EXECUTIVE SUMMARY

This report provides details of payments made from the City's bank accounts for the month of February 2022, for noting by the Council and recording in the Council Minutes.

BACKGROUND

The *Local Government (Financial Management) Regulations 1996* (the Regulations) requires that, when the Council has delegated authority to the Chief Executive Officer to make payments from the City's bank accounts, a list of payments made is prepared each month for presentation to, and noting by, the Council.

OFFICER COMMENT

In accordance with regular custom, the list of payments made for the month of February 2022 is presented for information.

Statutory Environment

Section 6.10 of the *Local Government Act 1995* and more specifically Regulation 13 of the Regulations refer to the requirement for a listing of payments made each month to be presented to the Council.

Relevant Plans and Policies

There are no relevant plans or policies to consider in relation to this matter.

Financial Implications

There are no financial implications associated with the officer recommendation.

Stakeholder Consultation

No external stakeholder consultation was required or undertaken in relation to this matter.

Risk Assessment

An assessment of the potential implications of implementing the officer recommendation has been undertaken using the City's risk management framework, with risks assessed taking into account any controls already in place. No risks of a medium or greater level have been identified.

Options

Not applicable.

CONCLUSION

The list of payments made for the month of February 2022 is presented for information.

That the Council receives the statutory financial activity statement reports for the period ending 28 February 2022, pursuant to Regulation 34(4) of the *Local Government (Financial Management) Regulations 1996*.

CARRIED 5/0

OFFICER RECOMMENDATION

That the Council receives the statutory financial activity statement reports for the period ending 28 February 2022, pursuant to Regulation 34(4) of the *Local Government (Financial Management) Regulations 1996*.

EXECUTIVE SUMMARY

Pursuant to Section 6.4 of the *Local Government Act 1995* (the Act) and Regulation 34(4) of the *Local Government (Financial Management) Regulations 1996* (the Regulations), a local government is to prepare, on a monthly basis, a statement of financial activity that reports on the City's financial performance in relation to its adopted / amended budget.

This report has been compiled to fulfil the statutory reporting requirements of the Act and associated Regulations, whilst also providing the Council with an overview of the City's financial performance on a year to date basis, for the period ending 28 February 2022.

BACKGROUND

The Regulations detail the form and manner in which financial activity statements are to be presented to the Council on a monthly basis, and are to include the following:

- Annual budget estimates
- Budget estimates to the end of the month in which the statement relates
- Actual amounts of revenue and expenditure to the end of the month in which the statement relates
- Material variances between budget estimates and actual revenue/expenditure (including an explanation of any material variances)
- The net current assets at the end of the month to which the statement relates (including an explanation of the composition of the net current position)

Additionally, and pursuant to Regulation 34(5) of the Regulations, a local government is required to adopt a material variance reporting threshold in each financial year. At its meeting on 26 July 2021, the Council adopted (C2107/140) the following material variance reporting threshold for the 2021/22 financial year:

That pursuant to Regulation 34(5) of the Local Government (Financial Management) Regulations, the Council adopts a material variance reporting threshold with respect to financial activity statement reporting for the 2020/21 financial year as follows:

- *Variances equal to or greater than 10% of the year to date budget amount as detailed in the Income Statement by Nature and Type/Statement of Financial Activity report, however variances due to timing differences and/or seasonal adjustments are to be reported only if not to do so would present an incomplete picture of the financial performance for a particular period; and*
- *Reporting of variances only applies for amounts greater than \$25,000.*

OFFICER COMMENT

In order to fulfil statutory reporting requirements and to provide the Council with a synopsis of the City's overall financial performance on a year to date basis, the following financial reports are attached hereto:

Statement of Financial Activity

This report provides details of the City's operating revenues and expenditures on a year to date basis, by nature and type (i.e. description). The report has been further extrapolated to include details of non-cash adjustments and capital revenues and expenditures, to identify the City's net current position; which reconciles with that reflected in the associated Net Current Position report.

Net Current Position

This report provides details of the composition of the net current asset position on a full year basis, and reconciles with the net current position as per the Statement of Financial Activity.

Capital Acquisition Report

This report provides full year budget performance (by line item) in respect of the following capital expenditure activities:

- Land and Buildings
- Plant and Equipment
- Furniture and Equipment
- Infrastructure

Reserve Movements Report

This report provides summary details of transfers to and from reserve funds, and associated interest earnings on reserve funds, on a full year basis.

Additional reports and/or charts can be provided as required to further supplement the information comprised within the statutory financial reports.

Comments on Financial Activity to 28 February 2022

The Statement of Financial Activity (FAS) for the year to date (YTD) shows an overall Net Current Position of \$14.5M as opposed to the budget of \$2.7M. This represents a positive variance of \$11.9M YTD.

The following table summarises the major YTD variances that appear on the face of the FAS, which, in accordance with Council's adopted material variance reporting threshold, collectively make up the above difference. Each numbered item in this lead table is explained further in the report.

Description	2021/22 Actual YTD \$	2021/22 Amended Budget YTD \$	2021/22 Amended Budget \$	2021/22 YTD Bud Variance %	2021/22 YTD Bud Variance \$	Change in Variance Current Month \$

Revenue from Ordinary Activities

In total, revenue from Ordinary Activities is very close to budget at only 1.28% ahead YTD. There is however a material variance item requiring comment.

1. Other Revenue

Ahead of YTD budget by \$279K, or 120.14%, mainly due to the items listed in the table below:

Revenue Code	Revenue Code Description	Actual YTD \$	Amended Budget YTD \$	Variance YTD \$	Variance YTD %	Change in Variance Current Month \$
<u>Finance & Corporate Services</u>		52,567	46,440	6,127	13.19%	(25,343)
10360	Customer Services – Sale of Number Plates	9,818	2,520	7,298	289.61%	(840)
This is not an area that is easy to predict based on historical trends. This financial year there has been a spike in people wishing to acquire personalised plates.						
<u>Planning and Development Services</u>		72,978	85,066	(12,088)	(14.21%)	(2,681)
10950	Animal Control – Prosecutions	15,529	22,868	(7,339)	(32.09%)	(2,244)
Difficult to predict, but may have been contributed to by improved public compliance coupled with a shift in focus away from prosecution toward education.						
10970	Parking Control – Parking Fines & Costs	22,147	26,774	(4,627)	(17.28%)	(1,155)
Difficult to predict, but may have been contributed to by improved public compliance coupled with a shift in focus away from prosecution toward education.						
<u>Engineering and Works Services</u>		384,097	97,641	286,456	293.38%	157,786
12642	NCC Standpipe – Sale of Water	25,396	9,073	16,323	179.90%	14,019
Sales are based on meter readings for water taken from the standpipe. Over summer there was considerably more volume taken than was originally budgeted.						
G0030 & G0031	Busselton & Dunsborough Transfer Station – Sale of Scrap Materials	357,070	88,568	268,502	303.16%	134,694
Prices received for scrap metal have been favourable – up to \$220/tonne received in July, \$255/tonne received in November, and \$265/tonne in January and February for major collections, compared to \$110-\$140/tonne during 2020.						

Expenses from Ordinary Activities

Expenditure from ordinary activities is \$4.1M, or 7.2%, less than expected when compared to the budget YTD as at February. The expense line items on the face of the financial statement that have a YTD variance that meet the material reporting threshold are outlined below.

2. Materials & Contracts

Less than YTD budget by \$1.35M. The main contributors to this variance are listed in the table below:

Cost Code	Cost Code Description	Actual YTD \$	Amended Budget YTD \$	Variance YTD \$	Variance YTD %	Change in Variance Current Month \$
<i>Finance and Corporate Services</i>		1,126,656	1,488,419	361,763	24.3%	15,757
10151	Rates Administration	142,906	185,425	42,519	22.9%	11,317
Variation between YTD actual and budget is mainly due to: <ul style="list-style-type: none"> Postage \$19.3K under budget due to instalment notice postage invoice having not been processed plus cost savings by using a new printing service for final and reminder notices Bank charges \$32.5K under budget as the charges have come a lot less than expected. Legal expenses \$20.2K over budget due to a substantial increase in debt recovery proceedings. This expenditure is fully recovered from the property owner/s. Consultancy \$9K under budget due to the rating review project that this budget is for only just now commencing. There will be under underspend in this area offset by a possible overspend in wages, as an internal resource has been seconded to the project to help defray external consulting costs. 						
10250	Information & Communication Technology Services	551,010	667,023	116,013	17.4%	39,126
Most of this budget relates to software licence renewals and subscriptions paid in advance. The monthly allocation of the annual budget was set based on an historical 4 year monthly cash payment trend. This will not necessarily align on a monthly basis with the new prepaid expenses allocation process that has been adopted to more accurately reflect proper accrual accounting practices, however it should resolve by year end. In the month of February there was also a relocation of bank charges from IT to Finance to incorrect postings associated with the new Securepay service.						
10360	Customer Service	9,269	23,874	14,605	61.2%	3,777
Most of the variance is due to a lower spend on stationery. Difficult to predict monthly spend due to orders being made on an 'as required' basis.						
10500	Legal and Compliance Services	55,563	82,096	26,533	32.3%	7,704
The variance YTD relates predominantly to the unspent budgeted amount for external legal services. It is not possible to predict when or to what extent legal services will be required at the time of setting the budget, therefore the annual allocation is spread evenly over the year.						
10510	Governance Support Services	18,377	75,697	57,320	75.7%	9,069
The underspend is mainly due to a number of software licenses for programs used in the Governance area not as yet being renewed. When paid, the cost for these will be spread over the term of the license, so timing differences to the budget (set based on historical cash trend), will persist.						

10616, 10617, & 10618	Aged Housing	44,527	112,338	67,811	60.4%	7,174
Works are carried out throughout the year and generally need to coincide with vacancies. Property inspections are to be undertaken at which time items requiring maintenance will be identified. Therefore timing of expenditure is dependent on the vacancies.						
R0288	Locke Estate	4,281	17,336	13,055	75.3%	2,167
Likely spend from remaining budget will be between \$4-8k depending on whether and when sites are leased.						
R0305	Creekview Road Reserve 12492 (Lot 501)	-	14,868	14,868	100.0%	296
Due to a controlled burn, certain activities such as targeted flora and fauna surveys have not been able to be conducted. Alternative animal monitoring and habitat surveys are now planned to be undertaken by the end of the financial year, however there still should be an overall underspend of approximately \$7K.						
<i>Community and Commercial Services</i>		1,110,305	1,910,458	800,153	41.9%	210,591
10380 & 10381	Busselton & Dunsborough Libraries	69,970	129,567	59,597	46.0%	(3,144)
The variances YTD mainly arise in relation to the cost of Computer Software Licences used at the libraries being spread over the period they relate to, rather than when the cash is outlaid, which is how the budget was allocated.						
10540	Recreation Administration	(155)	51,887	52,042	100.3%	214
YTD expenses are well below Budget figures as the Consultancy works for the Bovell Ovals Masterplan and Dunsborough Country Club Masterplan are only in the early stages. It is expected that the work should be completed by years end.						
10543	Community Development	926	100,075	99,149	99.1%	-
This relates to the Strengthening Communities program funded by Lotterywest. There were delays in the program development, and procurement has not yet taken place. It is anticipated that this program will be now be launched during February with bulk of expenditure to occur through March and April.						
10590	Naturaliste Community Centre	37,549	55,357	17,808	32.2%	(5,947)
The under spend here is as a result of Non-Capital Furniture & Office Equipment, Contractors and Licence Fees – this has been due to controlled spending and invoice timing. There was also an increased budget in F&OE this year is as result of grant monies received, which are planned to be expended by the end of the financial year.						
10600	Busselton Jetty Tourist Park	314,500	389,821	75,321	19.3%	2,119
The YTD variance is mainly due to the monthly payment of the Park Management Contract being one month in arrears. By end of financial year this expenditure catches up, as June will be accrued, however the budget timing does not reflect this.						
10625	Art Geo Administration	48,370	68,265	19,895	29.1%	354
The underspend at ArtGeo is offset in wages i.e. where staff have the skills to deliver the service we use them and not contractors as it achieves better outcomes. Also, some activities were postponed or deferred due to the relocation.						
10630	Economic and Business Development Administration	23,485	147,447	123,962	84.1%	51,594
The majority of the budgeted spend is allocated in Consultancy, and with ED team not resourced at this time, tasks involving the engagement of consultants have been deferred to later in the financial year.						
10900	Cultural Planning	4,580	22,112	17,532	79.3%	(1,071)
Awaiting confirmation of further grant monies before engagement of consultants.						

11151	Airport Operations	142,284	470,309	328,025	69.7%	17,231
YTD variances are mainly due to: <ul style="list-style-type: none"> Airport screening services – allocated monthly amounts have been delayed until flights start. Planned consultancy tasks not started. A number of contractor invoices having not been received. Underspend in Contract building cleaning costs & fire safety materials (due to delay in commencement of RPT services). 						
B1361	YCAB (Youth Precinct Foreshore)	33,787	51,899	18,112	34.9%	(860)
Purchase of planned minor equipment has been delayed, due to delay in construction of The Break. We also are experiencing a reduction in uptake of the Upskills Youth Program, due to COVID in the community, which has resulted in less expenditure than planned.						
Planning and Development Services		661,796	522,853	(138,943)	(26.6%)	(160,466)
10801	Sustainability	110,217	79,974	(30,243)	(37.8%)	(110,036)
Savings in capital projects in a related area will offset this negative variance. A budget amendment will be processed in the coming months to formally move these savings to align against this area.						
10805	Planning Administration	5,707	27,926	22,219	79.6%	3,478
Computer software license renewals have either not as yet been received, so no allocations for these costs have occurred, or those that have, have been spread over the term of the licence rather than all in one hit at time of payment.						
10820	Strategic Planning	41,792	104,990	63,198	60.2%	11,019
The variance YTD is essentially due to holistic Consultancy budget being allocated across the 12-month period. Strategic Planning is subject to competing demands and project prioritisation (also timing delays etc. due to consultancy periods, peak authority feedback or processes and lack of availability on occasion of specialised consultant assistance). Appointment of consultants or other anticipated strategic expenditures are always difficult to predict on that basis.						
10925	Preventative Services - CLAG	79,200	60,100	(19,100)	(31.8%)	-
The CLAG budget is fully reconciled with the Shire of Capel after the mosquito season each year. This will occur circa February and all changes made accordingly by the EOFY each year.						
10931	Protective Burning & Firebreaks-Reserves	212,437	42,535	(169,902)	(399.4%)	(27,232)
The YTD variance is in line with DFES Mitigation Activity Grant Funding of \$500,000 being received and spent over the 2021/22 FY. YTD Budget does not reflect the grant funding received.						
10935	Fire Fighting Council Component	27,047	-	(27,047)	(100.0%)	(27,047)
Fire Fighting Council Component is not something that is planned or budgeted for. Expenditure here represents cost that were incurred as part of the Council's contribution to the emergency response to the Dunsborough fires.						
10950	Animal Control	25,069	36,776	11,707	31.8%	(2,545)
The variance YTD relates to the timing of for the purchase of dog bags of dog bags (\$6k per delivery) – two more pallets and additional dispensers required prior to end of financial year.						
Various	Bushfire Brigades	61,219	26,813	(34,406)	(128.3%)	(8,682)
Funding is from DFES ESL Local Government Grant Scheme funding and is spent according to operational needs of the City's Bushfire Brigades and SES. Spending will be above historical levels due to a busier than average 2021/22 fire season.						

<u>Engineering and Works Services</u>		7,847,165	8,167,897	320,732	3.9%	43,698
10830	Environmental Management Administration	91,581	161,350	69,769	43.2%	101,287
<p>The underspend relates to a number of outstanding proposed consultancy items which will be delivered in the 4th quarter totalling \$65K. These include; dieback mapping, visitor access study, weed mapping. Further materials commitments in 3rd and 4th quarter of \$65K for street trees stakes, guards, bollards and fencing. Commitments for yearly maintenance works are awaiting to be completed and invoiced over the third and fourth quarter.</p>						
11170	Meelup Regional Park	73,496	166,858	93,362	56.0%	11,179
<p>The recreation reserve maintenance budget was spread evenly across the year and thus does not reflect seasonally impacted expenditure patterns. To this end, planning is underway for the noxious weed control program and works associated with the Healthy Countries Plan. \$63K in works have been committed representing works that are now underway or will commence shortly. Further expenditure is expected for works for post fire remedial action.</p>						
11160, 11161 & 11162	Busselton Jetty	22,892	11,714	(11,178)	(95.4%)	(663)
<p>In October a compressor and ducted heater was replaced in the UWO. \$23k of the annual budget totalling \$54k has now been outlaid. This variance is due to timing only. Hoping to claim some of these costs through an insurance claim.</p>						
12600	Street & Drain Cleaning	241,732	253,013	11,281	4.5%	(23,817)
<p>The budget was entered based on historical expenditure and service levels determined by that figure, patterns averaged over the previous three financial years. All of \$465k annual budget has been committed based on scheduled maintenance plans, thus the YTD variance is attributable to timing only.</p>						
12620 & 12621	Rural & Urban Tree Pruning	260,295	479,783	219,488	45.7%	(13,050)
<p>This year's rural tree pruning budget of \$352K includes \$153K carried over from the previous year. Rural tree pruning works are ordinarily completed in the first half of the year however storm damage clean-up took priority this year. Rural road verges to be pruned are prioritised based on factors including the period of time since last pruned, inspections, volume and types of traffic and many other considerations. Works will now be scheduled outside the fire season.</p>						
Various	Building Maintenance	1,050,708	923,435	(127,273)	(13.8%)	(31,912)
<p>The budget was entered based on historical expenditure patterns, however this is not reflective of the pattern of costs being incurred this financial year. In past years significant amounts of scheduled maintenance were carried out in the last quarter however this FY it has been evenly expended on a monthly basis YTD. The variance is therefore attributed to timing only.</p>						
Various	Waste Services	1,465,212	1,764,729	299,517	17.0%	63,737
<p>Majority variance of \$215K is associated with concrete crushing which is programmed for later in the financial year. \$41k of budget underspend is attributable to External Restoration Works associated with the Rendezvous Road remediation sites matter, while a further \$43K associated with green waste mulching that has not been invoiced/processed.</p>						
Various	Roads Maintenance	802,300	548,124	(254,176)	(46.4%)	(22,075)
<p>This budget was entered monthly based on historical expenditure patterns averaged out over the previous three financial years. To this end some of this variance is due to timing. \$75k of the variance is attributable to unbudgeted storm damage contractor clean-up costs associated with the City's road network. These costs are anticipated to moderate somewhat as a large majority of the City's Construction and Maintenance crews have switched primarily onto Capital works.</p>						

Various	Reserves, Parks & POS Maintenance	1,265,869	1,373,882	108,013	7.9%	(20,133)
<p>The underspend to budget YTD on City Parks and Reserves is linked to numerous Cost Codes including;</p> <ul style="list-style-type: none"> Dunsborough Lakes Sporting Precinct Ovals / Turf as project not yet handed over by Major Projects. -\$58k under budget YTD. Busselton Foreshore Skate Park. -\$32k under due to scheduled non-recurrent concrete maintenance repair not yet undertaken. Busselton Foreshore Area -\$17k under expended as scheduled works to increase after Easter and Events. 						
5280 (GL Activity)	Transport Fleet Management	1,214,717	1,154,853	(59,864)	(5.2%)	(19,991)
<p>Fuel is the most significant overspend (\$139k) to end of Feb due to escalating fuel prices and parts the largest underspend (\$39k) due to significant delays in receiving orders due to supply chain issues.</p>						
Various	Other Infrastructure Maintenance	1,386,852	1,528,404	141,552	9.3%	120,755
<p>A number of areas are underspent YTD including; Noxious Weeds & Pest Plants, Busselton CBD Maintenance, LED Street Light Replacement Program and Rural Intersection (Lighting) Compliance. These areas will see increased expenditure in the last quarter of the financial year. Foreshore Protection-Dunsborough/Quindalup and Foreshore Protection-Yallingup & Smith budgets are overspent by \$247k due to Yallingup beach access stairs that were damaged by winter storms and preventative sand renourishment activities in the Dunsborough region. Corresponding under expenditure is contained within the Capital budget.</p>						

3. Other Expenditure

\$1.95M, or 48.01%, under the budget YTD. The main contributing items are listed below:

Cost Code	Cost Code Description	Actual YTD \$	Amended Budget YTD \$	Variance YTD \$	Variance YTD %	Change in Variance Current Month \$
Executive Services		74,992	55,336	(19,656)	(35.5%)	(8,828)
10001	Office of the CEO	33,683	55,336	21,653	39.1%	4,627
The underspend relates to the inter-council initiatives budget line item, which has not been spent to date.						
10011	Emergency Contingency Costs (Other)	41,309	-	(41,309)	(100.0%)	(13,455)
There is no budget for this particular area, as it is used purely to capture specific unforeseen emergency related costs. YTD actuals represent the costs associated with the forgone rental opportunities at the YCAB, whilst it is being used as a COVID vaccination clinic i.e. effectively tracking this part of the City's contribution to the vaccination effort. This a non-cash "book entry", with an offsetting revenue amount shown in Venue Hire income for the YCAB facility.

10151	Rates Administration	28,670	40,728	12,058	29.6%	(5,930)
The budget is for rating valuations in relation to the interim rating of new properties. It was set as an even monthly spread, as historically these activities are random (e.g. dependant on building completions), and can't be predicted. As such, there will always be timing variances.						

10200	Financial Services	45,029	-	(45,029)	(100.0%)	-
The budget for the 5 yearly valuation of the City's Land & Buildings was removed, as at the time of developing the budget it was believed that a qualified in-house valuer would be able to conduct this service.						
10221, 10227, 10228, 10229 & 10230	Finance & Borrowing Programs 4, 11, 12, 13 & 14	197,054	103,082	(93,972)	(91.2%)	-
The Government Guarantee levy on the City's loans as collected by the WA Treasury Corp payable for the period 1 January to 30 June 2021 was levied in July 2021. This invoice should have been posted to June via an accrual, however it was not completed and instead included in July's expenses. Accordingly there will be three payments included in 2021/2022's reports.						
10511	Community Assistance Program (Governance)	-	16,666	16,666	100.0%	-
Funds for the You Choose Program yet to be allocated. The full year budget of \$100K will be allocated in May / June.

BPACC operational activity will not commence until 2023.						
10533	Welfare / Senior Citizens	67,561	43,398	(24,163)	(55.7%)	-
This is the annual agreed grant paid to the Busselton Senior Citizens centre which is paid quarterly on invoice from the centre. A further invoice (quarterly payment) was recently approved for payment earlier than forecast.						
10536	School Chaplaincy	-	41,400	41,400	100.0%	-
This is the annual grant to Youthcare which is paid on invoice. An Invoice for the full amount was approved in December.						
10543	Community Development	82,486	126,735	44,249	34.9%	(1,947)
This relates to the first three rounds of Community Assistance Program. Round 1 and 2 approvals were combined due to Council elections and round 3 closed on 30 November. From the first 3 rounds \$133,873 is committed with actual expenditure to be seen in first quarter of 2022. Round 4 has now closed and applications are being assessed. Timing is largely dependent on CAP Applications received from community groups.						
10558	Events	521,654	908,217	386,563	42.6%	34,876
The YTD underspend to budget can be explained as follows: <ul style="list-style-type: none"> To date there have been 8 budgeted events cancelled due to COVID, totaling approximately \$71K; There have been 5 events that have occurred for which the City has yet to be invoiced for their contribution, totaling \$57.5K; 6 events have had partial payments, however a total of \$91.5K remains due to milestones not yet met; A further \$166K was forecast to have been incurred by YTD February (\$110K for Winter Wonderland, and approximately \$56K in general unallocated funds). 						
10630	Economic and Business Development Administration	126,059	95,179	(30,880)	(32.4%)	(41,514)
This is due to MRBTA visitor servicing invoice which actually gets presented at the beginning of the quarter and not the end where it has been budgeted.						
10634	Business Support Program	-	23,850	23,850	100.0%	-
Final acquittals of the support program yet to be received. This budget was carried over from the 20/21 financial year, funded from the MERG Reserve, however it has now been ascertained that only approximately \$10,000 will be required. This will more than likely be the positive variance by the end of the year, offset by a lower transfer from the reserve.						

11151	Airport Operations	1,992	1,533,908	1,531,916	99.9%	191,364
Marketing activities continue to be delayed due to the postponement of Jetstar RPT services as a result of COVID restrictions etc.						
11156	Airport Development Operations	115,139	148,550	33,411	22.5%	-
At the time of setting the budget the timing for the final carried over payments related to a noise mitigation project were not known. \$148K was estimated to be remaining in total, split over three payments, however we have not received practical completion on the works, and there are still some outstanding works in progress.						
Planning and Development Services		70,117	84,682	14,565	17.2%	(8,852)
10805	Planning Administration	-	15,000	15,000	100.0%	-
This budget item relates to the Façade Refurbishment Program which the City normally runs on an annual basis. Due to staff shortages and other priorities this year, it's not likely that the full year budget of \$30K will get spent at all.						
Engineering and Works Services		158,398	129,330	(29,068)	(22.5%)	(9,839)
10830	Environmental Management Administration	16,037	794	(15,243)	(1919.7%)	(5)
Biodiversity Incentive Rate Rebate costs per allocated and paid in January, however the budget of \$17,650 is allocated to June. Variance will rectify at year end.						
B1223	Micro Brewery - Public Ablution	-	60,000	60,000	100.0%	-
The full contribution of \$120K to the ablutions, in two instalments, was made in the 20/21 financial year, however due to the lateness of the second \$60K instalment, it was inadvertently included again in the 21/22 year budget unnecessarily.						
G0042	BTS External Restoration Works	101,812	25,000	(76,812)	(307.2%)	(5,000)
Rendezvous Road Refuse site remedial works.						

4. Non-Operating Grants, Subsidies & Contributions

The negative variance of \$7.8M is mainly due to the items in the table below. It should be noted that any negative variance in this area will approximately correlate to an offsetting positive underspend variance in a capital project tied to these funding sources. This can be seen in the section below that outlines the capital expenditure variances. Where this is not the case, the reconciliation of the projects and the required funding to be recognised in revenue is not completed until closer to year end.

5. Capital Expenditure

As at 28th February 2022, there is an underspend variance of 62.1%, or \$24.4M, in total capital expenditure, with YTD actual at \$14.9M against the YTD budget of \$39.2M. A large portion of this positive underspend variance is offset by the negative variance in Non-Operating Grants, Contributions & Subsidies discussed above, with the remainder offset by the negative variances in Transfers From Reserves and Restricted Assets related to funds held aside for these projects. The attachments to this report include detailed listings of all capital expenditure (project) items, however the main areas of YTD variance are summarised as follows:

Cost Code	Cost Code Description	Actual YTD \$	Amended Budget YTD \$	Variance YTD \$	Variance YTD %	Change in Variance Current Month \$
<u>Land</u>		2,599	33,336	30,737	92.2%	4,167

There has been minimal expenditure to date as works have not yet commenced. The design is currently under review to achieve budget alignment in consultation with user groups.						
B9012	Civic and Administration Building Replacement of Cladding	109,370	80,000	(29,370)	(36.7%)	(88,366)
Cladding replacement only commenced in January, with planned completion toward the end of February/early March. Associated billing from the supplier to follow after that.						

B9300/1/2	Aged Housing Capital Improvements	35,250	143,700	108,450	75.5%	-
Budgeted works were proposed to separate the power and drainage that service Winderlup Court and Winderlup Villas. Western Power have now confirmed that separation of power is not required. As there are other works required to these units the proposal is a cap ex spend of circa \$28,000 for bathroom upgrades and reflux valves and a possible further \$70,000 for replacement carports.						
B9591	Performing Arts Convention Centre	1,165,841	12,331,880	11,166,039	90.5%	434,925
The contract for construction was awarded to Broad Constructions in late January. Broad took full site possession at the end of January and have commenced investigative works. Unspent budget at June 30 will be carried over into the following financial year.						
B9596	GLC Building Improvements	78,117	142,568	64,451	45.2%	(2,950)
Proposed project for stadium ventilation has been put on hold, pending a review of capital projects. Storage upgrade has commenced.						
B9605	Energy Efficiency Initiatives (Various Buildings)	90,791	137,910	47,119	34.2%	-
Works planned for commencement have encountered delays pending Western Power applications and approvals. Works programmed to be completed by the end of the financial year.						
B9610	Old Butter Factory	17,991	6,000	(11,991)	(199.8%)	-
The YTD overspend is due the retention monies owing to the contractor on final completion of project.						
B9611	Smiths Beach New Public Toilet	-	250,000	250,000	100.0%	-
Notification has been received by the entity that currently supplies the water that they are no longer able to supply water for City toilets. As such an MOU is being reviewed by the property team to establish viability of infrastructure works and costs for water supply. A clearing permit application is also underway, however all other activity on the project has been put on hold until these issues are resolved.						
B9612	Churchill Park Renew Sports Lights	73,562	212,850	139,288	65.4%	-
RFQ for installation of lights awarded with works to commence in March 2022.						
B9615	Naturaliste Community Centre AMP	641	57,600	56,959	98.9%	13,264

B9617	Buildings AMP Renewal Allocation - Meelup Ablution	7,389	120,000	112,611	93.8%	40,000
During Budget planning these works were anticipated to be spread evenly over 5 months. Due to unforeseen design complexities the works were not able to start on time. These issues have been resolved and this project will be delivered in this financial year.						
B9622	Dunsborough Youth Centre Building Construction	15,740	-	(15,740)	(100.0%)	-
The timing for works and initial procurement of a transportable building was not accurately known at the time of setting the original total budget of \$80K.						
B9717	Airport Construction - Existing Terminal Upgrade	-	46,485	46,485	100.0%	6,835
Invoicing in relation to the retention monies owing to Pindan (in receivership), for works completed has not yet been received. There is also a budget amount for unforeseen works required to enable RPT services, however this has not as yet been utilised.						

B9720	BMRA Hangars	-	210,000	210,000	100.0%	-
This is a timing issue - the RFT process closed in January, however negotiations with tenderers are still ongoing. It is hoped that the tender will be awarded in April.						
B9808	Busselton Jetty Tourist Park Upgrade	4,314	25,000	20,686	82.7%	-
Timing Issue - capital works upgrades that cannot be done until after Easter (the tourist season).

10250	Information & Communication Technology Services	97,783	220,891	123,108	55.7%	2,496
Underspend is due to not yet ordering ICT asset replacement items. This is due to be ordered in the coming months though actual delivery may not occur for some time due to global supply chain issues.						
10558	Events	-	200,000	200,000	100.0%	-
The budget YTD represents the carry-over from the 20/21 year for the electronic billboard. The tender closed with three responses over the forecast budget. The tender was not awarded and it was agreed at the November MERG meeting to restructure the tender with options. A new tender has been issued which closes on 14 April 2022.						
10590	Naturaliste Community Centre	16,326	43,300	26,974	62.3%	-
The budget represents a carry-over from 20/21 for the purchase of replacement fitness equipment. Order for fitness equipment was placed in February, however delivery is not expected until April/May due to supply issues. Fencing purchase of \$8k was moved out to infrastructure, increasing the variance further.						
B1350	Churchill Park- Other Buildings	-	26,450	26,450	100.0%	-
The budget relates to the storage facility project. Discussions are still progressing with the Stakeholders, delaying construction until a later date.						
B1450	Depot Building-Busselton	17,776	-	(17,776)	(100.0%)	-
Expenditure was for 8 sit-to-stand workstations at the depot administration building. There is no budget in this particular line, however it is offset by considerable savings in other areas.

Various	Roads	4,588,763	6,791,553	2,202,790	32.4%	(129,070)
<p>Many road construction projects are now underway. Impacting this increasing variance through to June will be the outcome from discussions with Council in September/October 2021 where it was decided that the current capital works program would be spread over 18 months extending into the 2022/23 financial year. To this end, some projects that were to be budgeted this financial year have been put on hold given the state of the economy, availability of contractors and increased costs.</p> <ul style="list-style-type: none"> • 34% of the YTD variance valued at \$746k is associated with the Regional Road Safety Program Chapman Hill Road project that has an approved Tender and is planned to commence mid to late March after Kaloorup works have been completed. • 25% of the YTD variance valued at \$558k is associated with the Peel Terrace/ Queen street roundabout renewal works which is well under way. This project will exceed the budget due to some increases in the work scope. City officers are seeking to transfer unspent Regional Road Group grant monies across to this project. A report will go to Council if this is approved. • 27% of the YTD variance valued at \$596k is associated with both the Sugarloaf Road upgrade that has been rescheduled to the 2022/23 financial year and major works on the Bussell Highway that are currently in progress. • 8% of the YTD variance valued at \$185k is associated with the Causeway Road - Molloy Street Intersection will be rescheduled to another year due to planning requirements that have yet to be resolved. 						
Various	Bridges	-	1,444,000	1,444,000	100.0%	-
<p>Major bridge works are completed by Main Roads, with financial recognition of works often not occurring until late in the financial year.</p> <p>To date, works have been completed on the Bussell Highway bridge #241, Yallingup Beach Road bridge #3347 and the Tuart Drive bridge #0238 that should be open to the public soon.</p> <p>The City has limited control over Main Roads scheduling and it is often the case that some Bridge projects are carried over into the following year. The City was recently been notified that bridge works on Layman Road, Kaloorup Road, Boallia Road & Gale Road values at \$2.308m will now not commence until the 2022/23 financial year. This variance will continue to increase until invoices for works are provided by Main Roads, which is typically at the end of the financial year.</p>						
Various	Car Parks	545,905	1,677,454	1,131,549	67.5%	124,491
<p>70% of the YTD variance valued at \$792k is associated with the new car parking for the Dunsborough Lakes Sporting Precinct. Works are well under way with the first progress payments expected to be made in March.</p> <p>The following two projects have been put on hold contributing to the YTD variance:</p> <ul style="list-style-type: none"> • Dunsborough Chieftain Crescent Carpark Extension \$99k annual budget \$240k. • Forth Street Groyne Carpark \$53k. 						
Various	Footpaths & Cycleways	587,371	1,283,626	696,255	54.2%	126,420
<p>25% of the year to date variance totalling \$180k is associated with the \$500k Busselton CBD Footpath Renewal project where some of this project has temporarily been put on-hold pending further review and potential re list.</p> <p>15% of the YTD variance valued at \$109K is associated with the Buayanup Drain Shared path project that will have some minor works completed prior to June 30. Not all the budget will be expended as the value of the project was reduced towards the end of last financial year, however the amount carried over was not adjusted based on the reduced estimate.</p>						

Parks, Gardens & Reserves		6,172,499	10,555,565	4,383,066	41.5%	(488,998)
Various	Busselton Jetty - Capital Expenditure	202,906	545,048	342,142	62.8%	84,787
<p>At the time this budget was being prepared the 50 year Jetty plan was being revised and structural assessments were being carried out. To this end, some of the scheduled works were able to be moved forward and as such were not required to be completed this financial year. There will be a variance to budget in the order of \$200k come June 30; where these monies will remain in the Jetty Reserve to fund the rescheduled works going forward.</p>						
Various	Coastal & Boating	187,670	1,136,800	949,130	83.5%	(93,862)
<p>68% of the variance valued at \$776k is attributable to both the stage 2 West Busselton & Forth Street seawall works. A report to Council in late January resulted in a decision to only proceed with the West Busselton works at this time with some of these costs to be offset by the Forth Street Seawall project that has been put on hold. This project will be commenced with on site after the Easter Weekend, and will be completed before the end of the FY.</p> <p>18% of the variance values at \$200k is associated with a Coastal Adaptation project re the Mitigation of Coastal Flooding. This project is in the design phase, and a major portion of the funding should be expended before the end of the FY, subject to the availability of resources and material.</p> <p>Included in this variance is sand renourishment costs over budget \$88.5k YTD. These costs have since been reassigned back in against operations in March. This budget may be addressed via a budget amendment. The City secured \$50k in grant funding for sand renourishment that is not yet included on the budget.</p>						
Various	Waste Services	644,671	1,037,500	392,829	37.9%	(178,859)
<p>Works associated with the Busselton Landfill Post-Closure Capping, Rehab & Remediation budget set at \$1m is \$408k under budget YTD with the focus on development of the phase two landfill budgeted at \$500k taking priority.</p> <p>Costs associated with new Liquid Waste Pond are over budget \$49k YTD, this is a timing variance only with the total project expected to come in under its budgeted \$410k price tag.</p>						
Various	Townscape & Vasse River	51,463	777,582	726,119	93.4%	230,644
<p>No physical works of any significance associated with projects in this category have yet to commence, however planning is well advanced.</p> <p>Some of the townscape works in Dunsborough valued at \$1.057m will be staged, between the 21/22 and 22/23 financial years.</p> <p>Major Vasse River works valued at \$640,000 will commence in April.</p>						
Various	Other P&G Infrastructure	5,085,789	7,058,635	1,972,846	27.9%	(531,708)
<p>There are 45 individual Parks & Gardens capital projects budgeted this financial year ranging in value from between a mere \$1.8k to \$2.118m.</p> <ul style="list-style-type: none"> 74% of the YTD variance valued at \$ 1.468m is associated with the Dunsborough Lakes Sporting Precinct project and the new Non-Potable Water Network both under construction. The Barnard Park East Foreshore Landscaping project is reported at \$237k over expended to the annual budget. This variance is anticipated to increase to an est. \$550k over expenditure to budget, this has been highlighted in Councillor briefings. 						
Various	Drainage	16,616	140,800	124,184	88.2%	31,784
<p>The YTD variance to budget is largely associated with the Carey Street drainage upgrade project which has now commenced. This variance will reduce significantly by the end of March report.</p>						
Various	Regional Airport & Industrial Park Infrastructure	81,197	208,396	127,198	61.0%	-
<p>YTD actual is made up of four separate account strings all part of the Airport development project. Some are completed (underspent) and others may not be spent until the end of the FY depending on timing of the works. A nominal amount was budgeted for unforeseen noise mitigation requirements, resulting from the commencement of RPT services. Some of these works have only just commenced.</p>						

6. Proceeds From Sale of Assets

YTD there have been minimal proceeds from sale of assets recorded against the YTD budget of \$634K. This is due to the continuing delays in delivery of acquisitions, and the associated transfer to auction of the vehicles being replaced. Some vehicles that were planned to be traded/auctioned have also been retained and redeployed instead.

7. Proceeds from New Loans

By YTD February it was forecast that two self-supporting loans totalling \$5.25M would have been drawn, which has not happened at this time. A further \$125K of self-supporting loans to community groups was also forecasted to have been drawn and on-lent by this stage of the financial year. The combination of these things accounts for the \$5.375M positive variance YTD.

This is offset by a corresponding negative timing variance of \$5.375M in Advances to Community Groups.

8. Total Loan Repayments - Principal

Repayments of the principal on loans is \$233K under budget YTD, due to the loan for the BPACC not proceeding in the timeframe as budgeted.

9. Repayment Capital Lease

The YTD overspend compared to budget is purely a timing related variance, with a number of lease repayments forecast for March occurring in February. This will balance out by year end.

10. Advances to Community Groups

Although it is not possible to predict when these loans will be applied for, the negative variance is 100% offset by the positive variance in Proceeds from New Loans outlined above. YTD the variance is \$5.375M mainly due to the AUDC being put on hold.

11. Transfer to Restricted Assets

There is a YTD variance in transfers to Restricted Assets of \$19.7M because there is no budget for this item during the year, as the transfers are usually not possible to predict, and are fully reconciled only at year end.

At the time of budgeting it is not possible to predict what grants will be received in what timeframe, nor when they will be spent and hence potentially transferred to Restricted Assets (or unspent portions thereof). Loans (\$10M) received for BPACC was transferred to restricted assets until utilized. Also, the following grants, totaling \$6.1M, have been received and transferred to Restricted Assets for which there was no budgeted transfer:

- \$50K for the Causeway Road Shared Path Project from the Department of Transport;
- \$3M for various roads projects from Main Roads, State Blackspot Fund, the Regional Roads Program and the Road Safety Innovation Fund;
- \$80K for the Dunsborough youth space project from the Department of Primary Industries and Regional Development;
- \$54K from Lotterywest for the Strengthening & Adapting Organisations program;
- \$526K from DFES for the Mitigation Activity Fund and shared costs of the Emergency Services Manager;
- \$60K from the Federal Government Community Grants Hub for Community Child Care Sustainability programs;
- \$11K from the South West Catchment Council - National Landcare Program for the planting of 4,000 seedlings;

- \$20K from Australia's South West to fund an aviation research report for the Recovery for Regional Tourism Project Control Group;
- \$100K from the Department of Primary Industries & Regional Development for the expansion of the CCTV network;
- \$25K from Rio Tinto for Youth Development Services;
- \$4.9K from the Busselton Senior Citizens to go towards the expansion project;
- \$137K from the Department of Industry, Science, Energy and Resources for improvements to safety and accessibility at the airport;
- \$100K from the Southwest Development Corporation to develop a training and marketing campaign to build a pool of skilled hospitality workers in the region;
- \$330K from the Department of Primary Industries & Regional Development's Community Stewardship Program, for the removal of sediment in the lower Vasse river;
- \$250K from Rio Tinto for the BPACC project;
- \$30K from the Department of Primary Industries & Regional Development's Small Grants Program 2021 for the upgrade of the women's change rooms at Bovell Sports Park;
- \$150K from the WA Waste Authority for the "Tip Shop" development;
- \$30.8K from the Department of Local Government, Sport and Cultural Industries for the "Creative Art for Heart" initiative; and
- \$17.4K from the Department of Transport, from the RADS program, for the perimeter fencing at the airport.

Developer contributions, deposits and bonds are inherently hard to predict and budget for. An annual amount of \$22K was budgeted for later in the year, however \$3.6M has been received YTD, including \$1.5M for road works bonds and \$575K for caravan park deposits.

11. Transfer from Restricted Assets

YTD there has been \$5.2M transferred from Restricted Assets into the Municipal Account. This was mainly attributable to \$500K of Bushfire Mitigation Activity funds that did not need to be restricted, \$280k attributable to cash in lieu of public open space to recoup Muni for expenditure incurred to reporting date, \$1.2M utilized of the BPACC loan funds, and \$3.2M of various roadworks grant & bond funding that has been utilised.

Investment Report

Pursuant to the Council's Investment Policy, a report is to be provided to the Council on a monthly basis, detailing the investment portfolio in terms of performance and counterparty percentage exposure of total portfolio. The report is also to provide details of investment income earned against budget, whilst confirming compliance of the portfolio with legislative and policy limits.

As at 28th February 2022 the value of the City's invested funds totalled \$97M, down from \$100M as at 31st January 2022. The decrease is due to the transfer of \$3M from the 11am account.

As at 28th February 2022 the 11AM account balance is \$11.0M, down from \$14M as at 31st January 2022 due to the above transfer which is to provide funds for ongoing operating expenses.

During the month of February six term deposits totalling the amount of \$16.5M matured. These were renewed for a further 109 days at 0.39% on average.

The official cash rate remains steady for the month of January at 0.10%. This will continue to have an impact on the City's interest earnings for the foreseeable future.

Borrowings Update

During the month no new loans were drawn nor any repayments made. The attached Loan Schedule outlines the status of all existing loans as at February YTD.

COMMITTEE RECOMMENDATION

F2204/017 Moved Councillor S Riccelli, seconded Councillor M Love

That the Council adopts the Schedule of Fees and Charges, as per Attachment A – Draft Schedule of Fees and Charges, effective from and including 1 July 2022, subject to the following amendments:

Description	Previous Proposed Fee 2022/23 (Incl. GST)	Amended Fee 2022/23 (Incl. GST)
Outdoor Exercise Sites		
Zone 1- Twelve (12) month fee	\$900	\$860
Zone 1 – Six (6) month fee	\$450	\$430
Zone 2 - Twelve (12) month fee	\$680	\$650
Zone 2 – Six (6) month fee	\$340	\$325

CARRIED 4/0

Reasons: The Committee recognised that the proposed fees for the outdoor exercise sites were based on benchmarking with other local governments (an increase of 7%). However, in recognition of encouraging outdoor exercise, an increase of the existing fees for outdoor exercise sites only be increased by the standard fees and charges increase (2.6%).

OFFICER RECOMMENDATION

That the Council endorses the Schedule of Fees and Charges, as per Attachment A – Draft Schedule of Fees and Charges, effective from and including 1 July 2022.

EXECUTIVE SUMMARY

In accordance with Regulation 5(2) of the *Local Government (Financial Management) Regulations 199* (the Regulations), a local government is to undertake a review of its fees and charges regularly, and not less than once in every financial year. This report provides Council with a recommended Schedule of Fees and Charges to apply for the financial year commencing on 1 July 2022.

BACKGROUND

Each year, the City sets its fees and charges with the view of implementing any changes as of 1 July in any given year. City officers have reviewed each section of the fees and charges and have highlighted any areas of change, or reasons why no changes have occurred in comparison to the existing adopted listing.

As part of the annual review of the fees and charges, officers take into account matters including the cost to provide a service, market conditions and needs of the community. These inform the recommendations that will be made to the Council. These fees and charges recommended are in accordance with recent planning and discussions relating to the City's Long Term Financial Plan.

When Council adopts an annual budget, it may also set its fees and charges that will be imposed during a financial year. In order for the 2022/23 schedule of fees and charges to be effective from the commencement of the new financial year, the Council is required to adopt its schedule in advance of 30 June 2022, such that any statutory public notice periods (including gazettal's where required) can be complied with.

OFFICER COMMENT

The 2022/23 Draft Schedule of Fees and Charges has been guided by a 2.6% general escalation over currently adopted fees and charges. Notwithstanding this, in some limited instances, this principle is not appropriate, with other factors also requiring consideration. The following provides an overview, by directorate, of noteworthy instances where an increase has not been applied, whilst also discussing, where relevant, newly proposed fees and charges.

Planning and Development Services

Building Related Fees

- General
The wording of a number of fees have been altered to provide clarity.
- Swimming Pool Inspections
Fees relating to Swimming Pools have been collated and given their own category. The Pool Certificate Inspection fee relates to inspection as required by Regulation 28 of the Building Regulations 2012 at the completion of the construction of a swimming pool to ensure the barriers have been installed correctly and that the pool is safe to use. This fee was previously captured under the 'Certificate of Construction / Building Compliance' line item.

Health Related Fees

- General
A number of fees have not been increased as they are already set at the maximum statutory amount.

Town Planning Related Fees

- General
The wording of a number of fees have been altered to provide clarity and a number of fees that are Statutory in nature have been deleted as Council has no discretion over them.

Ranger & Fire Service Related Fees

- Impounding Fees – Other – Motor Vehicles
The fee for a Daily Impoundment of a Motor Vehicle has been altered for \$30 to "At Cost". The City's towing contractor does not currently charge a daily storage fee. The fee would only be applied if that were to change, in which case the charge would be passed on to the vehicle owner.

Engineering & Works Services

Waste Disposal and Sanitation Fees

- Other Miscellaneous Charges

The fee for domestic Electronic Waste has been deleted as it subject to Contract restrictions. Commercial Electronic Waste has a separate charge.

Finance & Corporate Services

Administration / Miscellaneous Fees

- Sale of Council Documents

The fee for an Annual Subscription to the Council Minutes has been deleted as the fee is not needed as the minutes are available for free from the Internet.

Rates & Finance Charges

- Rates / Property Related Matters

The fees for ownership listings per search and per locality have been increased to \$50 to better reflect the cost of staff time involved to prepare replies.

Cemetery fees

- General

A number of fees have not been increased as price checking has indicated the Busselton fees are high compared to other similar cemeteries. Accordingly some fees have been held at previous prices to help restore parity.

The layout and wording of a number of fees has been altered with the intention of simplifying the fees and charges and removing unnecessary repetition or wording in the Cemeteries Act and Local Law.

A new fee, Request for Minor Monumental Works (cleaning, repairs, maintenance etc.); has been introduced.

A number of fees have been removed as they are no longer applicable.

Community & Commercial Services

Events – Equipment Hire & Signage

- Event Signage

Subject to Tender submissions, it is planned to replace the current events billboard with a digital billboard. This will save event organisers the supply costs for the sign skins. To provide a greater degree of parity a new hire fee for commercial events is proposed which is double that of a community hire.

ArtGeo Cultural Complex

- Courthouse Complex Hire

The charges for Courtyard and Marine Terrace Garden are to be aligned with rental of the Fodder Room and charge a flat \$15 per hour. This will enable small groups to use this area with little staff involvement and activate spaces outside our normal operating hours. Target groups include wellbeing groups such as yoga and tai chi during the fine weather period.

- Exhibition Hire

ArtGeo Gallery fees have been removed as the gallery is now the construction site office for the Busselton Performing Arts and Convention Centre. Fees will be reviewed and proposed as part of a separate report to Council along with other fees for the venue.

It is planned to remove the exhibition charges from the Bond Store to support emerging artists. In exchange for the removal of this cost, it is intended to ask for relevant artist to reciprocate with either a free workshop, artist talk or demonstration each. This will give life and vibrancy to the complex and insure the space is constantly occupied.

Library Charges

- General

The charge for A3 photocopies (both black and white and colour) has increased to double that of an A4 photocopy, reflecting the fact that double the amount of ink is used to produce the A3 copy. This is consistent with photocopy charges set by commercial operators. The libraries' new MFDs are set up to charge the new fees.

Busselton-Margaret River Regional Airport

- Landing Fees & General Aviation Charges

Landing Fees for the two lighter categories of aircraft have not been increased so as to encourage General Aviation use of the airport.

The fee for "Apron parking bay 1-11 per day – first 3 hours free" has been increased from \$33 to \$40, a 21% increase. BMRA apron parking was originally implemented lower than other regional airports to encourage aircraft overnighing. This is now occurring and apron CCTV needs to be installed and hence charges should be increased to contribute back to the cost of security CCTV.

The fee for "General aviation hardstand parking only, per day" has not been increased as a concession for GA usage of the airport.

- Car Parking

Car parking fees have not been increased with RPT flights due to commence in April.

- Other Fees

Fees relating to the Airport Reporting Officer have been increased above 2.6% to reflect increase in salaries, wages and overhead costs.

The "Hanger Hire Fee (min 200sqm) per sqm per week" has increased by 4.55% to reflect demand and also to encourage take up of the GA precinct.

Busselton Jetty Tourist Park

- General

Fees for Powered sites have generally (subject to rounding) been increased by the 2.6%. Exceptions are pensioner's rates (~1.3% increase) and extra child/adult per night rates. The "Cancellation booking fee" has been increased by 5% due to rounding.

The "Washing machine fee" has not increased as to do so would necessitate the coin mechanism to be changed on the washing machines.

The "Additional charge for electricity use for caravan air conditioners per day" fee has been increased by 3.57% to reflect increases in WA electricity prices.

Outdoor Exercise Sites

- General

All Outdoor Exercise Site Permits have been increased by approximately 7% as industry benchmarking suggests that the City is charging less than many other Local Governments.

Geographe Leisure Centre

- Swimming Pool

A new fee, Swimming Pool lane hire - Commercial (per lane per hour) OFF- Peak; has been introduced to encourage use of the pool after 7pm at off-peak times.

Local regular not for profit user groups – no increase to current \$5 fee is recommended. Restricted lane space availability and rebuilding relationships with user groups, who have communicated issues with current fees for lane hire. An increase to this fee would create further financial issues for clubs at this time.

The "Learn to Swim" charge has only increased by 1% to keep fee rounded to \$16.00 per lesson instead of \$16.20. Next year will look towards increasing this to \$16.50 per lesson.

The fee to hire the Small Inflatable has been increased by 17% to \$140/hour to align more with outdoor inflatable and allow for increase in costs to staffing and administration costs.

- Personal / Group Training

The fee for "Personal/Group Training – PT School program entry per student (min 8 students)" is to remain at \$8.00, for affordability to students to attend school programs in future.

- Crèche / Activity Room

The fee for the Vacation Care Program has increased by 4% to round the fee up to \$80. Noting no increase was applied in 21/22, an increase in costs for excursions has justified this 4% increase.

Naturaliste Community Centre

- Family Activity Centre
Fees to utilise this space have been increased by more than 2.6% to reflect that the room needs to be prepared by staff prior to use.
- Community Office Space
No increase to this fee has been proposed to encourage usage of the room.
- Vacation Care Program
The fee for the Vacation Care Program has increased by 4% to round the fee up to \$80. Noting no increase was applied in 21/22, an increase in costs for excursions has justified this 4% increase.

Statutory Environment

Sections 6.16 to 6.19 of the *Local Government Act 1995* (the Act) refer to the imposition, setting the level of, and associated administrative matters pertaining to fees and charges. The requirement to review fees and charges on an annual basis is detailed within Regulation 5 of the Regulations.

Section 6.16 of the Act states that a local government may impose and recover a fee or charge for any goods or services it provides or proposes to provide, other than a service for which a service charge is imposed.

Section 6.17 of the Act further states that in determining the amount of a fee or charge for goods and services, a local government is to take in to consideration the following factors:

- a) The cost to the local government of providing the service or goods;
- b) The importance of the service or goods to the community; and
- c) The price at which the service or goods could be provided by an alternative provider.

Section 6.18 of the Act clarifies that, if the amount of any fee or charge is determined under another written law, then a local government may not charge a fee that is inconsistent with that law.

Relevant Plans and Policies

There are no relevant plans or policies to consider in relation to this matter.

Financial Implications

Whilst revenue from fees and charges includes items that the Council has no authority to amend (statutory charges set by external bodies), it is important that, where possible, controllable fees and charges are appropriately indexed on an annual basis, to assist in offsetting the increasing costs of providing associated services. This may include increases beyond normal indexation in particular cases, in line with section 6.17 of the Act.

The Council's current Long Term Financial Plan reflected an annual increase in Fees and Charges revenue of 2.6%. This will be reflected in the 2022/23 budget and included in future revisions and development of the Long Term Financial Plan.

Stakeholder Consultation

Business Unit Managers are responsible for reviewing fees and charges associated with activities under their control. As part of the review process, consultation may occur with other local government authorities, in addition to a review of prices offered by alternate service providers (pursuant to section 6.17 of the Act).

Risk Assessment

An assessment of the potential implications of implementing the officer recommendation has been undertaken using the City's risk management framework, with risks assessed taking into account any controls already in place. No risks of a medium or greater level have been identified.

Options

Council may recommend amendments to the Draft Schedule of Fees and Charges as it deems appropriate.

CONCLUSION

As part of the annual review of fees and charges, the currently adopted fees and charges have been reviewed in line with the requirements of the *Local Government Act 1995* and other relevant legislation as applicable. Consequently, it is recommended that Council endorses the Draft Schedule of Fees and Charges for 2022/23 as proposed.

TIMELINE FOR IMPLEMENTATION OF OFFICER RECOMMENDATION

Consequent to adoption by the Council, the Schedule of Fees and Charges for 2022/23 will become effective from and including 1 July 2022.

CARRIED 5/0

OFFICER RECOMMENDATION

That the Council:

1. Grant a rate exemption to South Metropolitan Youth Link Inc. for 1A, 9 Harris Road, Busselton, effective 1st March 2022, under section 6.26(2)(g) of the *Local Government Act 1995*; and
2. Agree that this rate exemption is to continue where South Metropolitan Youth Link Inc. confirm in writing by 30 April annually that they continue use the property for the purposes stated in the application.

EXECUTIVE SUMMARY

An application seeking rate exemption on 1A, 9 Harris Road, Busselton (the Property) was received from South Metropolitan Youth Link Inc. (SMYL) on 22 February 2020 (Attachment A).

The Property is being leased by SMYL and is used to deliver a range of parenting programs and services. These are aimed at sole parents, low-income families with children, migrants and other people as to improve below functional literacy and numeracy skills for education and employment purposes.

On the basis of the application, this report recommends that rate exemption be granted under section 6.26(2)(g) of the *Local Government Act 1995* (the Act) effective from 1st March 2022, being the lease commencement date.

BACKGROUND

SMYL is a large charity registered with the Australian Charities and Not-for-profits Commission. According to their web site they operate from 14 other local government localities. The organisation assists Aboriginal and Torres Strait Islanders, adults 25 to under 65, youth 15 to under 25, families, females, males, financially disadvantaged people, migrants, refugees or asylum seekers and people at risk of homelessness or experiencing homelessness, from a culturally and linguistically diverse background, in rural/regional/remote communities, with disabilities and those that are unemployed.

A summary of the services provided are schools, vocational education, language and literacy training, mentor support, parenting skills, school to work transition for those vulnerable, those at risk or disadvantaged in the community. The core components of these programs and services are 90% funded by Government Grants including from the Commonwealth Department of Education, Skills and Employment. Additional services that are self-funded by SMYL include on-site crèche, financial counselling, budgeting, healthy eating, resilience training and may include entry level skills development, employability skills, vouchers for fuel, clothing and essential resources and "Foodbank" parcels.

Engagement with Western Australian Local Government Association (WALGA)

With respect more broadly to rate exemptions for charitable organisations, following a Council resolution in May 2019, the Mayor raised this issue with the South West Zone of WALGA (SWZ) at its meeting, also in May 2019. The SWZ supported the City of Busselton's view unanimously and resolved as follows:

That the SWZ:

1. *Request that WALGA continue to lobby the State Government to consider the removal of rate exemptions for charitable organisations under the Local Government Act 1995 and that an alternative position may be implementing a rebate similar to the Pensioners and Seniors Rebate Scheme.*

In response to the SWZ's resolution, WALGA advised that the SWZ's position is consistent with the following long-held sector position that:

1. *There is a need to amend the Local Government Act to clarify that Independent Living Units should only be exempt from rates where they qualify under the Commonwealth Aged Care Act 1997; and*
2. *Either:*
 - a. *amend the charitable organisations section of the Local Government Act 1995 to eliminate exemptions for commercial (non-charitable) business activities of charitable organisations; or*
 - b. *establish a compensatory fund for Local Governments, similar to the pensioner discount provisions, if the State Government believes charitable organisations remain exempt from payment of Local Government rates.*

WALGA also added to its submission to the State Government following the consultation on phase 2 of the review of the Act:

Request that a broad review be conducted into the justification and fairness of all rating exemption categories currently prescribed under Section 6.26 of the Local Government Act.

WALGA's advocacy position has not changed in relation to this issue and it continues to push for meaningful legislative change in this area. Until then, however, the current approach to rate exemptions due to charitable purpose remains in place.

OFFICER COMMENT

In accordance with Section 6.26(2)(g) of the Act, land is not rateable if it is used exclusively for charitable purposes.

Rate exemption applications need to be considered in two parts. The first part is to assess whether the use itself is "charitable" and the second part is to determine whether the property is being used "exclusively" for charitable purposes.

In considering the first part, that is, 'are the operations of SMYL considered to be a charitable use', legal opinions have been consistent in defining a charitable purpose as land used for:

1. The relief of poverty;
2. The advancement of education;
3. The advancement of religion; and
4. Other purposes beneficial to the community.

It is considered that the vast majority of the programs and services provided by SMYL are charitable under definitions 1, 2 and 4 and as such the Property would be eligible for rate exemption under section 6.26(2)(g) of the Act.

In considering the second part, that is, 'is the property being exclusively used for a charitable purpose'; this criteria is being met by SMYL as they are the sole occupier of the Property from which the programs and services are being provided.

As stated previously SMYL operate locations in 14 other local government localities. These Councils were contacted to determine the rating status of the occupied properties with only 7 responses received at the time of compiling this report. The following is a summary of the 7 rating status responses:

- 2 Rate exemption approved (NOTE: Occupy 4 rate exempt properties within the City of Rockingham;
- 1 Rate concession approved;
- 2 Occupy part or all of Lotterywest or National Trust Buildings that are not rated;
- 2 Occupy commercial buildings that are rated as not rate exemption application lodged.

No physical inspection of the Property has been carried out as its rating classification and the statutory declaration of the Property's use (Attachment B) is considered to be sufficient.

Statutory Environment

Section 6.26(2)(g) of the Act specifically states that land used exclusively for charitable purposes is not rateable.

Relevant Plans and Policies

There are no relevant plans or policies to consider in relation to this matter.

Financial Implications

Granting rate exemption effective 1 March 2022 would see a \$3,018 reduction to Councils 2021/22 rating income.

This rating income reduction would be approximately \$9,348 for future financial years where 1A 9 Harris Road, Busselton continues to be leased by SMYL and used to provide the programs and services as per their rate exemption application.

If rate exemption is denied, then there may be costs incurred by the City if SMYL was to apply to the State Administrative Tribunal for a review of Council's decision.

Stakeholder Consultation

No external stakeholder consultation was required or undertaken in relation to this matter.

Risk Assessment

An assessment of the potential implications of implementing the officer recommendation has been undertaken using the City's risk management framework, with risks assessed taking into account any controls already in place. No risks of a medium or greater level have been identified.

That being said, if Council chooses to not grant rate exemption, then staffing and/or legal costs may be incurred if the applicant refers the matter to the State Administrative Tribunal (SAT) for a review of the decision.

Options

As an alternative to the proposed recommendation, Council could decline the rate exemption application on the basis that it considers the property to be rateable under the Act. As stated above, this is not recommended based on the risks associated with declining the application.

CONCLUSION

It is considered that the programs and services provided by SMYL are charitable in nature. As such the property on 1A, 9 Harris Road, Busselton is considered eligible for rate exemption under section 6.26(2)(g) of the Act.

TIMELINE FOR IMPLEMENTATION OF OFFICER RECOMMENDATION

If rate exemption is granted on 1A, 9 Harris Road, Busselton then it would be applied effective from the 1 March 2022, being the lease commencement date immediately.

Dear Sir

I am writing on behalf of South Metropolitan Youth Link Inc T/A SMYL Community Services to request your consideration of an application to grant a rate exemption under section 6.26 of the Local Government Act 1995.

SMYL has negotiated a temporary lease pending the outcome of this application for the property at 1A/9 Harris Road in Busselton from which it is intended to deliver a range of parenting programs and services. These are aimed at sole parents and low-income families with children (ParentNext) and language and literacy program (Skills for Education & Employment) that assists migrants and other people with below functional literacy and numeracy. Core components of these services are funded by the Commonwealth Department of Education, Skills and Employment. Other components of the service are self-funded by SMYL and include an onsite creche service, financial counselling, budgeting, healthy eating and resilience training. Additional services may include entry level skills development and employability skills, vouchers for fuel, clothing and essential resources and "Foodbank" parcels all facilitated by SMYL.

SMYL is the only face to face provider of these Commonwealth services in Busselton and across regional WA.

The availability of premises that meet disability access requirements, are accessible by our client groups and fit for purpose are very limited in Busselton and property leases have increased significantly in the past few months. The rate exemption will significantly reduce the outgoings and enable SMYL to continue to deliver services to local clients who are most vulnerable.

The viability of the lease is dependent on the outcome of this application. Consequently, SMYL has not yet submitted development or building

applications for this site until the outcome is advised and the owner has confirmation.

In support of this application please find attached a copy of SMYL's Constitution, most recent audited accounts, the lease and details of the property and proof of our charitable status from the ACNC.

Should you require any additional information, I can be contacted Julie.mitchell@smyl.com.au, 08 94304921 or mobile 0404823641.

Yours sincerely

Julie Mitchell

South Metropolitan Youth Link Inc. Board Report

The South Metropolitan Youth Link Inc. Board submits the financial accounts of South Metropolitan Youth Link Inc. (SMYL) for the financial year ended 31 December 2020.

The names of the Board in office at any time during or since the end of the year are:

- Philip Brooks – Chairperson
- Rohan Lewis – Deputy Chairperson
- Jan Sonder-Sorensen - Treasurer
- Kathleen Coughlan – Board Member
- Leonard Collard – Board Member
- Maureen Thomson – Board Member
- Ian Linn – Board Member
- Sameh Gowegati – Public Officer

The principal activities of SMYL are to provide the opportunity of improving the overall welfare of young people, and the general community, by creating a learning environment that offers positive life experiences and opportunities for ongoing skills development and employment.

SMYL operates 2 businesses being SMYL Community Services and SMYL Community College. SMYL Community Services is a registered training organisation that provides skills development, training and employment opportunities to young people across WA. SMYL Community SMYL provide an inclusive and supportive learning community that offers an alternative approach to education and training for young people aged 14 to 17 years of age who are at risk of missing out on opportunities due to their home life, health and other issues.

There were significant changes in the nature of SMYL principal activities during the financial year. On the 1st July 2019 South Metropolitan Youth Link Inc. merged with SMYL Community College. The new accounting period for the merged entity South Metropolitan Youth Link Inc. is 31st December 2020. The Statutory Accounts below reflect 18 months of operation from 1st July 2019 to 31st December 2020. The comparatives for 2019 reflect South Metropolitan Youth Link Inc. premerger and relate to 12-month (July 2018 to June 2019).

The surplus for the financial year amounted to \$1,119,330 (2019: profit of \$46,906). The significant increase the surplus was driven by the merger between South Metropolitan Youth Link Inc. and SMYL Community College. Also contributing to was Job Keeper that contributed \$2.3m to the surplus. SMYL will not be eligible for Job Keeper in 2021 as operations begin to normalise.

A review of the operations of SMYL during the financial year and the results of those operations found that 91% or \$35m of total income was generated from delivering both education and training across WA. 74% or \$28m of total expenses relate to Salary and Wages required to deliver the positive education and training outcomes. Included in the Salary and Wages expense was an increase in Annual Leave and Long Service Leave provisions to align to current leave balances which did not occur in previous years. The remaining expenses relate to property, transport, curriculum and training costs supporting our staff to deliver education and training outcomes.

The SMYL's net asset position has increased by 128% to \$10,262,997 as at 30 June 2020 (2019: \$4,504,399). The increase was driven by the merger between South Metropolitan Youth Link Inc. and SMYL Community College.

Likely developments in the operations of the SMYL and the expected results of those operations in future financial years have not been included in this report as the inclusion of such information is likely to result in unreasonable prejudice to the SMYL.

The SMYL's operations are not regulated by any significant environmental regulation under a law of the Commonwealth or of a state or territory.

No person has applied for leave of Court to bring proceedings on behalf of the SMYL or intervene in any proceedings to which the SMYL is a party for the purpose of taking responsibility on behalf of the SMYL for all or any part of those proceedings. The SMYL was not a party to any such proceedings during the year.

Furthermore, during the reporting period, the COVID-19 ('Coronavirus') pandemic was declared. The effects of the pandemic are rapidly developing and while these changes may continue to impact the SMYL, it is not possible to quantify the impact.

There has not been any matter or circumstance occurring subsequent to the end of the financial year that has significantly affected, or may significantly affect, the operations of the SMYL, the results of those operations, or the state of affairs of the SMYL in future financial years.

No indemnities have been given or insurance premiums paid, during or since the end of the financial year, for any person who is an auditor of the SMYL.

The SMYL has paid premiums to insure each of the directors against liabilities for costs and expenses incurred by them in defending any legal proceedings arising out of their conduct while acting in the capacity of director of the SMYL and its subsidiaries, other than conduct involving a wilful breach of duty in relation to the SMYL.

Notes to the Financial Statements

for the year ended 31 December 2020

NOTE 1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

SMYL is a not-for-profit Trust incorporated and domiciled in Australia, registered on the 22nd October 2002. The registered office is Level 1, 46 Mews Rd, Fremantle.

The SMYL Board have prepared the financial statements on the basis that the SMYL is a non-reporting entity because there are no users dependent on general purpose financial statements. The financial statements are therefore special purpose financial statements that have been prepared in order to meet the requirements of the *Australian Charities and Not-for-profits Commission Act 2012* ("the ACNC Act"), the recognition and measurement requirements of all Australian Accounting Standards and Interpretations, and the disclosure requirements of the following standards.

AASB 101:	Presentation of Financial Statements;
AASB 107:	Statement of Cash Flows;
AASB 108:	Accounting Policies, Changes in Accounting Estimates and Errors;
AASB 1048:	Interpretation and Application of Standards;
AASB 1054:	Australian Additional Disclosures.

No other Accounting Standards, Australian Accounting Interpretations or other authoritative pronouncements of the Australian Accounting Standards Board have been applied.

a. Basis of Preparation

Reporting Basis and Conventions

The financial report has been prepared on a historical cost except for, where applicable, the revaluation of certain classes of plant and equipment and available-for-sale investments which are measured at fair value. The presentation currency is Australian dollars.

b. Income Tax

The SMYL is exempt from income tax pursuant to section 50-B of the Income Tax Assessment Act 1997.

c. Property, Plant and Equipment

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment losses.

Property

Freehold land and buildings are shown at cost or at their fair value (being the amount for which an asset could be exchanged between knowledgeable willing parties in an arm's length transaction), less subsequent depreciation for buildings.

Increases in the carrying amount arising on revaluation of land and buildings are credited to a revaluation reserve in equity. Decreases that offset previous increases of the same asset are charged against fair value reserves directly in equity; all other decreases are charged to the statement of comprehensive income.

Plant and equipment

Plant and equipment are measured on the cost basis less depreciation and impairment losses.

The carrying amount of plant and equipment is reviewed annually by the SMYL Board to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the assets employment and subsequent disposal. The expected net cash flows have been discounted to their present values in determining recoverable amounts.

Depreciation

The depreciable amount of all fixed assets including building and capitalised lease assets, but excluding freehold land, is depreciated on a straight line basis over their useful lives to the SMYL commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

Notes to the Financial Statements

for the year ended 31 December 2020

The depreciation rates used for each class of depreciable assets are:

Class of Fixed Asset	Depreciation Rate
Plant and Equipment	33%
Computer Equipment	33%
Motor vehicles	20%
Boats	10%
Buildings	3%
Leasehold improvements	7%

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are included in the statement of comprehensive income. When revalued assets are sold, amounts included in the revaluation reserve relating to that asset are transferred to retained earnings.

d. Investments and other financial assets

Investments and other financial assets, other than interests in subsidiaries or associates, are initially measured at fair value. Transaction costs are included as part of the initial measurement, except for financial assets at fair value through profit or loss. Such assets are subsequently measured at either amortised cost or fair value depending on their classification. Classification is determined based on both the business model within which such assets are held and the contractual cash flow characteristics of the financial asset unless an accounting mismatch is being avoided.

Financial assets are derecognised when the rights to receive cash flows have expired or have been transferred and the SMYL has transferred substantially all the risks and rewards of ownership. When there is no reasonable expectation of recovering part or all of a financial asset, its carrying value is written off.

Financial assets at amortised cost

A financial asset is measured at amortised cost only if both of the following conditions are met: (i) it is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and (ii) the contractual terms of the financial asset represent contractual cash flows that are solely payments of principal and interest.

Financial assets at fair value through profit or loss

Financial assets not measured at amortised cost or at fair value through other comprehensive income are classified as financial assets at fair value through profit or loss. Typically, such financial assets will be either: (i) held for trading, where they are acquired for the purpose of selling in the short-term with an intention of making a profit, or a derivative; or (ii) designated as such upon initial recognition where permitted. Fair value movements are recognised in profit or loss.

Financial assets at fair value through comprehensive income

Financial assets at fair value through other comprehensive income include equity investments which the SMYL intends to hold for the foreseeable future and has irrevocably elected to classify them as such upon initial recognition.

Impairment of financial assets

The SMYL recognises a loss allowance for expected credit losses on financial assets which are either measured at amortised cost or fair value through other comprehensive income. The measurement of the loss allowance depends upon the SMYL's assessment at the end of each reporting period as to whether the financial instrument's credit risk has increased significantly since initial recognition, based on reasonable and supportable information that is available, without undue cost or effort to obtain.

Notes to the Financial Statements

for the year ended 31 December 2020

Where there has not been a significant increase in exposure to credit risk since initial recognition, a 12-month expected credit loss allowance is estimated. This represents a portion of the asset's lifetime expected credit losses that is attributable to a default event that is possible within the next 12 months. Where a financial asset has become credit impaired or where it is determined that credit risk has increased significantly, the loss allowance is based on the asset's lifetime expected credit losses. The amount of expected credit loss recognised is measured on the basis of the probability weighted present value of anticipated cash shortfalls over the life of the instrument discounted at the original effective interest rate.

For financial assets mandatorily measured at fair value through other comprehensive income, the loss allowance is recognised in other comprehensive income with a corresponding expense through profit or loss. In all other cases, the loss allowance reduces the asset's carrying value with a corresponding expense through profit or loss.

e. Impairment of Assets

At the end of each reporting period, the SMYL reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the statement of comprehensive income.

f. Contract liabilities

Contract liabilities represent the SMYL's obligation to transfer goods or services to a customer and are recognised when a customer pays consideration, or when the SMYL recognises a receivable to reflect its unconditional right to consideration (whichever is earlier) before the SMYL has transferred the goods or services to the customer.

g. Provisions

Provisions are recognised when the SMYL has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

h. Employee Benefits

Provision is made for the SMYL's liability for employee benefits arising from services rendered by employees to the end of the reporting period.

i. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of 12 months or less, and bank overdrafts. Bank overdrafts are shown within financial liabilities in current liabilities on the statement of financial position.

j. Revenue

Revenue is measured at the fair value of the consideration received or receivable, and net of the amount of goods and services tax (GST). Any GST payable to the taxation authority is included within trade and other payables (net of the amounts receivable).

Revenue in relation to tuition fees, subject levies and other receipts is recognised upon delivery of the services by the SMYL. Revenue in relation to the sale of goods is recognised when the goods pass to the buyer.

Government grants (recurrent and capital in nature) are brought to account when the funds are received. Other grants are recognised when there is reasonable assurance that the SMYL will comply with the conditions attached to them.

Interest revenue is accrued on a time basis by reference to the principal outstanding and the effective interest rate applicable. Dividend revenue is recognised when the right to receive payment has been established (provided that it is probable that the economic benefits will flow to the School and the amount of the income can be measured reliably).

All other revenue is recognised on an accruals basis.

k. Finance Costs

Finance costs attributable to qualifying assets are capitalised as part of the asset. All other finance costs are expensed in the period in which they are incurred.

Notes to the Financial Statements

for the year ended 31 December 2020

i. Goods and Services Tax ("GST")

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office ("ATO"). In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

Cash flows are presented in the cash flow statement on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

m. Comparative Figures

Comparative figures have been adjusted to conform to changes in presentation for the current financial year where required by Accounting Standards or as a result of changes in accounting policy.

n. Critical Accounting Estimates and Judgements

The directors evaluate estimates and judgements incorporated into these financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data obtained both externally and within the SMYL.

o. New standards and interpretations not yet adopted

In the year ended 31 December 2020, the SMYL has reviewed all of the new and revised Standards and Interpretations issued by the AASB that are relevant and applicable to its operations and effective for the current annual reporting period.

It has been determined by the SMYL that there is no impact, material or otherwise, of the new and revised Standards and Interpretations on its business given it is special purpose and, therefore, no change is necessary to SMYL's accounting policies.

The SMYL has also reviewed all new Standards and Interpretations that have been issued but are not yet effective for the period ended 31 December 2020. As a result of this review the directors have determined that there is no impact, material or otherwise, of the new and revised Standards and Interpretations on its business and, therefore, no change necessary to SMYL's accounting policies.

NOTE 12. CONTINGENT LIABILITIES

The SMYL did not have any contingent liabilities at balance date.

Statement by the SMYL Board

The SMYL Board has determined that the SMYL is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies described in Note 1 to the financial statements.

The SMYL Board declares that, in its opinion:

- (a) the financial statements set out on pages 5 to 18 are in accordance with the Australian Charities and Not-for-profits Commission Act 2012, including:
- (i) give a true and fair view of the financial position as at 31 December 2020 and of the performance for the year ended on that date of the SMYL in accordance with the accounting policies disclosed in Note 1;
 - (ii) comply with Australian Accounting Standards as described in Note 1 to the financial statements.
- (b) there are reasonable grounds to believe that the SMYL will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the SMYL Board.

TO SOUTH METRO YOUTH LINK INC

Scope

I have audited the attached financial statements for the year ended 31st December 2020. The Association is responsible for the preparation and presentation of the financial statements and the information obtained therein. I have conducted an independent audit of the financial statements in order to express an opinion on them to the members.

My audit has been conducted in accordance with Australian Auditing Standards to provide reasonable assurance as to whether the financial statements are free of material misstatement. My procedures included examination, on a test basis of evidence supporting the amounts and other disclosures in the financial statements, and the evaluation of significant accounting estimates. These procedures have been undertaken to form an opinion as to whether in all material respects, the financial report is presented fairly in accordance with the requirements so as present a view of the Association which is consistent with our understanding of its financial position and the results of its operations.

The audit opinion expressed in this report has been formed on the above basis.

Audit

In my opinion the financial report of South Metro Youth Link present fairly in accordance with applicable Accounting Standards and other mandatory professional reporting requirements the financial position as at 30 June 2020 and the results of its operations for the year then ended.

This report seeks Council approval of budget amendments as detailed in this report. Adoption of the officer recommendations will result in a reduction of the City's budgeted net current position.

BACKGROUND

In accordance with section 6.8(1) of the *Local Government Act 1995*, a local government is not to incur expenditure from its Municipal fund for an additional purpose except where the expenditure:

- is incurred in a financial year before the adoption of the annual budget by the local government; and
- is authorised in advance by Council resolution - absolute majority required; or
- is authorised in advance by the Mayor in an emergency.

Approval is therefore sought for the budget adjustments detailed below.

OFFICER COMMENT

Council adopted its 2021/2022 Municipal budget on Monday 26 July 2021 with a budget surplus position. Since then, officers have identified budgets that require adjustment. It is good management practice to revise the adopted budget when it is known that circumstances have changed. In keeping with this practice, budgets are reviewed on a regular basis.

Amendments to the budget are categorised into the three key types as listed below:

1. Adjustments impacting the budget balance or net position of the City; relatively uncommon type.
2. Adjustments with no impact on the budget balance; most common amendment type.
3. Adjustments to transfer budget between capital and operating undertakings; relatively uncommon type.

Item 1 – BPACC Reserve Transfer

The adjustment that is required for item 1 of this budget amendment is of the type 1 category above, being an adjustment that will impact the budget balance.

The current amended budget surplus is \$1,098,182. Following the mid-year budget review, it is still expected that a budget surplus will eventuate.

Per the adopted budget, any surplus will be utilised in the following budget year as part of the overall municipal funding.

In order to assist with the funding of the construction of the BPACC it is proposed to segregate up to \$1M of any actual 2021/22 surplus into the BPACC Reserve, rather than effectively leaving this surplus in the municipal pool of funds.

The \$1M funding was identified within the Council report at the 24 November meeting as part of the funding strategy for the BPACC. This budget amendment is to realise this funding in the reserve as per the funding strategy.

After making the above adjustments, the net municipal budget position for 2021/22 will be reduced to \$98,182.

Item 2 – Second Kaloorup Road Bridge

Kaloorup Road Bridge #3381 (A0023) was included on the 2021/22 Capital works budget value at \$975,000. This budget needs to be reduced to \$936,000 by \$39,000.

Kaloorup Road Bridge #3380, a second bridge on the same road, had works scheduled valued at \$39,000. Due to an administrative misunderstanding both these budgets were added together. A new budget needs to be added to account for this project separately.

Recording these projects individually is important due to the different sources of funding, how they will be administered, the timing on when works will be completed and subsequently how they are recorded financially.

Councils approval is sought to adjust the budget accordingly. This is a simple amendment.

Bridge #3381 on Kaloorup Road is to be replaced corresponding with the road widening that has recently occurred on that section of the road. Main Roads Western Australia (MRWA) is responsible for all major maintenance, renewal, upgrade and replacements of road bridges in the State including those owned by Local Governments. The detailed design and planning for this project valued at \$138,000 has already been completed at a cost borne by MRWA. The cost to remove the old bridge and construct a new one is estimated at \$936,000. \$468,000 represents 50% of the cost is to be funded via the Federal Governments Bridge Renewal Program, while the remaining 50% will be funded by MRWA.

Kaloorup Road Bridge # 3381 – Scope of works \$936,000

Replace with new bridge; replace bridge with a single span, 6.805m long concrete steel composite dowel-plank bridge; reinforced concrete abutments and parallel wing-walls; width between kerbs to be 9.04m; top mounted thrie-beam guardrails on bridge; w-beam guardrail extensions on all approaches and departures with extruder type end terminals; upgrade approximately 100m of road to tie existing road into new bridge.

A second bridge on Kaloorup Road #3380 has also had works scheduled to be completed in the 2021/22 Financial Year.

Kaloorup Road Bridge # 3380 – Scope of works \$39,000

Substructure Repairs; Superstructure Repairs; Improve headroom in Span 1; Install HyLyte delineators on guardrail.

This project is being funded more traditionally on a 2/3rd 1/3rd basis, this time with the Federal Government funding 2/3rds valued at \$26,000 via a Special Bridge Grant paid via the Financial Assistance Grant (FAG) arrangements. MRWA is contributing the other 1/3rd valued at \$13,000. The City has already received the \$26,000 as part of its Financial Assistance Grant payment. The City will on-pay MRWA the \$26,000 on completion of the project.

The City has recently been notified that these works will be completed this financial year.

Statutory Environment

Section 6.8 of the *Local Government Act 1995* refers to expenditure from the Municipal fund that is not included in the annual budget. In the context of this report, where no budget allocation exists, expenditure is not to be incurred until such time as it is authorised in advance, by an absolute majority decision of the Council.

Relevant Plans and Policies

There are multiple plans and policies that support the proposed budget amendments, in particular, the adopted 2021/22 budget and the recently endorsed Long Term Financial Plan.

Financial Implications

The details of the financial implications of these recommendations is shown below.

Ref Item #	Description	Net (Increase) / Decrease in Revenue	Net Increase / (Decrease) in Expenditure	Net Impact on Operational Budget	Net Impact on Capital Budget	Net Impact on Cash	Net Impact on Reserves
1.	Transfer to BPACC Reserve	-	-	-		(1,000,000)	1,000,000
2.	Kaloorup Road Bridge #3381	39,000	(39,000)	-	-	-	-
	Kaloorup Road Bridge #3380	(39,000)	39,000	-	-	-	-

Stakeholder Consultation

No external stakeholder consultation was required or undertaken in relation to item 1. Main Roads was and continues to be consulted in relation to item 2.

Risk Assessment

An assessment of the potential implications of implementing the officer recommendation has been undertaken using the City's risk management framework, with risks assessed taking into account any controls already in place. No risks of a medium or greater level have been identified.

Options

The Council could decide not to proceed with the proposed budget amendment request.

CONCLUSION

Council's approval is sought to amend the budget as per the details contained in this report.

TIMELINE FOR IMPLEMENTATION OF OFFICER RECOMMENDATION

If the officer recommendation is endorsed, the budget amendment will be processed within a month of being approved.

That the Council endorses a budget amendment to transfer \$13,750 of developer contributions from the Cash in Lieu Public Art Reserve and accepts \$11,818 in contributions for the design and installation of mural in the Vasse Precinct.

CARRIED 5/0

OFFICER RECOMMENDATION

That the Council endorses a budget amendment to transfer \$13,750 of developer contributions from the Cash in Lieu Public Art Reserve and accepts \$11,818 in contributions for the design and installation of mural in the Vasse Precinct.

EXECUTIVE SUMMARY

The City's Cash in Lieu - Public Art Reserve - 341 collects cash in lieu funds from developer contributions through the Local Planning Policy No. 4.4 Percent for Art. Funds received are allocated to the precincts that they originate from. The funds are put towards artworks that will create vibrancy and interest in the precinct.

Funds are transferred from the City's Public Art Reserve to the Cultural Planning budget. The funds transferred mentioned in this report will be used to pay for a public art consultant to assist in the selection of an artist to paint a mural and the cost of the mural in the Vasse Precinct.

BACKGROUND

The Vasse Precinct Developer commissioned a Public Art Strategy as a guide to creating a vibrant and engaging town centre. The City has been working with the Developer to commission artworks that are appropriate to the town centre, have a local and social theme, and are diverse in art form. The first artworks were commissioned and a public art consultant was engaged to manage the expression of interest process.

The Vasse Precinct has an allocation of funds in the City's Cash in Lieu Public Art Reserve through contributions from McDonald's and Coles (store and service station). According to the policy, these funds must be spent in the Vasse Precinct.

In 2018 three artworks were commissioned and installed through expenditure from the Public Art Reserve. City Officers work with the Developer, property owners and a public art consultant to procure the artworks for the Precinct. These artworks were installed in spaces that are thoroughfares or where there is high traffic movement of people and vehicles, or high visual outcomes. They were not installed on the properties that the funds were received from.

The artwork that is the subject of this report is to be located at Lot 114, 4 Warrior Court, Vasse. The building abuts the vacant land on Lot 113 Warrior Court Figure 1 (Attachment A - Location of Site and Easement). Lot 113 has an easement of 6m for drainage and Public Access Figure 2 (Attachment A Location of Site and Easement). The easement will provide a buffer between the current and future buildings. It prevents a building being constructed hard up against the current property wall. While there is no guarantee that there will be a wider laneway, it is highly likely.

The draft Vasse Village Precinct Structure Plan by Hatch I Robert Day encourages street frontages with rear access for parking and services so there is a nil setback along Coomidup Boulevard. This means the easement will likely be wider or have a staggered building at various widths. The Lot 114 is currently sharing an access way Figure 1 (Attachment A).

Officers began working with the Developer and public art consultant on an artist brief in June 2021, through which appropriate themes were identified, as outlined in Attachment B - Artist Brief. The Developer and property owners have signed an Agreement for a Licence to allow the City to install and maintain artwork on the Lot.

The next stage requires the engagement of a public art consultant to conduct an Expression of Interest (EOI) process using the Artist Brief (Attachment B Artist Brief) and select an artist. The artist will then be commissioned by the City to paint the mural.

OFFICER COMMENT

There is currently \$195,991 in Percent for Art 341 Public Art Reserve of which \$32,296 is allocated to the Vasse Precinct. The Reserve funds are for artworks to be created in the precinct from where the funds are received. In 2018, there were three artworks commissioned for the Vasse Precinct using the Public Art Reserve funds. These are an overhead laneway canopy featuring artwork by Ian Mutch, a sculpture by Peter Zappa and a mural by Mel McVee.

The reserve funds are transferred to the Cultural Planning capital budget. The Developer and Owners of the property will be invoiced for additional funding. The funds will be used to contract a public art consultant and cost of the new mural. The project seeks to enhance a location that will become a laneway and linking space in the future.

Activating laneways is a positive way to design out crime as they keep spaces looking busy as people and vehicles move through them. This laneway is likely to be a short cut for pedestrians walking from parking between Warrior Court and Ganges Lane through to the commercial area. The mural will provide high visual impact immediately and strong laneway visibility in the future. Examples of this sort of activation includes the recent Reject Shop artwork in Busselton (6.3m width) and Dunsborough's Hannay Lane (7.9m). These laneways attract people as they walk past and contribute to the vibrancy of the space.

A licence has been signed by the three parties to provide permission from the Owner to the City to install the mural and maintain it. The artwork will be commissioned through an EOI undertaken by the art consultant so it will comply with the City's Purchasing Policy.

The project financials are shown in the table below.

Statutory Environment

Section 6.8 of the *Local Government Act 1995* refers to expenditure from the Municipal fund that is not included in the annual budget. Any adjustments to a budget allocation must be made by an absolute majority decision of the Council. Additionally, where no budget allocation exists, expenditure is not to be incurred until such time as it is authorised in advance, by an absolute majority decision of the Council.

Relevant Plans and Policies

The Local Planning Policy 4.4 Percent for Art aligns with the officer recommendation, as it allows the City to commission artworks in precincts where cash in lieu contributions have been made by developers.

Financial Implications

The City's net municipal cash budget position remains unchanged as a result of this budget amendment.

Stakeholder Consultation

City Officers have worked with the Developer, property owner and the public art consultant on this project. External stakeholder consultation has been conducted by the Developer.

Risk Assessment

An assessment of the potential implications of implementing the officer recommendation has been undertaken using the City's risk management framework, with risks assessed taking into account any controls already in place. No risks of a medium or greater level have been identified.

Options

As an alternative to the proposed recommendation the Council could refuse the recommendation to transfer funds. If the funds are refused, the Developer and property owner will be unable to proceed with the artwork. Both parties are likely to dispute the City's Local Planning Policy 4.4 for Percent for Art given the request complies with the policy.

CONCLUSION

Funds from the Local Planning Policy 4.4 Percent for Art allow for the commissioning of artwork in the precinct that the funds are received from. The funds will be used to contract a public art consultant to send out an EOI and contract an artist to produce a mural in the Vasse Precinct, under agreements executed between the City, the Developer and Public Art Consultant. The artwork will contribute to the aesthetic and vibrancy of the Vasse precinct.

TIMELINE FOR IMPLEMENTATION OF OFFICER RECOMMENDATION

Upon adoption by Council, the artwork EOI process will commence immediately.

Overview

The Vasse Village Town Centre is growing rapidly and is and subsequently there are some Stage 2 commercial public art opportunities becoming available as the planning program is complete and subsequent building program is about to commence.

This Artist Brief is for a mural type artwork to be designed and applied to the west wall elevation of a new car/dog wash facility currently under construction.

Mural Artwork

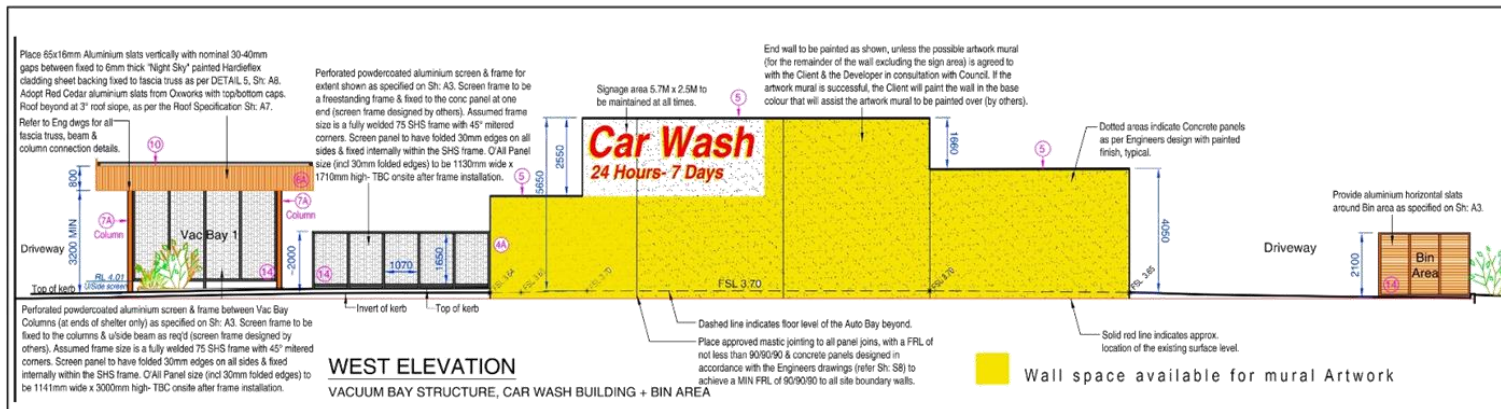

The west facing, concrete tilt panel wall is the specified artwork mural area shown in the below elevation.

The length of the wall is 20800mm with three different heights across its length. These are 3100mm on the left section, 5650 in the highest centre section and 4050mm on the right section.

There is a signage section that needs to be maintained as shown on the elevation below.

The concrete will be finished in a white primer ready for the artists mural application.

The artist / artist team is responsible for design, painting installation and anti-graffiti protective coating.

Curatorial Response

The curatorial and thematic framework when considering and designing an appropriate artwork/s should draw conceptual inspiration from the following themes.

Four key themes for public art in the Township of Vasse were identified through desktop research, community consultation and stakeholder engagement. These themes are the distillation of the information gleaned during the research. They will be used to plan public art projects that are relevant to the Town of Vasse by drawing on one or more of the unique Vasse narratives that flow from each theme.

Vasse's significant indigenous heritage, the early settlement heritage, the Busselton to Flinders Bay Rail Trail and the "down south" contemporary lifestyle this region offers, will be the basis for public art briefs developed by the Vasse Development Partners and provide the inspiration for public artists working locally and from across Western Australia and internationally.

1. Indigenous History and Culture

Key Words: *Wadandi Noongar, Bibbulmun, Coastal Plain, Travel Corridor, Food, Water, Shelter*

<https://www.busselton.wa.gov.au/connect/aboriginal-culture>

The Wadandi and Bibbulmun people of the Busselton, Dunsborough and Margaret River areas have walked this ancient land for almost 50,000 years.

Their culture is as rich and varied as the countryside itself. The aboriginal tribes of Australia's South West enjoyed the abundant food and water found along the coastal plain.

Conservationists by nature, they were semi-nomadic hunter-gatherers, who moved with the supply of food as the seasons changed, taking only what they needed to survive, maintaining a high regard for life and the land.

Significant indigenous stories, important cultural locations and significant individuals are opportunities that may be researched, explored and celebrated with Public artwork

2. Early Settlement Heritage

Key Words: *Farming and fresh produce, Potato farming, Dairy farming, Whalers, Timber production*

<https://vassevillage.com.au/art-at-vasse/vasse-history/>

https://en.wikipedia.org/wiki/Vasse,_Western_Australia#:~:text=The%20town%20is%20named%20after,previously%20been%20known%20as%20Newtown.

Records show that the population of the Vasse and Augusta region by 1841 was 102, of whom 64 were male and 38 female. By 1845 the population had risen to 176, representing a 72% rise in four years. Despite depressed conditions, the population had continued to increase quite dramatically, due in part at least to the migration of many settlers firstly, from the ill-fated Augusta settlement around 1834 and secondly, from the Australind experiment that was based on Wakefield principles and failed.

At the same time, a new confidence brought about by the cessation of hostilities with the local Wadandi Aboriginals, led to a move outwards from the general confines of the barracks area.

The Vasse region area became a nearby alternative for

many of these people, who saw the area profit from providing a ready market with American whalers (who used the safety of Geographe Bay) for its agricultural goods.

When they weren't working hard, the families at Newtown/Vasse conducted their social lives with families and friends, including picnics and holidays at the beach at Yallingup and Newtown Beach.

Some of the early settlers shaped the history of the Town of Vasse.

Elijah Dawson, born 1797, was a Waterloo veteran who travelled to the colony in the Ellen in April 1834 with Colonel Molloy. He was an original settler at Augusta and farmed at Wonnerup, before moving to an area on the West Brook, which later became known as the Newtown district.

Thomas Abbey worked as a timber labourer, while farming his property producing potatoes, butter and livestock. Their settlement, Newtown House was a lying in house for many years and Mary Anne Abbey acted as midwife in the district having the wives of other settlers stay at her home for the birth of their children, or visiting the isolated farms to confine the mothers. The Newtown House was considered to be a meeting place for local farmers, prior to the construction of Newtown Agricultural Hall, and school and church services were regularly held at the site.

Thomas Thurkle arrived in Fremantle via Tasmania in 1829, as a member of the crew on the Orelia. Besides working on their farm, Thomas became a mailman, a J.P., Protector of Aborigines, Police Constable, Church of England Warden and a member of the Sussex Road Board for 42 years.

At the age of five, Robert Reading arrived in Vasse with his parents. Robert Reading's association with the Agricultural Society began as early as 1923 and he, his wife and son Ross are all life members of the organisation. The extent of his involvement in the community appears impressive as he was actively involved as Chairman of the Lower South West Committee of the Pastoralists and Graziers' Committee; Vice chairman of the Sussex Road Board in the late 1930s; involved with the formation of the Bushfire Brigade; and President of Busselton Golf Club, Bowling Club and Basketball Association over a number of years. Robert was also an instigator of the proposed new town sports area on five acres adjacent to the new Hall.

In 1898, the original Newtown Hall was built of brick with corrugated iron roof and verandahs on three sides.

When the Western Australian government opened land for the Group Settlement Scheme around Busselton, it was decided that some form of drainage was necessary to remove water from the low lying areas. On comple-

tion, the local drain changed the landscape in the area and according to Charlie Thurkle, 'when the Buayanup Drain was dug in 1926, the swamp became very salty and was no longer suitable for potato growing'. The establishment of a dairying industry was a progressive move forward for many farmers.

Schooling at Newtown began about 1845 and soon after settlement, with several wives of American Whalers, who were residing temporarily in the area, undertaking the education of the local children as well as their own. The place is now listed on the State Heritage Register acknowledging its historic significance and reflecting the heritage values of the community.

FARMING & FRESH PRODUCE

The countryside of Vasse has been a significant farming area since the first settlement. The first settlers harvested mainly potatoes and other fresh vegetables and were recognized as a fresh produce hub for the area of Busselton. After the construction of the Buayanup Drain the terrain lost its suitability for the harvest of potatoes and many farmers converted to dairy farming. Today Vasse defines itself as a point of contact between established farming traditions and the south west lifestyle. Modern farming in the areas is also increasing represented by high quality viticultural and wine making pursuits.

3. The Busselton to Flinders Bay Rail Trail (The Wadandi Track)

Key Words: *Transport, Rail, Timber and Produce, Rails to Trails Project*

https://en.wikipedia.org/wiki/Flinders_Bay_Branch_Railway

https://trails.wa.gov.au/trails/wadandi_track_margaret_river/print

The opening of the railway line between Busselton and Augusta in 1924 had a big impact on the lives of the local country people. It was to become an integral transport link for timber, produce and indeed the local population to move through the broader region between Busselton and Augusta.

The line from Busselton to Vasse was six miles long and continued on through the Vasse Siding, finishing at Flinders Bay Augusta. This important rail infrastructure opened up the area and became an important means of transport, until road infrastructure improved and became competitive. The railway opening assisted local industries to develop by providing the opportunity to allow local traders the means of exchanging goods with their counterparts in other neighbouring regions. The last train from Margaret River ran in 1957.

As of 2012 plans were partially implemented for a 'Rails to Trails' project, which passes through Vasse, as a means to identify and interpret the rail history of the area for the future.

Art opportunities exist drawing upon the rail narrative and what it meant to the regional populations as the area developed.

4. Contemporary "Down South" Lifestyle

Key Words: *Healthy Lifestyle, Wellness, Adventure, Exercise, Events, Fresh Produce, Wine and Wineries, Breweries, Unique Coastal and Beach Experiences*

<https://www.australiassouthwest.com/>

https://www.westernaustralia.com/en/places_to_see/south_west/pages/south_west.aspx

The South West is renowned for its relaxed holiday lifestyle, drawing tourists from around the world and nurturing a growing and highly engaged vibrant local community.

The outdoor experiences are unparalleled, including surfing, camping, fishing, boating, cycling and hiking trails. Increasingly the local and broader region is being showcased as an exercise and adventure event hub with the advent of mountain bike, marathon and triathlon events being held on a regular basis.

The quality of local fresh produce, boutique breweries and wineries and a diverse mix of local artisans all add to the unique appeal of this beautiful region.

Healthy Lifestyle

Promote the vision of Vasse as a central lifestyle hub with many and varied recreational facilities (as discussed above) aiming to promote a healthy and sustainable lifestyle, closely integrated with the presence of the local Rail Trail Cycling Path and a diverse and spectacular surrounding natural environment incorporating world class surfing beaches.

World Class Wineries & Boutique Breweries

The South West regional area is well renowned for the production of world class wine and the presence of this vibrant industry is an important opportunity for public art. Travelling to the region to enjoy the locally produced wines and associated restaurants and hospitality venues is very popular and is a huge drawcard with Vasse ideally located to become the entry statement to the region. In more recent times there has been several boutique breweries established producing high quality craft beer which have also proven to be very popular drawcard to the region.

Beach to Countryside Experience

It's a short bike ride from Busselton to Vasse and the experience of a ride or hike between beach and countryside farms and ending up in the Township of Vasse is something enjoyable both for tourists and residents alike.

Scope Of Works

The artist will be responsible for the;

- Overall concept development,
- Design and Documentation (inc. Maintenance Manual) for Stakeholder and City of Busselton approval.
- Fabrication/creation of artwork
- Installation / Painting on site including Access requirements.
- Anti Graffiti Coating
- All OH&S and relevant insurance requirements.

The role of the artist is to design, budget, coordinate, and install a public artwork in line with the specifications in this brief and subsequent contract.

The artist is expected to work in collaboration with Artefact Creative, Vasse Development Partners, the relevant architects and designers during design development and installation.

Commissioning Process

This project will be chosen from a curated shortlist of Artist/s invited to submit Conceptual Submissions for this project.

All artists will be based in Western Australia.

Selection Process

- The selection panel will consist of representatives on behalf of the clients Vasse Development Partners, City of Busselton.
- All panel members understand they need to be aware of potential conflicts of interest and confidentiality issues that may arise from being part of the panel. Artefact Creative will be part of the panel and advise, but not vote on the outcome.
- The panel will assess and select an artist/s from the Conceptual Submissions received.
- The successful artist/s may be required to talk to a panel and present their concept that meets the requirements of the brief. The concept should be supported with diagrams, illustrations, renders or digital images where appropriate.
