

AMENDING A DEVELOPMENT APPROVAL How-to Guide

This How-to Guide is designed to assist customers in the lodgement of an application to amend or cancel a development (planning) approval by providing clear, step-by-step instructions.

What is an amendment to a development approval?

In accordance with cl 77 of *Planning and Development (Local Planning Schemes) Regulations 2015*, an owner of land in respect of which development approval has been granted by the local government may make an application to the local government requesting the local government to do any or all of the following:

- (a) *to amend the approval so as to extend the period within which any development approved must be substantially commenced;*
- (b) *to amend or delete any condition to which the approval is subject;*
- (c) *to amend an aspect of the development approved which, if amended, would not substantially change the development approved;*
- (d) *to cancel the approval.*

Can the local government waive the requirement for a formal amendment to an approval?

Yes. In accordance with the *Planning and Development (Local Planning Schemes) Regulations 2015*, the local government may waive the requirement to lodge a formal application to amend a development approval, if the local government is satisfied that the proposed changes relate to a minor amendment to the development approval.

What is the process if the proposed changes relate to a minor amendment?

If you consider that the changes to the development approval relate to a minor amendment, please email a clear outline of the proposed amendments along with accompanying plans that highlight the changes to city@busselton.wa.gov.au.

The Planning team will review your request to determine whether the proposed changes can be considered a minor amendment. You will be advised if the local government is prepared to waive the need for a formal application to amend the approval or if a formal application will be required.
