#### **EXECUTIVE SUMMARY**

This report provides details of payments made from the City's bank accounts for the month of March 2024 for noting by the Council and recording in the Council Minutes.

#### STRATEGIC CONTEXT

Provision of the list of payments, while a statutory requirement, also supports open and accountable governance.

#### **BACKGROUND**

The Local Government (Financial Management) Regulations 1996 (the Regulations) requires that, when the Council has delegated authority to the CEO to make payments from the City's bank accounts, a list of payments made is prepared each month for presentation to, and noting by, the Council.

#### **OFFICER COMMENT**

In accordance with regular custom, the list of payments made for the month of March 2024 is presented for information.

As March is the last month of the third quarter of the 2023/24 financial year, a summary report of all payments grouped by industry and region has been attached for information purposes.

Where possible the City attempts to procure locally however market-based factors may mean this is not always possible or cost effective. These factors include the availability of local suppliers, the capability of the local suppliers for providing the goods or services, and the value for money proposition of local suppliers. For example, some specialised services require expertise which cannot be found in the City of Busselton.

Further, it is important to recognise that the data is defined by postcode of the relevant business supplying to the City. This means that businesses which have provided postcodes outside of Busselton, for example Coles and Bunnings, do not register as local procurement in the data even though they have stores in the district that employ locals. Similarly on large contracts there may be subcontracting to local suppliers which again may not be seen as local procurement in the data. The same would apply to the Southwest data also.

#### **Statutory Environment**

Section 6.10 of the *Local Government Act 1995* (the Act), and more specifically Regulation 13 of the Regulations, refer to the requirement for a listing of payments made each month to be presented to the Council.

#### **Relevant Plans and Policies**

Not applicable.

#### **Financial Implications**

Not applicable.

#### **External Stakeholder Consultation**

Not applicable.

#### **Risk Assessment**

An assessment of the potential implications of implementing the officer recommendation has been undertaken using the City's risk management framework, with risks assessed taking into account any controls already in place. No risks of a medium or greater level have been identified.

#### **Options**

Not applicable.

#### **CONCLUSION**

The list of payments made for the month of March 2024 is presented for information.

#### **OFFICER RECOMMENDATION**

That the Council receives the statutory monthly financial report for the period ending 31 March 2024, pursuant to Regulation 34(4) of the *Local Government (Financial Management) Regulations 1996*.

#### **EXECUTIVE SUMMARY**

Pursuant to Section 6.4 of the *Local Government Act 1995* (the Act) and Regulation 34(4) of the *Local Government (Financial Management) Regulations 1996* (the Regulations), a local government is to prepare, on a monthly basis, a monthly financial report that reports on the City's Statement of Financial Activity, Statement of Financial Position, and its performance in relation to its adopted / amended budget.

This report has been compiled to fulfil the statutory reporting requirements of the Act and associated Regulations, whilst also providing the Council with an overview of the City's financial performance on a year-to-date basis, for the period ending 31 March 2024.

#### STRATEGIC CONTEXT

Provision of the monthly financial report, while a statutory requirement, also supports open and accountable governance.

#### **BACKGROUND**

The Regulations detail the form and manner in which the monthly financial report is to be presented to the Council, and is to include the following:

- Annual budget estimates;
- Budget estimates to the end of the month in which the statement relates;
- Actual amounts of revenue and expenditure to the end of the month in which the statement relates;
- Material variances between budget estimates and actual revenue/expenditure (including an explanation of any material variances);
- The net current assets at the end of the month to which the statement relates (including an explanation of the composition of the net current position); and
- Statement of Financial Position

Additionally, and pursuant to Regulation 34(5) of the Regulations, a local government is required to adopt a material variance reporting threshold in each financial year.

At its meeting on 26 July 2023, the Council adopted (C2305/57) the following material variance reporting thresholds for the 2023/24 financial year:

That pursuant to Regulation 34(5) of the Local Government (Financial Management) Regulations, the Council adopts a material variance reporting threshold with respect to financial activity statement reporting for the 2023/24 financial year as follows:

- Variances equal to or greater than 10% of the year-to-date budget amount as detailed in the Income Statement by Nature and Type/Statement of Financial Activity report, however variances due to timing differences and/or seasonal adjustments are to be reported only if not to do so would present an incomplete picture of the financial performance for a particular period; and
- Reporting of variances only applies for amounts greater than \$50,000.

#### **OFFICER COMMENT**

To fulfil statutory reporting requirements and to provide the Council with a synopsis of the City's overall financial performance on a year-to-date basis, the following financial reports are attached hereto (Attachment 1):

#### **Statement of Financial Activity**

This report provides details of the City's operating revenues and expenditures on a year-to-date basis, by nature (i.e. description). The report has been further extrapolated to include details of non-cash adjustments and capital revenues and expenditures, to identify the City's net current position; which reconciles with that reflected in the associated Net Current Position report.

#### Statement of Financial Position

A statement of financial position is a financial statement that summarises the reporting entities assets (what it owns), liabilities (what it owes), and equity (assets less liabilities) on a particular date.

#### Basis of Preparation Note (Note 1)

Explains the regulatory framework upon which the financial statements have been prepared.

#### Statement of Financial Activity Note (Note 2)

Explains the non-cash items that have been excluded from the calculation of the Net Current Position in the Statement of Financial Activity.

#### **Explanation of Material Variances Note (Note 3)**

Provides a breakdown by directorate and cost centre of each of the variances on the face of the Statement of Financial Activity that meet the Council's adopted material variance threshold for 2023/24.

#### **Net Current Position Summary Report**

This report provides details of the composition of the net current asset position on a year-to-date basis and reconciles with the net current position as per the Statement of Financial Activity.

#### Capital Acquisition & Construction Report

This report provides full year budget performance (by line item) in respect of the following capital expenditure activities:

- Land and Buildings
- Plant and Equipment
- Furniture and Equipment
- Infrastructure

This report outlines the actual and budgeted movement from the start of the financial year to date, that result in the balances listed in the Statement of Financial Position for Property, Plant & Equipment.

#### **Reserve Movements Report**

This report provides summary details of transfers to and from reserve funds, and associated interest earnings on reserve funds, on a full year basis.

Additional reports and/or charts can be provided as required to further supplement the information comprised within the statutory financial reports.

#### **Net Current Position Chart**

Tracks the net Current Position over the year in comparison to previous 4 years.

#### **Comments on Financial Activity to 31 March 2024**

The Statement of Financial Activity (FAS) for the year to date (YTD) shows an overall Net Current Position (NCP) of \$11M as opposed to the YTD budget of \$4.2K. The following table summarises the major YTD variances that appear on the face of the FAS, which, in accordance with Council's adopted material variance reporting threshold, collectively make up the above difference.

Each numbered item in this lead table is explained further in note 3 of the attached Monthly Financial Report.

#### **Investment Report**

Pursuant to the Council's Investment Policy, a report is to be provided to the Council monthly, detailing the investment portfolio in terms of performance and counterparty percentage exposure of total portfolio. The report (see attached) is also to provide details of investment income earned against budget, whilst confirming compliance of the portfolio with legislative and policy.

A brief summary of the details contained in the report are as follows:

As at the 31 March the value of the City's invested funds stayed steady at \$120M January 2024.

The 11am account balance also remained the same at \$10.0M.

During the month of March, five term deposits matured. All were re-invested for a further 300 days at 4.96% on average.

The official cash rate remained steady during the month of March 2024 at 4.35%. Timing of further movements of the cash rate are currently uncertain, although it is expected to stay steady in the short term and then begin to drop later in the year.

#### **Borrowings Update**

During the month no new loans were drawn, with \$882K of principal and \$387K of interest paid on existing loans. The attached Loan Schedule outlines the status of all existing loans YTD.

#### **Chief Executive Officer – Corporate Credit Card**

Details of transactions made on the Chief Executive Officer's corporate credit card during March 2024 are provided below to ensure there is appropriate oversight and awareness.

CITY OF BUSSELTON
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
For the period ended 31st March 2024

#### Note 1 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

#### **BASIS OF PREPARATION**

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

#### Local Government Act 1995 requirements

Section 6.4(2) of the Local Government Act 1995 read with the Local Government (Financial Management) Regulations 1996, prescribe that the financial report be prepared in accordance with the Local Government Act 1995 and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The Local Government (Financial Management) Regulations 1996 specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the City to measure any vested improvements at zero cost.

Local Government (Financial Management) Regulations 1996, regulation 34 prescribes contents of the financial report. Supporting information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

#### THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the City controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

#### Judgements and estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- impairment of financial assets
- estimation of fair values of land and buildings, infrastructure and investment property
- estimation uncertainties made in relation to lease accounting
- estimated useful life of intangible assets

#### SIGNIFICANT ACCOUNTING POLICES

Significant accounting policies utilised in the preparation of these statements are as described within the 2023-24 Annual Budget. Please refer to the adopted budget document for details of these policies.

#### CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. Unless otherwise stated assets or liabilities are classified as current if expected to be settled within the next 12 months, being the Council's operational cycle.
