## CITY OF BUSSELTON NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY FOR THE PERIOD ENDED 31ST MARCH 2024

#### Note 3 Material Variance Explanations

|                           |                            | Actual YTD | Budget YTD | Full Year<br>Budget | Variance YTD | Variance YTD | Change in<br>Variance<br>Current<br>Month |
|---------------------------|----------------------------|------------|------------|---------------------|--------------|--------------|-------------------------------------------|
| Cost Centre<br>or Project | Description                | \$         | \$         | \$                  | %            | \$           | \$                                        |
| 1042                      | Aged and Community Housing | 61,961     | 106,301    | 141,735             | 41.71%       | 44,340       | 8,732                                     |

The variance is due to the timing of invoices being issued as there are a number of commitments recorded against the operating expenses for both the Harris Road and Winderlup Villa units. There has also been a delay in obtaining quotes from contractors for certain works.

|             | ,               |           |           |           |          |          |        |
|-------------|-----------------|-----------|-----------|-----------|----------|----------|--------|
| Community I | Planning        | 1,441,312 | 1,910,117 | 2,515,077 | 24.54%   | 468,805  | 61,132 |
| 1011        | Leisure Centres | 428,407   | 376,842   | 477,767   | (13.68%) | (51,565) | 871    |

Actuals have exceeded YTD forecast due to unplanned maintenance work required to fix the indoor pool liner and invoicing of the Geothermal license fee occurring earlier than expected.

1013 Youth Development 42,250 61,125 81,500 30.88% 18,875 (3,694)
Planned large mental health week and Halloween activities/events did not occur due to staffing issues. Investigations have been undertaken regarding other events to be run to meet contractual funding agreement with Rio. The following will now be undertaken between March & April:

• Peb/ March: Mural art workshops \$3K

■March International women's day; Girls to the Front \$4K

Bth April Bubble Soccer \$1700

●111th April hosted the South West Youth festival \$7k

• 112th April Glow basketball \$400

To come:

27th April 2x scooter competition \$5500

27/28th April Mental Health 1st aid \$2k

| 1046 | Building Services                                                  | 7,247 | 21,404 | 28,539 | 66.14%           | 14,157 | 2,276 |
|------|--------------------------------------------------------------------|-------|--------|--------|------------------|--------|-------|
| C-4  | anting for an alteration or a condition building and the formation |       |        |        | م: مسمعالة ممالة |        |       |

Software licensing for applicatipons used in building services was forecast at being a lot higher than has actually eventuated. Also, there is a timing difference in relation to the building certification registrations of the team.

| 1048 | Statutory Planning | 10,645 | 42,852 | 57,023 | 75.16% | 32,207 | 3,751 |
|------|--------------------|--------|--------|--------|--------|--------|-------|
|      |                    |        |        |        |        |        |       |

This relates mainly to consultancy spend, which in this area mainly relates to design review or peer review of technical documents (e.g. traffic impact assessments) in support of applications. The timing of that spend largely relates to the lodgement and assessment of applications, and is not determined by the City.

| 1049 | Strategic Planning | 44,326 | 311,055 | 85.75% | 266,729 | 81,905 |
|------|--------------------|--------|---------|--------|---------|--------|
|      |                    |        |         |        |         |        |

A large proportion of total budget in this area (approx. 280K) is for coastal planning project in the Siesta Park/Marybrook area, and the timing of that spend will be determined by a RFT and subsequent contractual process, but none of that spend has yet been incurred. The variance in this area is entirely attributable to that.

| 1054 Ranger Services | 80,151 | 142,091 | 177,121 | 43.59% | 61,939 | 2,902 |
|----------------------|--------|---------|---------|--------|--------|-------|
|----------------------|--------|---------|---------|--------|--------|-------|

Underspend variance can be attributed to the following:

•\$37K was budgeted for postage of Firebreak Notice – decision made to send out with rates due to impending changes.

\$26K in various commitments related to animal control, the community engagement associated with the bush fire notice review, equipment and towing services.

| 1056 Emergency Services | 441.399 | 551.019 | 734.692 | 19.89% | 109.621 | 35.524 |
|-------------------------|---------|---------|---------|--------|---------|--------|

The main variances relate to budget timing and include:

•SES – Timing of purchases – orders for storm season expected in April

■Bush Fire Brigades

oliming of purchases – Large PPC order to be completed in April and invoice expected in June

o 26% reduction of "large" bushfire incidents for January and 18% reduction of "Small" bushfire incidents. Increased frequency of Large fires is directly correlated higher expenditure

oBleet servicing commences May and June

•Mitigation works – Timing of works with contractors. Contractors have commenced works and on track for reaching target by end of May

Expenditure is on track in relation to the full year budget. Budget is spread evenly across the year, however purchasing is very dependant on the specific needs of the brigades throughout the year.

| Infrastructure and Environment                                                 |                                            | 11,266,565 | 15,971,730 | 21,653,663 | 29.46% | 4,705,165 | 675,580 |

| 1014                                                                           | Infrastructure and Environment Directorate | 11,437     | 334,988    | 446,651    | 96.59% | 323,551   | 29,279  |
| This is a timing variance only as works have been completed awaiting invoices. |                                            |            |            |            |        |           |         |
| 1016                                                                           | Construction and Maintenance               | 1,448,360  | 1.684.195  | 2.365.801  | 14.00% | 235.834   | 16.682  |

The main variances relate to budget spread and include:

\$93,647 Bridge maintenance – RFQ awarded and works commenced April

\$83,573 Road Maintenance – expenditure is lower during summer months

Expenditure is on track in relation to the full year budget.

| 1017 | Parks & Gardens | 2,522,060 | 3,085,387 | 4,117,442 | 18.26% | 563,327 | 168,804 |
|------|-----------------|-----------|-----------|-----------|--------|---------|---------|
|      |                 |           |           |           |        |         |         |

Activities to date have been largely focused on general Open Space maintenance. This is consistent with lower YTD costs at this time of year compared to YTD budget which is evenly spread over the year. Due to Autumn and Winter seasons, materials and plants order's will be committed with a large amount of expenditure expected in the 4th quarter when they are required, this includes the Street Tree program, Foreshore works (after the tourist season) and sportsground works will be committed.

#### Note 3 Material Variance Explanations

| Note 3                    | watenai vanance Ехріапаціонs | Actual YTD | Budget YTD | Full Year<br>Budget | Variance YTD | Variance YTD | Change in<br>Variance<br>Current<br>Month |
|---------------------------|------------------------------|------------|------------|---------------------|--------------|--------------|-------------------------------------------|
| Cost Centre<br>or Project | Description                  | \$         | \$         | \$                  | %            | \$           | \$                                        |
| 1019                      | Facilities Services          | 2,695,944  | 3,040,741  | 4,107,318           | 11.34%       | 344,798      | (48,407)                                  |

This is a timing issue only, expenditure will increase at the end of the tourist season (Easter School Holidays) at that point the variance is expected to reduce. It is expected that all funds will be expended this FY.

1020 Engineering and Facilities Services Management 309,292 3,066,367 4,165,954 89.91% 2,757,074 332,736

The main variances can be attributed to the following:

- (1) Coastal Works, that's currently in its planning phase, with Coastal Modelling being undertaken. Procurement is currently in full swing for the construction of coastal dune system at West Abbey, these works will be undertaken before the onset of winter. The majority of this funding is associated with the Federal Coastal Grant that the City secured, that's currently in the planning and procurement phase.
- (2) item is street lighting replacement and new installations programs, that's also currently in the planning phase.
- (3) is the Safer Speed Trial JV Initiative grant that is being and rolled out by the RAC, this project is currently in progress.
- (4) is for the General Design and Traffic Modelling, this project is currently being procured for the development of an overall traffic model for Busselton and Dunsborough.

Due to the nature of the four project groups above, all require upfront planning, design and procurement before the bulk expenditure will be recorded. Therefore the variance can be attributed to timing.

| 1021         | Asset Planning                                                   | 11,128              | 60,012              | 80,015              | 81.46%          | 48,884              | 4,484        |
|--------------|------------------------------------------------------------------|---------------------|---------------------|---------------------|-----------------|---------------------|--------------|
| The undersp  | pend for this area can be attributed to the timing of the proc   | urement of contra   | actors to assist wi | ith data collection | on. Subscriptio | ons and membersh    | ips are also |
| underspend   | l significantly, mainly also due to timing.                      |                     |                     |                     |                 |                     |              |

| There is cur | rent commitments for works underway however waiting on in        | nvoices from the c  | ontractor. We are   | also waiting or     | the outcome     | of an RFQ to awar   | d which we   |
| anticipate w | vill utilise the remaining budget.                               |                     |                     |                     |                 |                     |              |
| 1025         | Fleet Services                                                   | 1,908,992           | 1,730,350           | 2,307,134           | (10.32%)        | (178,641)           | 28,334       |
| Actuals over | r YTD budget associated to an increase in Fuels, Oils and Lubric | cants overall. Also | the amount spen     | t and number of     | replacement     | parts have increase | ed as well.  |

1026 Waste Services 2,102,843 2,185,201 3,021,845 3.77% 82,358 78,938

The underspend is in numerous accounts associated with things like lower amounts paid towards water reimbursements to properties external to the Busselton Transfer Station, as well as contractors to process Greenwaste, and the overall use of contractors at the Dunsborough waste facility for the month.

The Catalyse Community Scorecard invoice will be paid later in the financial year. The You Choose Community Grant Program budget of \$100K was added to the Stakeholder Relations budget in February 2024 and these funds will be expended once grant agreements have been signed following Council's decision in March 2024. It is anticipated that current portfolio commitments will result in the Stakeholder Relations budget being fully expended by the end of the financial year.

| Corporate Strategy and Performance                                                                      |                     | 760,800 | 881,099 | 1,383,915 | 13.65% | 120,299 | 115,863 |  |  |  |

| This is due to delayed timing of marketing and promotions for Saltwater, based on new opening dates for the venue. |             |                        |           |           |           |        |           |         |  |
|                                                                                                                    | 1004        | Events                 | 976,045   | 1,048,265 | 1,394,788 | 6.89%  | 72,220    | 81,316  |  |

The budget variance in events is due to the timing of funding rounds and payment of milestone invoices. It is expected that all Events budget will be expended by end of FY. There are still two rounds of grant funding to be run and paid from Marketing & Promotions, so the expenditure of that will be determined by the applications received.

Further expenditure will occur in the next few months, timing variance only 15088 Busselton Depot Building Furniture & Equipment (C) (2,600)10,813 10,813 124.05% 13,413

This is a timing issue as the purchase of furniture is linked to the refurbishment of the training room. Furniture purchases will commence shortly.

| 10      | Infrastructure | 8,328,964 | 16,122,580 | 22,293,892 | 48.34% | 7,793,617 | (270,234) |
|---------|----------------|-----------|------------|------------|--------|-----------|-----------|
| Various | Roads          | 5,264,374 | 8,098,295  | 10,141,354 | 34.99% | 2,833,922 | (389,469) |

The budget spread for the majority of projects in this item is even across the financial year and based on the construction schedule there are some budget timing variances within this item.

The YTD Variance includes the following projects:

- Jalbarragup Road New Shoulders (15085) and Reseal (14853) \$1,014,856 Construction in progress
- Bussell Highway (11199) \$714,686 Construction in progress
- Strelly Street Rehabilitation SLK 0.05 to 1.2 (14851) \$438,864 Construction to commence late April
- Peron Avenue Asphalt Overlay (14856) \$306,900 Construction in progress

| - 1 | Various | Car Parks | 403,401 | 633,288 | 713,123 | 36.30% | 229,888 | 9,687 |

The budget timing reflects an even spread of expenditure across the financial year, with the exception of Carpark Hotel Site 2, which has the budget spread over July and August. Based on the construction schedule there are some budget timing variances within this item. The YTD Variance includes the following projects:

- Forrest Beach Horse Float Carparking Area (14872) \$135,536 Indigenous heritage consultation with Karri Karrak in progress. Project likely to require relisting into 2024/25 Budget
- Carpark Hotel Site 2 (14815) \$77K project complete and commitments being finalised

Budget timing for most projects within this item reflect an even spread of expenditure across the financial year. Many projects within this item are currently progressing well:

Below project has not commenced due to project delays

- \$880k Dunsborough Lakes Sporting Precinct (Stage 1)
- \$500k Performing Arts Centre landscaping.
- \$30K Possum Park Barnard East Upgrade
- \$90K underspend Provence SAR Area General Improvements
- \$100K Mitchell Park Landscape Upgrade

There are a number of smaller projects totalling a combined \$1.3 million that are likely to be either carried over or delivered in June 24 due to contractor, equipment and material delays.

| Budget timin | Budget timing does not reflect construction schedule for projects within this item, which sees projects delivered largely in the 3rd and 4th quarters. |         |         |           |        |         |           |  |  |  |
| Various      | Regional Airport and Industrial Park                                                                                                                   | 318,244 | 778,848 | 1,288,278 | 59.14% | 460,604 | (91,164)  |  |  |  |

This category is made up of various projects including the Airfield construction, RFDS, Apron lighting, Apron CCTV, GA reseal of which a number have now been awarded, however works have either only just or are yet to commence due to contractor availability.

| 11 | Proceeds from Sale of Assets | 418,440 | 614,800 | 863,800 | (31.94%) | (196,360) | (142,680) |
|----|------------------------------|---------|---------|---------|----------|-----------|-----------|

Due to the delayed delivery of new, replacement items, the disposal of the existing Fleet and Plant could not occur earlier. Consequently, the under YTD revenue was attributed to the disposal of some Light Vehicles and plant assets only commencing in February 2024. Although revenue from the proceeds of sale is expected to come closer to the budgeted revenue over the coming months, it is not expected to meet the end of year total forecast amount.

| Amounts Attributable to Financing Activities | (12,057,188) | 16,121,261 | 30,810,127 | (174.79%) | (28,178,449) | (14,592,002) |
|----------------------------------------------|--------------|------------|------------|-----------|--------------|--------------|
| 12 Proceeds from New Loans                   | -            | 2.000.000  | 2,000,000  | (100.00%) | (2.000.000)  |              |

Planning and negotiations for the strategic purchases of land have been delayed, therefore the requirements to apply for and draw down on loan facilities has not been required to date. Also, there have been no aplications for self supporting loans from community groups.

| 13           | Advances to Community Groups                                | -            | (250,000)   | (250,000)   | 100.00%   | 250,000      | -           |
|--------------|-------------------------------------------------------------|--------------|-------------|-------------|-----------|--------------|-------------|
| No applicati | ions for loan funding have been received from community gro | ups to date. |             |             |           |              |             |
| 14           | Transfer to Restricted Assets                               | (19,956,566) | (8,961,738) | (9,200,455) | (122.69%) | (10,994,828) | (1,399,032) |

At the time of budgeting it is not possible to predict what grants, contributions or developer bonds will be received, and in what timeframe, nor when they will be spent and hence potentially transferred to Restricted Assets (or unspent portions thereof).

Transfers to restricted assets are offset by the incoming receipt, be it a grant, contribution, subsidy or even loan proceeds, so the net impact on the Net Current Position is always nil (once full reconciliation has occurred at year end).

It should be noted that per Council budget amendment resolution, \$8.7M has been moved from reserves to restricted funds in relation to historical developer contributions for community facilities that have not yet been utilised (not recognised in revenue), so could not be included in reserves. The remaining \$11.3M YTD transfers relates to \$2.9M of new developer contributions, \$5.4M in various government grants that were restricted, as well as \$1.3M in Roadwork Bonds, \$517K in BJTP deposits, and \$1.2M in various other deposits and bonds.

| 15 | Transfer from Reserves | 30,148,150 | 43,652,379 | 60,020,498 | (30.94%) | (13,504,229) | (12,194,809) | ı |
|----|------------------------|------------|------------|------------|----------|--------------|--------------|---|
|    |                        |            |            |            |          |              |              | 4 |

Although the budget for reserve transfers in the second half of the year has been somewhat shaped to align with predicted completion of some major projects, actual final reconciliation of project spends and the associated reserve transfers are not actually conducted until the end of the financial year.

|                           | Capital Acquisition/ Construction For Period Ended 31 March 2024                                                                             |                       |                                     |                                      |                              |                               |
