

**Annual General Meeting of Electors
31 January 2022
Question Submission Form**

Members of the public can ask a question about any issue relating to the business of the City. Early submission of questions using this form, particularly complex questions, allows the City time to research and prepare a response. Electors must be present at the meeting to ask their question. If an Elector is not present to ask their question, it will be responded to administratively.

The Presiding Member may nominate an Officer to answer the question or determine that any complex question requiring research be taken on notice and answered in writing.
