect new terminology used within the Plan.

Local Emergency Management Committee Handbook

The LEMC handbook provides local governments with a summary of the actions and best practice principles as required under section 38 – 40 of the *Emergency Management Act 2005*, State Emergency Management Policy, procedures, and guidelines.

The LEMC Handbook provides a summary of the WA emergency management arrangements, key roles, and responsibilities and best practice advice for the administration of LEMC.

The Handbook also includes sample LEMC Terms of Reference and Meeting Agenda templates, which can be downloaded from the [SEMC website](#).

CONSULTATION REQUESTS

You can view all current consultations on the [Engage WA EM consultation homepage](#)

State Hazard Plan – Crash Emergency

The State Hazard Plan - Crash Emergency provides an overview of arrangements for the management of crash emergencies in Western Australia. The DFES State EM Policy Branch, on behalf of the SEMC (the responsible agency for the development and review of the State Hazard Plan Crash) is progressing with the periodical comprehensive review of the Plan on behalf of the three Hazard Management Agencies. The Hazard Management Agencies for crash emergencies are:

- Commissioner of Police (air crash and road crash)
- Arc Infrastructure Pty Ltd (Arc Infrastructure) (rail crash on Arc Infrastructure network)
- Public Transport Authority (PTA), (rail crash on PTA network).

The Head of Operations and Customer Management (Arc Infrastructure) and Managing Director (PTA) are the responsible for ensuring that emergency management is carried out on behalf of the respective agencies.

The DFES State Emergency Management Policy Branch is now seeking broad stakeholder feedback on the proposed amendments and welcomes other questions, queries or comments you have in relation to this Plan.

Please submit your feedback by COB 24 November 2023.

Philanthropic Engagement Framework for Emergency Management

Emergency events are becoming increasingly severe and frequent, being driven in part by a changing climate. In response, there is growing acknowledgement that the effective and efficient management of emergencies across the emergency management spectrum (prevention, preparedness, response, and recovery [PPRR]) requires a whole-of-society approach.

Philanthropic and private organisations have the potential to enhance State and local emergency management capabilities and capacities through the provision of resources, people, and expertise. The growing importance and prominence of philanthropy in emergency management is also reflected at a Commonwealth level through efforts to further enhance and formalise arrangements between government and private/philanthropic actors.

The State Emergency Management Committee (SEMC) is leading the design of a holistic approach to emergency management, with strategic emphasis on prevention and preparedness. The SEMC acknowledges the important role of philanthropic and private

organisations in emergency management, and the need to work collaboratively with these sectors.

The Philanthropic Engagement Framework for Emergency Management provides guidance on the key issues to be considered when determining appropriate governance arrangements for public-private partnerships for emergency management across PPRR and will support increased collaboration between public and private sectors for an effective and efficient emergency management system.

Please submit your feedback by COB 8 December 2023.

DISTRICT NEWS

The next meeting of the **District Emergency Management Committee (DEMC)** will be held on Tuesday 19 March 2024.

LOCAL NEWS

LOCAL EMERGENCY MANAGEMENT ARRANGEMENTS

A copy of the Local Emergency Management Arrangements – Status Report is attached. Please check the due date for the five-yearly LEMA reviews and allow a minimum of six months to complete the LEMA review process. Funding opportunities are available to assist with LEMA reviews.

GRANT PROGRAM UPDATES

The State Emergency Management Committee (SEMC) oversees the distribution of grant funding to support activities that reduce disaster risk and enhance WA's resilience to disasters.

Disaster Ready Fund

The Department of Fire and Emergency Services (DFES) is inviting [Expressions of Interest](#) (EOIs) from government and non-government organisations who have projects that will build resilience in the Western Australian community and prepare for future natural hazard impacts.

If you would like to share in \$200 million of emergency management grant funding for a project or initiative that will make WA more resilient to disasters and will deliver benefits to your community, submit your [EOI](#) by 15 November 2023.

Submit your EOI [here](#).

DRF Round Two is expected to open for applications in early 2024. Further information on the timeframes, Guidelines and application process will be made available once the Australian Government announces Round 2.

Information on funding opportunities can be found [here](#).

Please contact semc.grants@dfes.wa.gov.au for further information on the grant programs.

Attachment 7.6 Acting District Emergency Services Officer – South West**Agency:** Department on Communities**Officer Representing:** Sharon Austin**Matters to be discussed: Emergency Relief and Support update**

- **Review of the State Support Plan** - The draft State Support Plan – Emergency Relief and Support has been endorsed by the State Emergency Management Committee (SEMC) Response Policy Sub-Committee and will be presented to the SEMC for approval on 4 October 2023. Communities is preparing minor consequential changes to the Local Emergency Welfare Plans.
- **Capability Audit** – Communities procured Nous Group to conduct an audit of Western Australia’s emergency relief and support capability. Nous has completed consultation with partner agencies and is finalising the audit report.
- **Disaster Victim Identification (DVI)/Mass Fatality** – Communities is engaging with WAPOL and the State Coroner’s Office to strengthen its response to a potential major emergency where mass DVI processes are required.
- **Change Management** - On 21 August 2023, Communities commenced a change process to establish a permanent structure to deliver the Emergency Relief and Support (ERS) function under an enhanced service delivery model.
- **Partners Strategy**- To coincide with the change management process, Communities is exploring new ways to engage with partners. From October, Communities will trial a series of monthly workshops, information circulars and desktop exercises with state partners.
- **Kimberley Floods**
 - Communities continues to provide emergency relief and support services to Fitzroy Valley residents impacted by the Kimberley Floods.
 - As of 20 September 2023:
 - 87 people are in Phase 1 Temporary Accommodation across the Fitzroy Valley: including Humanihuts on Country at Bungardi and Tarunda Caravan Park and in the Derby Hostel.
 - From 11 January 2023 until 20 September 23, Communities has responded to a total of 2,090 calls for assistance.
 - 92 Category 3 Assistance applications have been initiated.
 - Communities has undertaken planning and preparedness activities in the Kimberley Region ahead of the upcoming wet season. Key activities are integrated into the DFES Wet Season

Regional Preparedness Strategy and support the Shire of Derby West Kimberley Resilience and Planning Committee activities.
