Bushfire Risk Reduction Notice 2025-2026

Your property falls under:

Category 3

All lots 5ha (50,000m²) or greater

Property Maintenance Period

1 December 2025 - 30 April 2026

Most land in the City of Busselton whether in a built up or rural area, is considered Bushfire Prone. There is a legal requirement to comply with the Bushfire Risk Reduction Notice requirements applicable to your property size.

This complimentary Green Waste Pass entitles the ratepayer to disposal of one load (1 cubic metre or standard 6x4 trailer) of Green Waste at either the Busselton or Dunsborough Waste Facility. **Expires 1 April 2026. Copies not accepted.**

Use this complimentary **Green Waste Pass** to assist in reducing fire risk on your property.

Green Waste FREE PASS

CATEGORY

3

All lots 5ha (50,000m²) or greater

For all lots

Maintain grasses and weeds

Under 10cm if not actively farmed or grazed.

Firebreaks

Firebreak to be installed as close as practicable within 100m of all property boundaries. Where grasses are maintained under 10cm the firebreak should be 2m in width. Where grasses are over 10cm the firebreak should be 3m in width.

If property is over 120ha an additional firebreak is required separating land parcels.

For properties with habitable buildings*

Turnaround area

If the building is further than 50m from the road

and there is only one access in and out, then a turn around area is to be installed and maintained within 20m of the habitable buildings.

The turn around area can be any material, (grass, dirt, gravel etc.), if it is able to support the weight of a fire truck. This area should have the same vegetation set backs as the driveway/accessway.

* *Habitable buildings are structures people live or work in.*

If there is a Current Bushfire Management Plan that applies to your property you are required to also ensure that the requirements of that plan are implemented in addition to your responsibilities under this notice.

Driveways/Accessways

If the building is further than 20m from the road then a driveway/accessway must:

- Have a 3m wide firm and stable surface that can support a fire vehicle
- Have a 4m vertical clearance.
- Each side of the driveway should have as minimal vegetation within half a metre each side for as far as practically possible to allow for working space for fire crews.

House gutters to be kept clear of materials.

Flammable material to be managed or moved 5m from buildings.

Vegetation within 20m of buildings to be actively maintained and/or reticulated.

Trees within 2m of buildings to have branches pruned away from building. Any branches overhanging must be at least 5m higher than the roof.

Landowners/occupiers who would like an early inspection by appointment, for reasons including dangerous animals, biosecurity, locked gates, or for an explanation on requirements of this notice, should contact Rangers by **1 October 2025**.

To book an inspection by appointment or **apply for a variation** to the requirements for your property please submit a written application by **1 October 2025**.

This complimentary Green Waste Pass entitles the ratepayer to disposal of one load (1 cubic metre or standard 6x4 trailer) of Green Waste at either the Busselton or Dunsborough Waste Facility. **Expires 1 April 2026. Copies not accepted.**
