# **OFFICER RECOMMENDATION**

That the Council endorses the Fees and Charges as detailed in the "Schedule of Fees and Charges - 2024/25" as per Attachment 1 – Draft Schedule of Fees and Charges – 2024/25, effective from and including 1 July 2024.

#### **EXECUTIVE SUMMARY**

The item has been republished since its original publication in the agenda for the 1 May 2024 Finance Committee meeting with the updated attachment for fees and charges after an administrative error was identified.

In accordance with *Regulation 5(2) of the Local Government (Financial Management) Regulations* 1996, a local government is to undertake a review of its fees and charges regularly, and not less than once in every financial year. This report provides Council with a recommended Schedule of Fees and Charges to apply for the financial year commencing on 1 July 2024.

#### **BACKGROUND**

Each year, the City sets its fees and charges with the view of implementing any changes as of 1 July in any given year. City officers have reviewed each section of the fees and charges and have highlighted any areas of change, or reasons why no changes have occurred in comparison to the existing adopted listing.

As part of the annual review of the fees and charges, officers consider matters including the statutory and local environments. Local factors may include the cost to provide a service, market conditions and needs of the community. These inform the recommendations made to the Council.

When Council adopts an annual budget, it may also set its fees and charges that will be imposed during a financial year. In order for the 2024/25 schedule of fees and charges to be effective from the commencement of the new financial year, the Council is required to adopt its schedule in advance of 30 June 2024, such that any statutory public notice periods (including gazettal's where required) can be complied with.

#### **OFFICER COMMENT**

The 2024/25 Draft Schedule of Fees and Charges has been guided by a 3.50% general escalation over currently adopted fees and charges. Notwithstanding this, in some limited instances, this principle is not appropriate, with other factors also requiring consideration. The following provides an overview, by Directorate, of noteworthy instances where an increase has not been applied, whilst also discussing, where relevant, newly proposed fees and charges or fees that have been increased by more than the general guidance.

# **Community Planning Directorate**

# **Health Related Fees**

A new fee "Roaming Livestock Attendance Fee" has been introduced in the amount of \$360. On occasion, Rangers staff are called out to assist relocate and/or rehome stock that are roaming off the owners property. As an impound may not occur, a fee could not previously be charged to recoup the expense. This fee will allow for such events.

#### **Holiday Homes**

The legislative arena for Holiday Homes is currently in a state of change. A decision needs to be made as to whether the City immediately removes these fees considering STRA or leave them in place, however a sub-clause has been inserted to allow a pro-rata fee (eg a six-month fee) at the discretion of the CEO.

# Ranger & Fire Services – Miscellaneous

A fee for the Beach gate key deposit (refundable) bond in the amount of \$100 is being introduced. This is in alignment with other Key Bonds generally charged.

#### **Cemeteries**

#### Pre-purchased Grant of Right of Burial - 25 years

In 2023-24, this fee was \$2,330. Officers recommend that this is reduced to \$2,200 to more closely align it with the fee for a normal 'Grant of Right of Burial - 25 years' which is \$2,110.

# Vault Grant of Right of Burial

For simplicity, officers recommend that this fee is removed. Should a vault burial be required, the 'Grant of Right of Burial - 25 years' fee will be charged.

### Vault Interment Fee (each)

For simplicity, officers recommend that this fee is removed. Should a vault burial be required, the 'Standard Burial' fee will be charged.

# Vault maintenance fee (annual)

For simplicity, officers recommend that this fee is removed. There are no 'vaults' in City cemeteries so there is no maintenance required.

# <u>Rose Garden - Double Placement, Native Garden - Double Placement, Contemplation Garden - Double Placement</u>

These fees are for very similar activities, and the amount is currently the same for all. For simplicity, officers recommend replacing all 3 fees with one – 'Garden - Double Placement'.

# **Busselton Jetty Tourist Park**

### **Outdoor Court Hire Levies**

# **Statutory Environment**

Sections 6.16 to 6.19 of the *Local Government Act 1995* (the Act) refer to the imposition, setting the level of, and associated administrative matters pertaining to fees and charges. The requirement to review fees and charges on an annual basis is detailed within *Regulation 5 of the Local Government (Financial Management) Regulations 1996*.

Section 6.16 of the Act states that a local government may impose and recover a fee or charge for any goods or services it provides or proposes to provide, other than a service for which a service charge is imposed.

Section 6.17 of the Act further states that in determining the amount of a fee or charge for goods and services, a local government is to take into consideration the following factors:

- a) The cost to the local government of providing the service or goods;
- b) The importance of the service or goods to the community; and
- c) The price at which the service or goods could be provided by an alternative provider.

Section 6.18 of the Act clarifies that, if the amount of any fee or charge is determined under another written law, then a local government may not charge a fee that is inconsistent with that law.

### **Relevant Plans and Policies**

There are no relevant plans or policies to consider in relation to this matter, other than the Long Term Financial Plan.

# **Financial Implications**

Whilst revenue from fees and charges includes items that the Council has no authority to amend (statutory charges set by external bodies), it is important that, where possible, controllable fees and charges are appropriately indexed on an annual basis, to assist in offsetting the increasing costs of providing associated services. This may include increases beyond normal indexation in particular cases, in line with section 6.17 of the Act. The 2024/25 Draft Schedule of Fees and Charges has been guided by a 3.50% general escalation over currently adopted fees and charges.

# **External Stakeholder Consultation**

Business Unit Managers are responsible for reviewing fees and charges associated with activities under their control. As part of the review process, consultation may occur with other local government authorities, in addition to a review of prices offered by alternate service providers (pursuant to section 6.17 of the Act).

#### **Risk Assessment**

An assessment of the potential implications of implementing the officer recommendation has been undertaken using the City's risk management framework, with risks assessed considering any controls already in place. No risks of a medium or greater level have been identified.

#### **Options**

Council may recommend amendments to the Draft Schedule of Fees and Charges as it deems appropriate.

# CONCLUSION

As part of the annual review of fees and charges, the currently adopted fees and charges have been reviewed in line with the requirements of the Act and other relevant legislation as applicable. Consequently, it is recommended that Council endorses the Draft Schedule of Fees and Charges for 2024/25 as proposed.

#### TIMELINE FOR IMPLEMENTATION OF OFFICER RECOMMENDATION

Consequent to adoption by the Council, the Schedule of Fees and Charges for 2024/25 will become effective from and including 1 July 2024.

### **EXECUTIVE SUMMARY**

This report seeks Council approval of budget amendments for items within the Community Planning directorate as detailed in this report. Adoption of the officer recommendations.

#### STRATEGIC CONTEXT

The nature of this request for capital funds is in line with Key Theme 2 of the City's Strategic Community Plan – Lifestyle, 2.12 to provide well maintained community assets through asset management practices and 2.3 well planned sport and recreation facilities to support healthy and active lifestyles.

### **BACKGROUND**

In accordance with section 6.8(1) of the *Local Government Act 1995*, a local government is not to incur expenditure from its Municipal fund for an additional purpose except where the expenditure:

- is incurred in a financial year before the adoption of the annual budget by the local government; and
- is authorised in advance by Council resolution absolute majority required; or
- Is authorised in advance by the Mayor in an emergency.

Approval is therefore sought for the budget amendment as outlined in the officer comment below.

#### **OFFICER COMMENT**

Council adopted its 2023/2024 Municipal budget on 26<sup>th</sup> July 2023 with a budget surplus position. Since then, officers have identified budgets that require adjustment within the Community Planning Directorate. It is good management practice to revise the adopted budget when it is known that circumstances have changed. In keeping with this practice, budgets are reviewed on a regular basis.

Amendments to the budget are categorised into the three key types as listed below:

- 1. Adjustments impacting the budget balance or net position of the City; relatively uncommon type.
- 2. Adjustments with no impact on the budget balance; most common amendment type.
- 3. Adjustments to transfer budget between capital and operating undertakings; relatively uncommon type.

All items included in this amendment are of the type 2 and are explained in detail below.

### Item 1: New Capital Project Leisure Centres Spin Bikes

The Council's approval is sought to allocate budget from the Furniture and Equipment Reserves to fund a new capital project, Leisure Centres Spin Bikes (C), for the procurement of Indoor Spin bikes for the Geographe Leisure Centre (GLC) and Naturaliste Community Centre (NCC).

The existing spin bikes have served the community for 12 years, surpassing the expected and recommended lifespan of 6 years, dependent on quality, frequency of use and maintenance. However, the breakdowns and general wear and tear are impacting customers overall experience and satisfaction. Recent service reports advised that our spin bikes are exhibiting severe signs of mechanical fatigue and are subsequently more prone to frequent breakdowns and the resulting sourcing of parts and regular service agents.

The benefits of purchasing new spin bikes, will address current issues to provide customer satisfaction and provide Leisure Centres with an important advancement in our technological capabilities, as a Smart Bike with digital displays, virtual classes capability and compatibility with personal fitness applications, as well as improved comfort, safety, ease of maintenance and alignment with our current gym equipment technology.

The replacement of 46 spin bikes and virtual technology for both centres, will require approximately \$180,000 in funds. Officers believe the long-term benefits of improved member satisfaction by further elevating their fitness experience, safety and potential revenue generation of attracting new members, far outweighs the cost. This investment aligns with our commitment to provide well maintained community assets through our asset management practices.

A Request for Tender (RFT) is currently in progress, inviting bids for the supply of Spin Bikes and virtual technology.

If adopted by Council, this project spend is likely to occur in May/June 2024.

#### **Statutory Environment**

Section 6.8 of the *Local Government Act 1995* refers to expenditure from the Municipal fund that is not included in the annual budget. In the context of this report, where no budget allocation exists, expenditure is not to be incurred until such time as it is authorised in advance, by an absolute majority decision of the Council.

### **External Stakeholder Consultation**

No specific external stakeholder consultation was undertaken in relation to this matter; however, members have expressed their concerns about the condition of bikes and issues with seats, worn pedals and less effective resistance mechanisms, that are impacting the overall comfort and enjoyment of their cycling experience.

#### **Risk Assessment**

An assessment of the potential implications of implementing the officer recommendation has been undertaken using the City's risk management framework, with risks assessed taking into account any controls already in place. Not implementing the officer recommendation carries reputational, financial and operational risk because the equipment has exceeded the expected and recommended lifespan and is prone to frequent breakdowns, impacting customers' ability to attend classes and overall experience and satisfaction.

#### **Options**

As an alternative to the proposed recommendation the Council could decide not to proceed with the proposed budget request.

#### **CONCLUSION**

Council's approval is sought to amend the budget as per the details contained in this report.
