### **EXECUTIVE SUMMARY**

This report provides details of payments made from the City's bank accounts for the month of April 2022, for noting by the Council and recording in the Council Minutes.

# **BACKGROUND**

The Local Government (Financial Management) Regulations 1996 (the Regulations) requires that, when the Council has delegated authority to the Chief Executive Officer to make payments from the City's bank accounts, a list of payments made is prepared each month for presentation to, and noting by, the Council.

#### **OFFICER COMMENT**

In accordance with regular custom, the list of payments made for the month of April 2022 is presented for information.

# **Statutory Environment**

Section 6.10 of the *Local Government Act 1995* and more specifically Regulation 13 of the Regulations refer to the requirement for a listing of payments made each month to be presented to the Council.

# **Relevant Plans and Policies**

There are no relevant plans or policies to consider in relation to this matter.

# **Financial Implications**

There are no financial implications associated with the officer recommendation.

# **Stakeholder Consultation**

No external stakeholder consultation was required or undertaken in relation to this matter.

# Risk Assessment

An assessment of the potential implications of implementing the officer recommendation has been undertaken using the City's risk management framework, with risks assessed taking into account any controls already in place. No risks of a medium or greater level have been identified.

#### **Options**

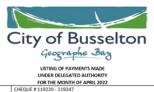

Not applicable.

# **CONCLUSION**

The list of payments made for the month of April 2022 is presented for information.

# TIMELINE FOR IMPLEMENTATION OF OFFICER RECOMMENDATION

Not applicable.

#### 6.2 FINANCIAL ACTIVITY STATEMENTS - YEAR TO DATE AS AT 30 APRIL 2022

STRATEGIC THEME LEADERSHIP - A Council that connects with the community and is

accountable in its decision making.

**STRATEGIC PRIORITY** 4.2 Deliver governance systems that facilitate open, ethical and

transparent decision making.

**SUBJECT INDEX** Financial Services **BUSINESS UNIT** Financial Services

**REPORTING OFFICER** Manager Financial Services - Paul Sheridan

**AUTHORISING OFFICER** Director Finance and Corporate Services - Tony Nottle

NATURE OF DECISION Executive: Substantial direction setting, including adopting budgets,

strategies, plans and policies (excluding local planning policies); funding, donations and sponsorships; reviewing committee

recommendations

**VOTING REQUIREMENT** Simple Majority

ATTACHMENTS Attachment A Loan Schedule - April 2022 1

Attachment B Financial Activity Statement - April 2022 1

Attachment C Investment Report - April 2022 U

#### **COMMITTEE RECOMMENDATION**

**F2206/028** Moved Councillor M Love, seconded Councillor G Henley

That the Council receives the statutory financial activity statement reports for the period ending 30 April 2022, pursuant to Regulation 34(4) of the *Local Government (Financial Management)* Regulations 1996.

CARRIED 4/0

### **OFFICER RECOMMENDATION**

That the Council receives the statutory financial activity statement reports for the period ending 30 April 2022, pursuant to Regulation 34(4) of the *Local Government (Financial Management)* Regulations 1996.

#### **EXECUTIVE SUMMARY**

Pursuant to Section 6.4 of the Local Government Act 1995 (the Act) and Regulation 34(4) of the Local Government (Financial Management) Regulations 1996 (the Regulations), a local government is to prepare, on a monthly basis, a statement of financial activity that reports on the City's financial performance in relation to its adopted / amended budget.

This report has been compiled to fulfil the statutory reporting requirements of the Act and associated Regulations, whilst also providing the Council with an overview of the City's financial performance on a year to date basis, for the period ending 30 April 2022.

# **BACKGROUND**

The Regulations detail the form and manner in which financial activity statements are to be presented to the Council on a monthly basis, and are to include the following:

- Annual budget estimates
- Budget estimates to the end of the month in which the statement relates
- Actual amounts of revenue and expenditure to the end of the month in which the statement relates

- Material variances between budget estimates and actual revenue/expenditure (including an explanation of any material variances)
- The net current assets at the end of the month to which the statement relates (including an explanation of the composition of the net current position)

Additionally, and pursuant to Regulation 34(5) of the Regulations, a local government is required to adopt a material variance reporting threshold in each financial year. At its meeting on 26 July 2021, the Council adopted (C2107/140) the following material variance reporting threshold for the 2021/22 financial year:

That pursuant to Regulation 34(5) of the Local Government (Financial Management) Regulations, the Council adopts a material variance reporting threshold with respect to financial activity statement reporting for the 2020/21 financial year as follows:

- Variances equal to or greater than 10% of the year to date budget amount as
  detailed in the Income Statement by Nature and Type/Statement of Financial
  Activity report, however variances due to timing differences and/or seasonal
  adjustments are to be reported only if not to do so would present an incomplete
  picture of the financial performance for a particular period; and
- Reporting of variances only applies for amounts greater than \$25,000.

#### **OFFICER COMMENT**

In order to fulfil statutory reporting requirements and to provide the Council with a synopsis of the City's overall financial performance on a year to date basis, the following financial reports are attached hereto:

# Statement of Financial Activity

This report provides details of the City's operating revenues and expenditures on a year to date basis, by nature and type (i.e. description). The report has been further extrapolated to include details of non-cash adjustments and capital revenues and expenditures, to identify the City's net current position; which reconciles with that reflected in the associated Net Current Position report.

#### **Net Current Position**

This report provides details of the composition of the net current asset position on a full year basis, and reconciles with the net current position as per the Statement of Financial Activity.

#### **Capital Acquisition Report**

This report provides full year budget performance (by line item) in respect of the following capital expenditure activities:

- Land and Buildings
- Plant and Equipment
- Furniture and Equipment
- Infrastructure

#### **Reserve Movements Report**

This report provides summary details of transfers to and from reserve funds, and associated interest earnings on reserve funds, on a full year basis.

Additional reports and/or charts can be provided as required to further supplement the information comprised within the statutory financial reports.

# **Comments on Financial Activity to 30 April 2022**

The Statement of Financial Activity (FAS) for the year to date (YTD) shows an overall Net Current Position of \$5.2M as opposed to the budget of (\$13.8M). This represents a positive variance of \$19M YTD.

The following table summarises the major YTD variances that appear on the face of the FAS, which, in accordance with Council's adopted material variance reporting threshold, collectively make up the above difference. Each numbered item in this lead table is explained further in the report.

	Description	2021/22 Actual YTD \$	2021/22 Amended Budget YTD \$	2021/22 Amended Budget \$	2021/22 YTD Bud Variance %	2021/22 YTD Bud Variance \$	Change in Variance Current Month \$

# **Revenue from Ordinary Activities**

In total, revenue from Ordinary Activities is close to budget, being 4.72% ahead YTD. There are however material variance items contained within this category, on the face of the Financial Activity Statement, that require comment.

# 1. Operating Grants, Subsidies & Contributions

much of the grant can be recognised as revenue.

Ahead of YTD budget by \$2.5M, or 77.4%, mainly due to the items listed in the table below:

Revenue Code	Revenue Code Description	Actual YTD \$	Amended Budget YTD \$	Variance YTD \$	Variance YTD %	Change in Variance Current Month \$

# 3. Interest Earnings

Ahead of YTD budget by \$62K, or 11%, due to an increase in interest rates being offered on investments over the last few months.

#### **Expenses from Ordinary Activities**

favourable prices, a higher volume of scrap metal was sold from stockpiles.

Expenditure from ordinary activities is \$7.7M, or 10.5%, less than expected when compared to the budget YTD. The expense line items on the face of the financial statement that have a YTD variance that meet the material reporting threshold are outlined below.

# 4. Other Expenditure

\$5.3M, or 67.4%, under the budget YTD. The main contributing items are listed below:

Cost Code	Cost Code Description	Actual YTD \$	Amended Budget YTD \$	Variance YTD \$	Variance YTD %	Change in Variance Current Month \$			
<b>Executive Service</b>	r <u>es</u>	95,625	69,170	(26,455)	(38.2%)	1,105			
10001	Office of the CEO	41,862	69,170	27,308	39.5%	7,050			
The underspend	The underspend relates to the inter-council initiatives budget line item, which has not been spent to date.								
10011	Emergency Contingency Costs (Other)	53,764	-	(53,764)	(100.0%)	(5,945)			

There is no budget for this particular area, as it is used purely to capture specific unforeseen emergency related costs. YTD actuals represent the costs associated with the forgone rental opportunities at the YCAB, whilst it is being used as a COVID vaccination clinic i.e. effectively tracking this part of the City's contribution to the vaccination effort. This a non-cash "book entry", with an offsetting revenue amount shown in Venue Hire income for the YCAB facility.

Finance and Corporate Services		990,760	899,775	(90,985)	(10.1%)	(55,648)		
10000	Members of Council	525,267	589,561	64,294	10.9%	(521)		
Timing related	variances with underspends in	primarily me	ember allow	ances and s	itting fees (	\$35k), plus		
underspends in reimbursements and training expenses due to change of council members.								
10151	Rates Administration	32,942	50,910	17,969	35.3%	3,446		

The budget is for rating valuations in relation to the interim rating of new properties. It was set as an even monthly spread, as historically these activities are random (e.g. dependant on building completions), and can't be predicted. As such, there will always be timing variances.

# 5. Capital Expenditure

YTD there is an underspend variance of 59.4%, or \$30.7M, in total capital expenditure, with YTD actual at \$21M against the YTD budget of \$51.7M. A large portion of this positive underspend variance is offset by the negative variance in Non-Operating Grants, Contributions & Subsidies discussed above, with the remainder offset by the negative variances in Transfers From Reserves and Restricted Assets related to funds held aside for these projects. The attachments to this report include detailed listings of all capital expenditure (project) items, however the main areas of YTD variance are summarised as follows:

Cost Code	Cost Code Description	Actual YTD \$	Amended Budget YTD \$	Variance YTD \$	Variance YTD %	Change in Variance Current Month \$
<u>Land</u>		2,599	41,670	39,071	93.8%	4,167

This is a contingency fund for costs associated with land acquisition or disposal under the LTFP, such as advertising costs in relation to the proposed disposition of freehold land holdings at Ambergate.

<u>Buildings</u>		3,449,212	18,389,600	14,940,388	81.2%	925,171

Infrastructi	<u>ure</u>	16,324,772	29,953,087	13,628,315	45.5%	1,148,862
Various	Roads	6,752,938	9,521,677	2,768,739	29.1%	(145,251)

Many road construction projects are now well underway. Impacting this increasing variance through to June will be the outcome from discussions with Council in September/October 2021 where it was decided that the current capital works program would be spread over 18 months extending into the 2022/23 financial year. To this end, some projects that were to be budgeted this financial year have been put on hold given the state of the economy, availability of contractors and increased costs.

- 48% of the YTD variance valued at \$1.323m is associated with the two remaining Regional Road Safety Program projects that are both currently in progress. These works will be completed by June 30.
- 12% of the YTD variance valued at \$340k is associated with the Kaloorup Road Blackspot project with works to come in under budget by est. \$400k.
- The Peel & Queen Street Roundabout Service Relocation works were recently completed in April. This variance will swing into an estimated \$380k deficit position upon receipt of all invoices associated with the project. A budget amendment report will go to Council on this matter.

There will be a significant under expended variance to budget associated with road projects come June 30.

Various	Bridges	977	3,921,994	3,921,017	100.0%	1,238,650
---------	---------	-----	-----------	-----------	--------	-----------

Major bridge works are completed by Main Roads, with financial recognition of works often not occurring until late in the financial year.

To date, works have been completed on the Bussell Highway bridge #241, Yallingup Beach Road bridge #3347 and the Tuart Drive bridge #0238 that has now been open to the public. Invoiced for two of these projects have been received and will be will be entered in May.

The City has limited control over Main Roads scheduling and it is often the case that some Bridge projects are carried over into the following year. The City was recently notified that bridge works on Layman Road, Kaloorup Road, Boallia Road & Gale Road values at \$2.308m will now not commence until the 2022/23 financial year. This variance will continue to increase until invoices for works are provided by Main Roads, which is typically at the end of the financial year.

Various   Car Parks   1,002,238   1,857,380   855,142   46.0%	(122,521)
---	-----------

39% of the YTD variance valued at \$336k is associated with the new car parking for the Dunsborough Lakes Sporting Precinct where works are progressing.

The following two projects will not be completed this year and thus will represent under expenditures come June 30:

- Dunsborough Chieftain Crescent Carpark Extension \$160k YTD, annual budget \$240k.
- Hotel Site 2 Carpark \$230k YTD.

There will be a significant under expended variance to budget associated with Car Parks projects come June 30.

Various	Footpaths & Cycleways	692,100	1,633,614	941,514	57.6%	108,080
200/ of the	+	U:na ¢2751, :a		+h +h~ ¢E001	Dunnaltan C	DD Factooth

29% of the year to date variance totalling \$275k is associated with the \$500k Busselton CBD Footpath Renewal project where the majority of this project has temporarily been put on-hold pending further review and potential re list.

11% of the YTD variance valued at \$104K is associated with the Buayanup Drain Shared path project. Not all of this the budget will be expended as the value of the project was reduced towards the end of last financial year, however the amount carried over was not adjusted based on the reduced estimate.

16% of the YTD variance valued at \$155K is associated with the Causeway Road Shared Path project. Tender prices for these works have come in higher than anticipated and it is thus unclear if this project will proceed this financial year.

There will be a significant under expended variance to budget associated with Footpaths & Cycleway projects come June 30.

Parks, Gardens & Reserves		7,472,066	12,520,482	5,048,416	40.3%	164,177
Various	Busselton Jetty - Capital	368,642	681,310	312,668	45.9%	3,843
	Expenditure	/ -	, , ,	, , , , , ,		-,

At the time this budget was being prepared the 50 year Jetty plan was being revised and structural assessments were being carried out. To this end, some of the scheduled works were able to be moved forward and as such were not required to be completed this financial year. There will be a variance to budget in the order of \$200k come June 30; where these monies will remain in the Jetty Reserve to fund the rescheduled works going forward.

 Various
 Coastal & Boating
 64,148
 1,156,800
 1,092,652
 94.5%
 16,000

70% of the variance valued at \$773k is attributable to both the stage 2 West Busselton & Forth Street seawall works. A report to Council in late January resulted in a decision to only proceed with the West Busselton works at this time with some of these costs to be offset by the Fourth Street Seawall project that has been put on hold. This project has now commenced with contractor costs to be incurred in May.

18% of the variance valued at \$198k is associated with a Coastal Adaptation project re the Mitigation of Coastal Flooding. This project is in the design phase with a major portion of the funding anticipated to be outlaid before the end of the FY; subject to the availability of resources and material.

 Various
 Waste Services
 973,427
 1,737,500
 764,073
 44.0%
 163,894

Budget for the Busselton Landfill Post-Closure Capping, Rehab & Remediation of \$1M are \$657k under budget YTD, as works associated with have paused while awaiting DWER's instruction around remediation options associated with property classifications. Focus for the remaining financial year shifted to earthworks for the construction of Dunsborough Landfill Cell 2 budgeted at \$500k. It is anticipated, come June 30, there will be a significant under expended variance to budget associated with several Waste Services projects.

Various Townscape & Vasse River 55,980 1,261,823 1,205,843 95.6% 236,155

No townscape works of any significance associated with projects in this category have yet to commence, however planning is well advanced.

Some of the townscape works in Dunsborough valued at \$1.057m will be staged, between the 21/22 and 22/23 financial years.

The budget of \$640K for major Vasse River works, that commenced in April, will be moved into the operational area via a budget amendment in June, as it is not capital related.

Various Other P&G Infrastructure 6,009,868 7,683,049 1,673,181 21.8% (255,715)

There are 45 individual Parks & Gardens capital projects budgeted this financial year ranging in value from between a mere \$1.8k to \$2.118m.

- 67% of the YTD variance valued at \$ 1.116m is associated with the Dunsborough Lakes Sporting Precinct project.
- The Barnard Park East Foreshore Landscaping project is reported at \$532k over expended to the annual budget, this has been highlighted in Councillor briefings.

Various   Drainage   311,165   211,200   (99,965)	(47.3%)	(94,273)
---	---------	----------

The City's drainage project on Carey street is reported at \$95k over budget YTD. The budget for the footpath in the same location is under budget \$197k. City Labour costs associated with the footpath may be included in the drainage project; if this is found to be the case the costs will be reallocated.

	Regional Airport &					
Various	Industrial Park	93,288	286,740	193,452	67.5%	-
	Infrastructure					

YTD actual is made up of four separate account strings all part of the Airport development project. Some are completed (underspent) and others may not be spent until the end of the FY depending on timing of the works. A nominal amount was budgeted for unforeseen noise mitigation requirements, resulting from the commencement of RPT services. Some of these works have only just commenced.

#### 6. Proceeds From Sale of Assets

YTD there have been minimal proceeds from sale of assets recorded against the YTD budget of \$776K. This is due to the continuing delays in delivery of acquisitions, and the associated transfer to auction of the vehicles being replaced. Some vehicles that were planned to be traded/auctioned have also been retained and redeployed instead.

#### 7. Proceeds from New Loans

By YTD April it was forecast that the self-supporting loan to BJINC of \$4M for the AUDC project would have been drawn. This will no longer be proceeding. A further \$125K of self-supporting loans to community groups was also forecasted to have been drawn and on-lent by this stage of the financial year. The combination of these things accounts for the \$4.125M negative variance YTD.

This is offset by a corresponding positive timing variance of \$4.125M in Advances to Community Groups.

## 8. Self Supporting Loans – Repayments of Principal

This line is \$91K under budget due to the AUDC loan not proceeding.

# 9. Total Loan Repayments - Principal

Repayments of the principal on loans is \$330K under budget YTD, due to the loan for the BPACC not proceeding in the timeframe as budgeted, as well as the deferment of the AUDC project and hence the non-draw down of the associated self-supporting loan to BJINC (offset per #8 above).

#### 10. Advances to Community Groups

Although it is not possible to predict when these loans will be applied for, the negative variance is 100% offset by the positive variance in Proceeds from New Loans outlined above. YTD the variance is \$4.125M mainly due to the AUDC being put on hold.

## 11. Transfer to Restricted Assets

There is a YTD variance in transfers to Restricted Assets of \$22.2M because there is usually no budget for this item during the year. The transfers are usually not possible to predict, and are fully reconciled only at year end.

At the time of budgeting it is not possible to predict what grants will be received, and in what timeframe, nor when they will be spent and hence potentially transferred to Restricted Assets (or unspent portions thereof).

YTD, loans of \$20M were received for BPACC that were transferred to restricted assets (\$10M of which was budgeted for per a budget amendment for an additional \$10M borrowing), until utilized, as well as \$8.6M in various government grants, plus \$1.7M in Roadwork Bonds, and \$1.9M in developer contributions, deposits and bonds.

# 12. Transfer from Restricted Assets

YTD, there has been \$8.1M transferred from Restricted Assets into the Municipal Account. The transfers are usually not possible to predict, and are fully reconciled only at year end.

This was attributable to \$3.4M of grant money for works completed and reconciled, \$713K of Roadwork Bonds, \$463K of caravan park deposit refunds, utilization of \$1.7M of restricted loan money (BPACC), and \$1.8M of various other bonds and deposits.

#### 13. Transfer to Reserves

YTD, there has been \$1.8M more transferred to reserves than budgeted due to receiving the Financial Assistance Grants for the 2022/23 year in advance. This was put aside in the Prepaid Grants Reserve to be utilised next financial year.

# **Investment Report**

As at 30<sup>th</sup> April 2022 the value of the City's invested funds increased to \$107M from \$97M as at 31<sup>st</sup> March 2022.

As at 30<sup>th</sup> April 2022 the 11AM account balance is \$23M, up from \$13M as at 31<sup>st</sup> March 2022.

The increase of \$10M in the investment pool is due to:

 Addition of \$10M loan received for the BPACC project deposited into the 11am account (an intermediary account which offers immediate access to the funds compared to the term deposits, and a higher rate of return compared to the cheque account).

During the month of April six term deposits totalling the amount of \$18M matured. These were renewed for a further 69 days at 0.91% on average.

The official cash rate remains steady for the month of April at 0.10%.

# **Borrowings Update**

During the month a further two lots of \$5M were drawn from the WATC for the BPACC project, per the budget amendment in March that brought these planned borrowings in earlier than originally forecast in the LTFP, due to increasing interest rates. Also, \$435K of principal and \$85K of interest was repaid on existing loans. The attached Loan Schedule outlines the status of all existing loans as at April YTD.

# **Chief Executive Officer – Corporate Credit Card**

There were no transactions made on the Chief Executive Officer's corporate credit card during April 2022.

# **Donations & Contributions Received**

During the month no donations or contributions were received.

# **Statutory Environment**

Section 6.4 of the Act and Regulation 34 of the Regulations detail the form and manner in which a local government is to prepare financial activity statements.

# **Relevant Plans and Policies**

There are no relevant plans or policies to consider in relation to this matter.

# **Financial Implications**

Any financial implications are detailed within the context of this report.

### **Stakeholder Consultation**

No external stakeholder consultation was required or undertaken in relation to this matter.

# **Risk Assessment**

An assessment of the potential implications of implementing the officer recommendation has been undertaken using the City's risk management framework, with risks assessed taking into account any controls already in place. No risks of a medium or greater level have been identified.

# **Options**

The Statements of Financial Activity are presented in accordance with Section 6.4 of the Act and Regulation 34 of the Regulations and are to be received by Council. Council may wish to make additional resolutions as a result of having received these reports.

# **CONCLUSION**

As at 30<sup>th</sup> April 2022, the City's net current position stands at \$5.2M. The City's financial performance is considered satisfactory, and cash reserves remain strong.

#### TIMELINE FOR IMPLEMENTATION OF OFFICER RECOMMENDATION

Not applicable.

#### 6.3 BUDGET AMENDMENT REQUEST - LOWER VASSE RIVER SEDIMENT REMOVAL PROJECT

**STRATEGIC THEME** ENVIRONMENT - An environment that is valued, conserved and able

to be enjoyed by current and future generations.

**STRATEGIC PRIORITY** 1.3 Work with key partners to improve the health of the Vasse River

and other waterways in the Geographe catchment.

SUBJECT INDEX Water Quality

**BUSINESS UNIT** Environmental Services

**REPORTING OFFICER** Senior Sustainability/Environment Officer - Mathilde Breton **AUTHORISING OFFICER** Director, Planning and Development Services - Paul Needham

**NATURE OF DECISION** Executive: Substantial direction setting, including adopting budgets,

strategies, plans and policies (excluding local planning policies); funding, donations and sponsorships; reviewing committee

recommendations

**VOTING REQUIREMENT** Absolute Majority

ATTACHMENTS Nil

#### **COMMITTEE RECOMMENDATION**

**F2206/029** Moved Councillor G Henley, seconded Councillor M Love

That the Council endorse the following budget amendment, transferring the budget for Lower Vasse River Sediment Removal from the capital to operating budgets, to better align the budget with relevant accounting standards -

Cost code description	Account string	Current budgeted expenditure	Amended budgeted expenditure	Impact on budgeted net position
Vasse River – ongoing restoration of river habitat	C3243	\$640,000	Nil	\$640,000
Sustainability - Contractors	400-10801-3280-0000	Nil	\$640,000	(\$640,000)
Overall	NA	\$640,000	\$640,000	Nil

CARRIED 4/0

BY ABSOLUTE MAJORITY

# **OFFICER RECOMMENDATION**

That the Council endorse the following budget amendment, transferring the budget for Lower Vasse River Sediment Removal from the capital to operating budgets, to better align the budget with relevant accounting standards -

Cost code description	Account string	Current budgeted expenditure	Amended budgeted expenditure	Impact on budgeted net position
Vasse River – ongoing restoration of river habitat	C3243	\$640,000	Nil	\$640,000
Sustainability - Contractors	400-10801-3280-0000	Nil	\$640,000	(\$640,000)
Overall	NA	\$640,000	\$640,000	Nil

#### **EXECUTIVE SUMMARY**

The Council is asked to support a budget amendment to align with relevant accounting standards, but which has no impact on the budget bottom line.

#### **BACKGROUND**

Consistent with the City's Long Term Financial Plan, funds were allocated in the City's 2021/22 capital budget towards Lower Vasse River Restoration. A total of \$640,000 was allocated, with \$290,000 being funded through a transfer from the newly created Waterways Restoration Reserve and the balance of \$350,000 funded from a State Government Grant through the Healthy Estuaries Initiative programme.

Consistent with feedback received from the Lower Vasse River Management Advisory Group (LVRMAG) and following the obtaining of all environmental approvals, as well as various procurement processes, those funds are being used for the Stage 1 sediment removal project that commenced in April. It is expected that the full budget should be spent by end June, although there may be a need to relist some spend and associated reserve/restricted asset transfers, should portions of the current project not be complete prior to that time.

Since adoption of the 2021/22 budget, however, it has been identified that the expenditure should have been budgeted as operating and not capital expenditure. The nature of the works actually being undertaken this financial year, being sediment removal, does not represent capital spend. The 'land' that the River occupies is also Unallocated Crown Land (UCL), neither not owned by the City or subject of a management order granted to the City under the *Land Administration Act 1997*. As such, the expenditure should be identified as operating and not capital, to align with relevant accounting standards – and an amendment to the budget to reflect that is therefore recommended.

It should be noted that the purpose of the Waterways Restoration Reserve allows for both operating and capital spend. The Reserve purpose as identified in the 2021/22 budget is; "To provide for any works required to rejuvenate, revive or rectify natural waterways within the Busselton district". The proposed budget amendment will not affect the City's overall budget balance, and nor will it have a significant impact on the City's financial ratios.

Whilst further expenditure on sediment removal would also be operating spend, other spend being contemplated, such as the potential development of treatment wetlands, may be classed as capital spend. It is expected that the strategic direction for future investment in waterways restoration will be subject of further consideration by the LVRMAG and the Council later in 2022.

#### **OFFICER COMMENT**

It is necessary for the City to ensure that its finances are managed in a manner consistent with relevant accounting standards, including the correct identification of spend as either capital or operating. Whilst, in many senses, including the nature of the work and scale of investment, the sediment removal project is being run and managed in a manner consistent with a capital project, as the Lower Vasse River is not a City asset in an accounting sense, the sediment removal work cannot be identified as capital expenditure.

#### **Statutory Environment**

The officer recommendation supports the general function of a local government under the *Local Government Act 1995* to provide for the good government of persons in its district. As the recommendation provides for an amendment to the budget, an absolute majority resolution of the Council is required.

# **Relevant Plans and Policies**

There are no relevant plans or policies to consider in relation to this matter.

# **Financial Implications**

There are no financial implications associated with the officer recommendation.

# **Stakeholder Consultation**

No external stakeholder consultation was required or undertaken in relation to this matter.

#### **Risk Assessment**

An assessment of the potential implications of implementing the officer recommendation has been undertaken using the City's risk management framework, with risks assessed taking into account any controls already in place. No risks of a medium or greater level have been identified.

# **Options**

As an alternative to the proposed recommendation the Council could not amend the budget, and instead reconcile the City's books with relevant accounting standards as part of 2021/22 year end processes. It is seen as preferable to amend the budget prior to year end.

# CONCLUSION

It is recommended that the Council support the recommended budget amendment.

# TIMELINE FOR IMPLEMENTATION OF OFFICER RECOMMENDATION

The recommendation would be implemented immediately following a Council resolution.

# 6.4 <u>BUDGET AMENDMENT - EWS VARIOUS PROJECTS</u>

STRATEGIC THEME LEADERSHIP - A Council that connects with the community and is

accountable in its decision making.

**STRATEGIC PRIORITY** 4.5 Responsibly manage ratepayer funds to provide for community

needs now and in the future.

**SUBJECT INDEX** Budget Amendment - EWS Various Projects

**BUSINESS UNIT** Engineering and Works Services

**REPORTING OFFICER** Director, Engineering and Works Services - Oliver Darby

**AUTHORISING OFFICER** Chief Executive Officer - Mike Archer

NATURE OF DECISION Executive: Substantial direction setting, including adopting budgets,

strategies, plans and policies (excluding local planning policies): funding, donations and sponsorships: reviewing committee

recommendations

**VOTING REQUIREMENT** Absolute Majority

ATTACHMENTS Nil

	DISCLOSURE OF INTEREST					
Date	8 June 2022					
Meeting	Finance Committee					
Name/ Position	Cr Mikayla Love, Councillor					
Item No./ Subject	Item 6.4 'BUDGET AMENDMENT – EWS VARIOUS PROJECTS'					
Type of Interest	Impartiality Interest					
Nature of Interest	The property in which I live abuts one of the road projects contained within the item. The works on Ludlow Hithergreen Road are finished, and the amendment to transfer surplus funds to the Peel Terrace job won't impact on or change any works for Ludlow Hithergreen Road, which is why I will be declaring an impartiality interest, instead of a proximity interest.					

#### **COMMITTEE RECOMMENDATION**

**F2206/030** Moved Councillor R Paine, seconded Councillor M Love

That the Council agree to endorse the following budget amendments;

- 1. Offset \$181,000 in coastal damage repair works from the major storm event that occurred in July and August by transferring \$126,000 in budget from various postponed projects and drawing down an additional \$55,000 from Emergency Disaster Recovery Reserve.
- 2. Transfer the \$100,000 Capital Sand Re-nourishment budget to Operations and recognise \$50,000 in sand re-nourishment grant revenue and corresponding expenditure secured from the Department of Transport.
- 3. Transfer \$100,000 in budget from C3241 being the Outdoor Spaces (Gen capital allocation for courts, flood lights etc) project representing funding from Reserve 302 Community Facilities City District monies and transfer an additional \$20,000 in budget from Reserve 225 Parks, Gardens and Reserve to B9612 being the Churchill Park Sports Lighting Renewal Project.
- 4. Transfer the remaining budget totalling \$156,636 from the Ludlow Hithergreen Road project (S0077) to the Peel Terrace Roundabout project (S0070) where \$104,424 of this is Regional Road Group grant funds while the remaining \$52,212 is funded from the Road Asset Renewal Reserve;

- 5. Recognise and receive \$94,909 in additional funding form the Regional Road Group to cover additional costs associated with the Peel Terrace Roundabout (S0070); and
- 6. Transfer \$128,455 from the Major Traffic Improvements Reserve to the Peel Terrace Roundabout project (\$0070) to cover additional costs associated with the project.

#### **EXECUTIVE SUMMARY**

This report seeks Council approval regarding the four budget amendments as listed below;

- Yallingup Coastal Damage
- 2. Sand Re-nourishment
- 3. Churchill Park Sports lighting
- 4. Peel Terrace Roundabout

#### **BACKGROUND**

In accordance with section 6.8(1) of the *Local Government Act 1995*, a local government is not to incur expenditure from its Municipal fund for an additional purpose except where the expenditure:

- is incurred in a financial year before the adoption of the annual budget by the local government; and
- is authorised in advance by Council resolution absolute majority required; or
- is authorised in advance by the Mayor in an emergency.

Approval is therefore sought for the budget adjustments for the following items.

- 1. Yallingup Coastal Damage
- 2. Sand Re-nourishment
- 3. Churchill Park Sports lighting
- 4. Peel Terrace Roundabout

# **OFFICER COMMENT**

#### **Yallingup Coastal Damage**

A series of storm fronts impacted the City in July and August 2021. Significant damage was sustained to both the beach access way in Yallingup and the beach itself. Due to the extent of the damage the platform lookout, beach showers and parts of the path/stairs needed to be repaired and replaced.

"Improvement" works in the form of coastal protection with sand bags and dune stabilisation were also completed to protect the infrastructure from future events.

These works incurred unbudgeted contractor costs totalling \$181,317. These costs are recorded against Cost Code C7003 - Foreshore Protection-Yallingup & Smiths Beach.

Since the event various City Officers pursued all avenues regarding a possible insurance claim, however this has been unsuccessful.

A number of capital projects were temporarily postponed pending the outcome regarding the insurance line of enquiry. This amendment will now seek to transfer both; \$126,000 in budget allocations associated with other projects put on hold and \$55,000 in additional funding from the Emergency Disaster Recovery Reserve to cover the \$181,000 in unforeseeable costs incurred. The source of funds is outlined in the Financial Implications section of this report.

#### Sand Re-nourishment

The same storm events as mentioned in item 1 above also did extensive damage to the Dunsborough and Busselton coastline. Significant sand re-nourishment costs to the value of \$150,000 have been incurred year to date. The City has an annual \$100,000 sand re-nourishment budget classified as capital and the City also secured a \$50,000 Sand Re-nourishment Costal Protection Grant from the Department of Transport earlier in the financial year.

This amendment will seek to both reassign the \$100,000 budget from capital to operating and also bring the \$50,000 grant to account.

Based on a combination of Australian Accounting Standards a change in the way the City accounts for sand renourishment needs to be resolved. Through the appropriate accounting standards it has been determined that these costs represent a form of temporary coastal protection in the form of beach maintenance and thus should be recorded as an operational and maintenance costs as opposed to a capital cost.

The nature of sand re-nourishment, in the most part, represents the depositing, spreading and shaping of sand on City beaches prone to regular erosion or to form defensive structures to minimise erosion/infrastructure damage. In comparison, building sand-bag groynes represent more permanent and measurable coastal defences that are categorised as assets and thus can be depreciated over their estimated useful lives.

In summary, it has been determined that sand re-nourishment represent a form of maintenance to natural assets in the form of beaches that are not recorded on the City's balance sheet. Based on this, a budget amendment is required to adjust and transfer the City's capital sand re-nourishment budget to operations where costs have been incurred.

Further to the above, the City secured a \$50,000 Sand Renourishment Costal Protection Grant from the Department of Transport for this financial year. Given the change in cost categorisation a budget amendment is now required for record keeping purposes. This will subsequently increase the operational sand renourishment budget up to a value of \$150,000 representing the amount that has been spent year to date.

The Council should be aware that all of the City's Coastal Protection and sand renourishment budgets have now been fully expended; if there is any costal damage from adverse weather events between now and June 30 there is no budget to accommodate additional costs, unless further funds are utilised from the Emergency Disaster Recovery Reserve.

#### **Churchill Park Sports Lighting Project**

As part of the City's asset management plan and Sport and Recreation Strategy, the upgrade of the Churchill Parks sports lighting was identified along with the upgrade and replacement of the trotting track lights to LED lights.

The existing budget was set based on price estimates received from suitably qualified suppliers in the 12 months leading up to project implementation. The budget valued at \$212,850 (including a Community Sporting and Recreation Facilities Fund (CSRFF) grant of \$72,850) was assigned to the project at that point.

Due to supplier issues the material costs subsequently increased significantly by up to 40% while electrical contractor costs also increased with only one contractor submitting a Request for Quotation (RFQ) due to high demand for their services.

The combined impact of higher costs has resulted in a price escalation on the project in the order of \$130,000. The project was split into materials to be purchased directly by the City and the procurement of electrical contract labour for installation

The Financial Implications section of this report offers recommendations on where an additional \$130,000 can be sourced to accommodate these higher costs.

#### **Peel Terrace Roundabout**

The original costing for this project was \$610,000 and included some minor design works, service relocations and the construction works (outside of contractor's works).

The road construction component of this project was advertised for tender on 21 August 2021, and tenders closed on 8 September 2021. The Council accepted the tender from BCP Contractors Pty Ltd for RFT 04/21 Road Network Upgrade Peel Terrace / Causeway Road Intersection Upgrade Stage 1 as being the most advantageous tender at its Council meeting held on 12 October 2022.

Further to detailed contract negotiations and a further council report on 24 November 2021 BCP Contractors Pty Ltd was awarded the project formally by means of letter of award on 6 January 2022. Note that the contract award price was in excess of the existing budget at this point.

The contractor took possession of site on 15 February 22, and the project was completed on 14 April 2022. The original construction period was 7 weeks, the project was completed in approximately 8 weeks.

This project came with a host of challenges, in the most part working in one of the oldest sections of road in the City with data on services not being available as part of the Dial Before You Dig nor from the service pickup completed prior to the works commencing. The contractor encountered a myriad of old asbestos cement pipes, which were all removed as part of the project.

A further major constraint was the works traversed two of ATCO Gas's main lines, being a primary and secondary feed for the area. The logistics of working around these lines was problematic as ATCO Gas could not provide us as-built data on these lines. As a result a full time gas spotter was required on site whilst the contractor carried out work.

The ATCO mains (along with other services) created a further issue with the pavement design whereby in order to avoid services (the depth at which could not be identified at the design stage) the pavement depth had to be reduced which required the need to install Tensar Geo Grid mesh. The mesh strengthens the pavement at a reduced thickness and although there are savings from the use of less imported material the grid is at an additional cost.

During construction when the drainage system was exposed, officers had to make the determination to replace additional drainage infrastructure whilst the road was open. The original scope did not require a portion of mainline to be replaced, however on inspection the old infrastructure using butt jointed pipes was considered unsuitable and beyond its useable life. The pipe was re configured to into the new drainage layout and upgraded.

The redesign and renewal reduced the overall additional total stormwater pipes in system and negated the need for upgrading these pipes at a later stage at a higher cost.

No landscaping was included in the original scope of works/budget, only new concrete to the centre of the roundabout. This was seen as unsatisfactory for the entrance into Busselton. A detailed Landscape Design was completed similar to the designs completed on Causeway road for the roundabout. In addition only a small portion of the old median island located north of the works, was included in the project, this was also upgraded from an old "pink" concrete median to a landscaped median. Sections of old kerb were also replaced to ensure the entire extent of the works was completely upgraded.

A further increase to the scope was the upgrade of the footpaths from grey concrete to exposed aggregate. This was to ensure when the next Stage of the Road Network Upgrade, i.e. Albert Street and Queen Street intersection is completed, that there is continuation of the theme that links the entire Queen Street and the entry on Causeway Road/Peel Terrace.

The last item was for additional costs associated with the relocation and upgrade of a Busselton water Main than ran through the roundabout.

Further to the above, with Officers understanding the requirement for additional funding on this project, an opportunity was presented regarding a significant saving on another Regional Road Group RRG project (Ludlow Hithergreen Road project - S0077). To this end, \$156,626 has been secured that can be offset against the additional Peel Terrace works.

In addition officers requested further funding of \$94,909 from the Regional Road Group (RRG) underspends to assist with this shortfall. The RRG and Main Roads Western Australia (MRWA) have supported our request and approved this additional funding.

Further details regarding this saving and the additional funding are provided in the Financial Implications section of this report.

No	Description	Amount	Comment
1.	ATCO Gas Main	+\$27k	ATCO Gas Spotter, digital Survey data,
			removal of water main.
2.	"Tensar" Geo grid matting	+\$42k	For road stabilisation and protection of
			high pressure gas main.
3.	Engineering design and Consultancy	+\$21K	Also used for design improvements
	costs		throughout the project/works.
	Extra Drainage; old butt joint storm	+\$69k	It would have made no sense to leave
	pipes replaced with modern		these in place as their failure would
	equivalents		mean significant damage to the new
			road.

4	Concrete footpaths to exposed aggregate and increased area from	+\$97k	The area of footpath to be replaced was increased and given the high profile
	380m2 to 640m2		entrance to town the plain concrete was
			changed to exposed aggregate for
			improved aesthetic.
	Roundabout Landscaping	+\$30k	Landscaping and reticulation to the
			roundabout annulus.
	Reinstatement	+\$30k	Increased renewal of old reticulation
			system, turf, adjusting the surrounding
			verge levels to the raised road height
			that was lifted for better drainage.
5.	Added Median Island and Kerbing on	+\$29k	Scope changed, landscape to median
	Sweeps		along Queen Street.
6.	Busselton Water costs in relation to	+\$35k	Busselton Water, additional cost for
	services at site		water main relocation.
	TOTAL	+\$380K	

The difference between the \$380,000 and the additional \$251,545 in Regional Road Group funds secured is \$128,455. It is thus proposed that an amount of \$128,455 be approved for draw down from the City's Major Traffic Management Reserve. This amount includes the already approved additional \$87,826 from the Major Traffic Improvements Reserve (Reserve #137) that was approved as part of the award of RFT 04/21 Peel Terrace/Causeway Road Intersection Upgrade — Stage 1A project.

# **Statutory Environment**

Section 6.8 of the *Local Government Act 1995* refers to expenditure from the Municipal fund that is not included in the annual budget. In the context of this report, where no budget allocation exists, expenditure is not to be incurred until such time as it is authorised in advance, by an absolute majority decision of the Council.

# **Relevant Plans and Policies**

There are no relevant plans or policies to consider in relation to these Budget amendments.

#### **Financial Implications**

#### **Yallingup Coastal Damage**

The table below lists Capital projects that were temporarily put on hold pending the outcome regarding access to insurance. The recommendation is now for the Council to approve the transfer of Budget from these projects to offset the Yallingup coastal repair costs; these works to be permanently suspended this Financial Year. It is further recommended that the remaining shortfall totalling \$55,317 rounded to \$55,000 be funded form the Emergency Disaster Recovery Reserve.

# Projects to be postponed:

Cost	Project Title	Amount	Funding Source
Code

			Reserves Reserve
	TOTAL PROJECT BUDGET	\$126,000	
	Total costs of renewal works	\$181,317	
	Shortfall - 55,000 From the Emergency Disaster Recovery	\$55,317	
	Reserve		

This amendment will have no impact on the City's net municipal funds.

#### **Sand Renourishment**

This is a basic amendment seeking to transfer the existing \$100,000 capital budget into operations while also recording the additional \$50,000 in grant revenue and corresponding \$50,000 in expenditure. This will have no impact on the City's net operating position.

# **Churchill Park Sports lighting**

A budget valued at \$212,850 was assigned to the project funded from the three sources listed below;

- Municipal funds totaling \$128,200
- Community Sporting and Recreation Facilities Fund (CSRFF) Grant totaling \$72,850
- Parks, Gardens and Reserves Reserve \$11,800.

City Officers request a budget amendment seeking to transfer;

- 1. \$100,000 of the Capital project budget C3241 titled Outdoor Spaces (General capital allocation for courts, flood lights etc.). This budget was assigned in the Long Term Financial Plan as an annual allocation to increase the lighting at existing sporting facilities to increase the availability of the sports grounds, thus is an appropriate fit to be utilised for Churchill Park for the same purpose. The \$100,000 is funded via Developer Contributions from the Community Facilities City District Precinct Reserve.
- 2. \$20,000 in additional funds to be drawn from the Parks, Gardens and Reserves Reserve.

This amendment will have no impact on the City's net operating position.

#### **Peel Terrace Roundabout**

The Peel Terrace Roundabout project will exceed budget by an estimated \$380,000. To cover the additional costs it is recommended to;

- 1. Draw \$128,455 in funds from the Major Traffic Improvements Reserve. This will reduce the budgeted 30 June 2022 closing balance for this reserve from \$997,470 to \$869,015;
- 2. Accept and receive additional funding from the Regional Road Group of \$94,909; and
- 3. Transfer \$156,636 of the remaining budget form the Stage 2 Ludlow Hithergreen Road project (SZ0077) as detailed below.

A significant saving was achieved on the Ludlow Hithergreen Road project Stage 2 Cost Code S0077.

2/3<sup>rd</sup> representing \$104,424 of the saving are Regional Road Group grant funds while the remaining \$52,212 is from the Council Road Reserve. Main Roads WA has subsequently approved the transfer of the remaining grant funds to be utilised on the Peel Terrace Roundabout Redevelopment project.

An additional amount of \$94,909 from the Regional Road Group (RRG) underspends has been supported and approved to assist with the shortfall on the project.

This amendment will have no impact on the City's net municipal end of year position.

#### **Stakeholder Consultation**

#### **Yallingup Coastal Damage**

Consultation undertaken with members of the Yallingup Residence Association in regards to repairs carried out on the beach access way and the beach itself.

#### **Sand Renourishment**

No external stakeholder consultation was required or undertaken in relation to this item.

#### **Churchill Park Sports lighting**

No external stakeholder consultation was required or undertaken in relation to this item.

#### **Peel Terrace Roundabout**

Formal correspondence and consultation with Main Roads and the Regional Road Group Members regarding the Ludlow Hithergreen Road project (S0077). RRG approved the transfer of these funds to be used to cover additional costs associated with the Peel Terrace project. Further confirmation for additional funding is outstanding.

#### Risk Assessment

An assessment of the potential implications of implementing the officer recommendation has been undertaken using the City's risk management framework, with risks assessed taking into account any controls already in place. No risks of a medium or greater level have been identified.

#### **Options**

The Council could decide not to proceed with any or all or the proposed budget amendments.

Council could alternatively choose to fund any of these over expenditures from a different source or simply allow the over spends to be offset by the net end of year position.

#### **CONCLUSION**

Council's approval is sought to amend the budget as per the table contained in the Executive Summary.

# TIMELINE FOR IMPLEMENTATION OF OFFICER RECOMMENDATION

If the officer recommendation is endorsed, the budget amendment will be processed prior to June 30 2022.
