## **Financial Report**

## For the Year Ended 30<sup>th</sup> June 2016

### Notes to and Forming Part of the Financial Report

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### (a) Basis of Preparation

The financial report comprises general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the Local Government Act 1995 and accompanying regulations. Material accounting policies which have been adopted in the preparation of this financial report are presented below and have been consistently applied unless stated otherwise.

Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

#### **Critical accounting estimates**

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

#### The local government reporting entity

All Funds through which the City controls resources to carry on its functions have been included in the financial statements forming part of this financial report. In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 21 to these financial statements.

## (b) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

## **Financial Report**

## For the Year Ended 30<sup>th</sup> June 2016

## Notes to and Forming Part of the Financial Report

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (c) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position.

#### (d) Trade and Other Receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

#### (e) Inventories

#### General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

#### Land held for sale

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development.

Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for sale is classified as current except where it is held as non-current based on the Council's intentions to release for sale.

#### (f) Fixed Assets

Each class of fixed assets within either, property, plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

#### Mandatory requirement to revalue non-current assets

Effective from 1 July 2012, the Local Government (Financial Management) Regulations were amended and the measurement of non-current assets at Fair Value became mandatory.

### **Financial Report**

## For the Year Ended 30<sup>th</sup> June 2016

### Notes to and Forming Part of the Financial Report

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (f) Fixed Assets (Continued)

During the year ended 30 June 2013, the City commenced the process of adopting Fair Value in accordance with the Regulations.

Whilst the amendments initially allowed for a phasing in of fair value in relation to fixed assets over three years, as at 30 June 2015 all non-current assets were carried at Fair Value in accordance with the requirements.

Thereafter, each asset class must be revalued in accordance with the regulatory framework established and the City revalues its asset classes in accordance with this mandatory timetable.

Relevant disclosures, in accordance with the requirements of Australian Accounting Standards, have been made in the financial report as necessary.

#### Land under control

In accordance with Local Government (Financial Management) Regulation 16(a), the City was required to include as an asset (by 30 June 2013), Crown Land operated by the local government as a golf course, showground, racecourse or other sporting or recreational facility of State or Regional significance.

Upon initial recognition, these assets were recorded at cost in accordance with AASB 116. They were then classified as Land and revalued along with other land in accordance with the other policies detailed in this Note.

#### Initial recognition and measurement between mandatory revaluation dates

All assets are initially recognised at cost and subsequently revalued in accordance with the mandatory measurement framework detailed above.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the City includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets acquired between initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework detailed above, are carried at cost less accumulated depreciation as management believes this approximates fair value. They will be subject to subsequent revaluation at the next anniversary date in accordance with the mandatory measurement framework detailed above.

#### Revaluation

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

#### Land under roads

In Western Australia, all land under roads is Crown Land, the responsibility for managing which, is vested in the local government.

## **Financial Report**

## For the Year Ended 30<sup>th</sup> June 2016

## Notes to and Forming Part of the Financial Report

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (f) Fixed Assets (Continued)

#### Land under roads (Continued)

Effective as at 1 July 2008, Council elected not to recognise any value for land under roads acquired on or before 30 June 2008. This accords with the treatment available in Australian Accounting Standard AASB 1051 Land Under Roads and the fact Local Government (Financial Management) Regulation 16(a) (i) prohibits local governments from recognising such land as an asset.

In respect of land under roads acquired on or after 1 July 2008, as detailed above, Local Government (Financial Management) Regulation 16(a) (i) prohibits local governments from recognising such land as an asset.

Whilst such treatment is inconsistent with the requirements of AASB 1051, Local Government (Financial Management) Regulation 4(2) provides, in the event of such an inconsistency, the Local Government (Financial Management) Regulations prevail.

Consequently, any land under roads acquired on or after 1 July 2008 is not included as an asset of the City.

#### Depreciation

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

When an item of property, plant and equipment is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

a) Restated proportionately with the change in the gross carrying amount of the asset so that the carrying amount of the asset after revaluation equals its revalued amount; or

b) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

Major depreciation periods used for each class of depreciable asset are: **<u>Fixed Assets</u>**:

Land	0	Years
Buildings - General	40	Years
Buildings – Geographe Leisure Centre	10 - 20	Years
Furniture and Fittings – Basic Items	10	Years
Furniture and Fittings – EDP Network	3	Years
Heavy Plant and Equipment	3 - 10	Years
Light to Medium Vehicles	3 - 5	Years
Light Mobile Plant	2	Years
Tools	10	Years

## **Financial Report**

## For the Year Ended 30<sup>th</sup> June 2016

### Notes to and Forming Part of the Financial Report

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (f) Fixed Assets (Continued) Depreciation(Continued)

Infrastructure:		
Roads	15 - 60	Years
Bridges	40 - 60	Years
Car Parks	20 - 40	Years
Footpaths & Cycle ways	20 - 40	Years
Parks, Gardens & Reserves & Community Facilities	5 - 50	Years
Storm water Drainage	25 - 90	Years
Regional Airport & Industrial Park	12 - 40	Years

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

#### Capitalisation threshold

Expenditure on items of equipment under \$1,000 is not capitalised. Rather, it is recorded on an asset inventory listing.

#### (g) Fair Value of Assets and Liabilities

When performing a revaluation, the City uses a mix of both independent and management valuations using the following as a guide:

Fair Value is the price that the City would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

## **Financial Report**

## For the Year Ended 30<sup>th</sup> June 2016

## Notes to and Forming Part of the Financial Report

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (g) Fair Value of Assets and Liabilities (Continued)

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

#### Fair value hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

#### Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

#### Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

#### Level 3

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

#### Valuation techniques

The City selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the City are consistent with one or more of the following valuation approaches:

#### Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

#### Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

#### **Cost approach**

Valuation techniques that reflect the current replacement cost of an asset at its current service capacity.

## **Financial Report**

## For the Year Ended 30<sup>th</sup> June 2016

### Notes to and Forming Part of the Financial Report

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (g) Fair Value of Assets and Liabilities (Continued)

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the City gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

As detailed above, the mandatory measurement framework imposed by the Local Government (Financial Management) Regulations requires, as a minimum, all assets carried at a revalued amount to be revalued in accordance with the regulatory framework.

#### (h) Financial Instruments

#### Initial recognition and measurement

Financial assets and financial liabilities are recognised when the City becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the City commits itself to either the purchase or sale of the asset (i.e. trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transaction costs, except where the instrument is classified 'at fair value through profit or loss', in which case transaction costs are expensed to profit or loss immediately.

#### Classification and subsequent measurement

Financial instruments are subsequently measured at fair value, amortised cost using the effective interest rate method, or at cost.

Amortised cost is calculated as:

(a) the amount in which the financial asset or financial liability is measured at initial recognition;

(b) less principal repayments and any reduction for impairment; and

(c) Plus or minus the cumulative amortisation of the difference, if any, between the amounts initially recognised and the maturity amount calculated using the effective interest rate method.

The effective interest method is used to allocate interest income or interest expense over the relevant period and is equivalent to the rate that discounts estimated future cash payments or receipts (including fees, transaction costs and other premiums or discounts) through the expected life (or when this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability. Revisions to expected future net cash flows will necessitate an adjustment to the carrying value with a consequential recognition of an income or expense in profit or loss.

#### (i) Financial assets at fair value through profit and loss

Financial assets are classified as "fair value through profit or loss" when they are held for trading for the purpose of short-term profit taking. Such assets are subsequently measured at fair value with changes in carrying amount being included in profit or loss. Assets in this category are classified as current assets.

- 17 -

### **Financial Report**

## For the Year Ended 30<sup>th</sup> June 2016

### Notes to and Forming Part of the Financial Report

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (h) Financial Instruments (Continued)

#### (ii) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Loans and receivables are included in current assets where they are expected to mature within 12 months after the end of the reporting period.

#### (iii) Held-to-maturity investments

Held-to-maturity investments are non-derivative financial assets with fixed maturities and fixed or determinable payments that the City has the positive intention and ability to hold to maturity. They are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Held-to-maturity investments are included in current assets, where they are expected to mature within 12 months after the end of the reporting period. All other investments are classified as non-current.

#### (iv) Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets that are either not suitable to be classified into other categories of financial assets due to their nature, or they are designated as such by management. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments.

They are subsequently measured at fair value with changes in such fair value (i.e. gains or losses) recognised in other comprehensive income (except for impairment losses). When the financial asset is derecognised, the cumulative gain or loss pertaining to that asset previously recognised in other comprehensive income is reclassified into profit or loss.

Available-for-sale financial assets are included in current assets, where they are expected to be sold within 12 months after the end of the reporting period. All other available-for-sale financial assets are classified as non-current.

#### (v) Financial liabilities

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

#### Impairment

A financial asset is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events (a "loss event") having occurred, which will have an impact on the estimated future cash flows of the financial asset(s).

In the case of available-for-sale financial assets, a significant or prolonged decline in the market value of the instrument is considered a loss event. Impairment losses are recognised in profit or loss immediately. Also, any cumulative decline in fair value previously recognised in other comprehensive income is reclassified to profit or loss at this point.

## **Financial Report**

## For the Year Ended 30<sup>th</sup> June 2016

### Notes to and Forming Part of the Financial Report

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (h) Financial Instruments (Continued)

#### Impairment (Continued)

In the case of financial assets carried at amortised cost, loss events may include: indications that the debtors or a group of debtors are experiencing significant financial difficulty, default or delinquency in interest or principal payments; indications that they will enter bankruptcy or other financial reorganisation; and changes in arrears or economic conditions that correlate with defaults.

For financial assets carried at amortised cost (including loans and receivables), a separate allowance account is used to reduce the carrying amount of financial assets impaired by credit losses. After having taken all possible measures of recovery, if management establishes that the carrying amount cannot be recovered by any means, at that point the written-off amounts are charged to the allowance account or the carrying amount of impaired financial assets is reduced directly if no impairment amount was previously recognised in the allowance account.

#### **De-recognition**

Financial assets are derecognised where the contractual rights to receipt of cash flows expire or the asset is transferred to another party whereby the City no longer has any significant continual involvement in the risks and benefits associated with the asset.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

#### (i) Impairment of Assets

In accordance with Australian Accounting Standards the City's assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

For non-cash generating assets such as roads, drains, public buildings and the like, value in use is represented by the depreciated replacement cost of the asset.

#### (j) Trade and Other Payables

Trade and other payables represent liabilities for goods and services provided to the City prior to the end of the financial year that are unpaid and arise when the City becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

## **Financial Report**

## For the Year Ended 30<sup>th</sup> June 2016

### Notes to and Forming Part of the Financial Report

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (k) Employee Benefits

#### Short-term employee benefits

Provision is made for the City's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The City's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position. The City's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

#### Other long-term employee benefits

Provision is made for employees' long service leave and annual leave entitlements not expected to be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service. Other long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any re-measurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The City's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the City does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

#### Sick Leave Scheme

The provision for employee's entitlements under the sick leave scheme represents the estimated cash flows to be made by the employer resulting from the employee's service to balance date in accordance with the relevant clause of the City of Busselton's Enterprise Agreement 2014.

Clause 34 of the City of Busselton's Enterprise Agreement 2014 states that; "Those employees who commenced employment with the City prior to 22 August 2003 will continue to be entitled to 15% of the monetary value of their accrued sick leave on resignation, retirement or redundancy, as negotiated in the City of Busselton Certified Enterprise Bargaining Agreement 1997 (sub-clause 17.18(2))".

#### (I) Borrowing Costs

Borrowing costs are recognised as an expense when incurred.

#### (m) Provisions

Provisions are recognised when the City has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

## **Financial Report**

## For the Year Ended 30<sup>th</sup> June 2016

## Notes to and Forming Part of the Financial Report

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (n) Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not legal ownership, are transferred to the City are classified as finance leases.

Finance leases are capitalised recording an asset and a liability at the lower amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leased assets are depreciated on a straight line basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

Lease incentives under operating leases are recognised as a liability and amortised on a straight line basis over the life of the lease term.

### (o) Investment in Associates

An associate is an entity over which the City has significant influence. Significant influence is the power to participate in the financial operating policy decisions of that entity but is not control or joint control of those policies. Investments in associates are accounted for in the financial statements by applying the equity method of accounting, whereby the investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the City's share of net assets of the associate. In addition, the City's share of the profit or loss of the associate is included in the City's profit or loss.

The carrying amount of the investment includes, where applicable, goodwill relating to the associate. Any discount on acquisition, whereby the City's share of the net fair value of the associate exceeds the cost of investment, is recognised in profit or loss in the period in which the investment is acquired.

Profits and losses resulting from transactions between the City and the associate are eliminated to the extent of the City's interest in the associate.

When the City's share of losses in an associate equals or exceeds its interest in the associate, the City discontinues recognising its share of further losses unless it has incurred legal or constructive obligations or made payments on behalf of the associate. When the associate subsequently makes profits, the City will resume recognising its share of those profits once its share of the profits equals the share of the losses not recognised.

#### (p) Interests in Joint Arrangements

Joint arrangements represent the contractual sharing of control between parties in a business venture where unanimous decisions about relevant activities are required.

Separate joint venture entities providing joint venturers with an interest to net assets are classified as a joint venture and accounted for using the equity method. Refer to note 1(o) for a description of the equity method of accounting.

## **Financial Report**

## For the Year Ended 30<sup>th</sup> June 2016

### Notes to and Forming Part of the Financial Report

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (p) Interests in Joint Arrangements (Continued)

Joint venture operations represent arrangements whereby joint operators maintain direct interests in each asset and exposure to each liability of the arrangement. The City's interests in the assets, liabilities, revenue and expenses of joint operations are included in the respective line items of the financial statements. Information about the joint ventures is set out in Note 18.

#### (q) Rates, Grants, Donations and Other Contributions

Rates, grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions.

Control over assets acquired from rates is obtained at the commencement of the rating period or, where earlier, upon receipt of the rates.

Where contributions recognised as revenues during the reporting period were obtained on the condition that they be expended in a particular manner or used over a particular period, and those conditions were undischarged as at the reporting date, the nature of and amounts pertaining to those undischarged conditions are disclosed in Note 2(c). That note also discloses the amount of contributions recognised as revenues in a previous reporting period which were obtained in respect of the local government's operations for the current reporting period.

#### (r) Superannuation

The City contributes to a number of Superannuation Funds on behalf of employees. All funds to which the City contributes are defined contribution plans.

#### (s) Current and Non-Current Classification

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the City's operational cycle. In the case of liabilities where the City does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for sale where it is held as non-current based on the City's intentions to release for sale.

#### (t) Rounding Off Figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar.

#### (u) Comparative Figures

Where required, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

When the City applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statement, an additional (third) statement of financial position as at the beginning of the preceding period in addition to the minimum comparative financial statements is presented.

#### (v) Budget Comparative Figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

## Notes to and Forming Part of the Financial Report

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (w) Bonds and Deposits

Deposits and bonds received by the City of Busselton, and duly refunded where appropriate are processed via the Municipal fund.

The City's audit committee has considered the requirements of the Accounting Standards and has determined that the concept of control has been met. Council Resolution C1004/115 states that the City continues the accounting treatment for deposits and bonds as part of the Municipal fund. Additionally, the deposits and bonds shall be brought to account as part of the restricted cash in the Municipal fund.

## **Financial Report**

## For the Year Ended 30<sup>th</sup> June 2016

## Notes to and Forming Part of the Financial Report

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (x) New Accounting Standards and Interpretations for Application in Future Periods

The AASB has issued a number of new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods, some of which are relevant to the City.

Management's assessments of the new and amended pronouncements that are relevant to the Council, applicable to future reporting periods and which have not yet been adopted are set out as follows:

	Title	Issued/ Compiled	Applicable <sup>(1)</sup>	Impact
(i)	AASB 9 Financial Instruments (incorporating AASB 2014-7 and AASB 2014-8)	December 2014	1 January 2018	Nil – The objective of this Standard is to improve and simplify the approach for classification and measurement of financial assets compared with the requirements of AASB 139. Given the nature of the financial assets of the City, it is not anticipated the Standard will have any material effect.
(ii)	AASB 15 Revenue from Contracts with Customers	December 2014	1 January 2017	This Standard establishes principles for entities to apply to report useful information to users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flows arising from a contract with a customer.
				The effect of this Standard will depend upon the nature of future transactions the City has with those third parties it has dealings with. It may or may not be significant.
(111)	AASB 16 Leases	February 2016	1 January 2019	Under AASB 16 there is no longer a distinction between finance and operating leases. Lessees will now bring to account a right-to-use asset and lease liability onto their statement of financial position for all leases. Effectively this means the vast majority of operating leases as defined by the current AASB 117 Leases which currently do not impact the statement of financial position will be required to be capitalised on the statement of financial position once AASB 16 is adopted.
				Currently, operating lease payments are expensed as incurred. This will cease and will be replaced by both depreciation and interest charges. Based on the current number of operating leases held by the City, the impact is not expected to be significant.

## **Financial Report**

# For the Year Ended 30<sup>th</sup> June 2016

## Notes to and Forming Part of the Financial Report

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## (x) New Accounting Standards and Interpretations for Application in Future Periods (Continued)

	Title	Issued/ Compiled	Applicable <sup>(1)</sup>	Impact
(iv)	AASB 2014-3 Amendments to Australian Accounting Standards - Accounting for Acquisitions of Interests in Joint Operations. [AASB 1 & AASB 11]	August 2014	1 January 2016	This Standard amends AASB 11: Joint Arrangements to require the acquirer of an interest (both initial and additional) in a joint operation in which the activity constitutes a business, as defined in AASB 3: Business Combinations, to apply all of the principles on business combinations accounting in AASB 3 and other Australian Accounting Standards except for those principles that conflict with the guidance in AASB 11; and disclose the information required by AASB 3 and other Australian Accounting Standards for business combinations. Since adoption of this Standard would impact only acquisitions of interests in joint operations on or after 1 January 2016, management believes it is impracticable at this stage to provide a reasonable estimate of such impact on the City's financial statements.
(v)	AASB 2014-4 Amendments to Australian Accounting Standards - Clarification of Acceptable Methods of Depreciation and Amortisation [AASB 116 & 138]	August 2014	1 January 2016	This Standard amends AASB 116 and AASB 138 to establish the principle for the basis of depreciation and amortisation as being the expected pattern of consumption of the future economic benefits of an asset. It also clarifies the use of revenue-based methods to calculate the depreciation of an asset is not appropriate nor is revenue generally an appropriate basis for measuring the consumption of the economic benefits embodied in an intangible asset. Given the City currently uses the expected pattern of consumption of the future economic benefits of an asset as the basis of calculation of depreciation, it is not expected to have a significant impact.
(vi)	AASB 2014-5 Amendments to Australian Accounting Standards arising from AASB 15	December 2014	1 January 2017	Consequential changes to various Standards arising from the issuance of AASB 15. It will require changes to reflect the impact of AASB 15.

## **Financial Report**

## For the Year Ended 30<sup>th</sup> June 2016

## Notes to and Forming Part of the Financial Report

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (x) New Accounting Standards and Interpretations for Application in Future Periods (Continued)

	Title	Issued/ Compiled	Applicable <sup>(1)</sup>	Impact
(vii)	AASB 2015-2 Amendments to Australian Accounting Standards – Disclosure Initiative: Amendments to AASB 101 [AASB 7, 101, 134 & 1049]	January 2015	1 January 2016	This Standard amends AASB 101 to provide clarification regarding the disclosure requirements in AASB 101. Specifically, the Standard proposes narrow-focus amendments to address some of the concerns expressed about existing presentation and disclosure requirements and to ensure entities are able to use judgement when applying a Standard in determining what information to disclose in their financial statements. This Standard also makes editorial and consequential amendments as a result of amendments to the Standards listed in the title column.
				It is not anticipated it will have any significant impact on disclosures as they currently exist and any changes will relate to presentation.
(viii)	AASB 2015-6 Amendments to Australian Accounting Standards - Extending Related Party Disclosures to Not-for-Profit Public Sector Entities [AASB 10, 124 & 1049]	March 2015	1 July 2016	The objective of this Standard is to extend the scope of AASB 124 <i>Related Party Disclosures</i> to include not-for-profit sector entities. The Standard is expected to have a significant disclosure impact on the financial report of the City as both Elected Members and Senior Management will be deemed to be Key Management Personnel and resultant
				disclosures will be necessary.

#### Notes:

<sup>(1)</sup>Applicable to reporting periods commencing on or after the given date.

#### (y) Adoption of New and Revised Accounting Standards

During the current year, the City adopted all of the new and revised Australian Accounting Standards and Interpretations which were compiled became mandatory and which were applicable to its operations.

These new and revised standards were:

(i) AASB 2015-3 Amendments to Australian Accounting Standards arising from the withdrawal of AASB 1031 Materiality

(ii)AASB 2015-7 Amendments to Australian Accounting Standards - Fair Value Disclosures of Not-for-Profit Public Sector Entities

#### (b) Statement of Objective

In order to discharge its responsibilities to the community, the City has developed a set of operational and financial objectives. These objectives have been established both on an overall basis, reflected by the City's vision, and for each of its broad activities / programs.

#### **Community Vision**

The City of Busselton's vision is "A vibrant and cohesive community that protects its natural environment, meets the needs of its population and ensures that future development maintains the City's unique character, lifestyle and community values - The best place to be". In order to support its vision the City is committed to the values of honesty and integrity, a 'can do' attitude, openness, transparency and accountability, mutual respect in everything we do, and striving for excellence.

Council operations as disclosed in this report encompass the following service orientated activities / programs:

#### **General Purpose Funding**

**Objective**: To collect revenue to allow for the provision of services. **Activities**: Rates, interest revenue and other general purpose Government grants together with any expenses incurred in realising these incomes.

#### Governance

**Objective**: To provide decision making process for the efficient allocation of scarce resources. **Activities**: Administration and operation of facilities and services to members of Council; other costs that relate to strategic planning, policy making and assisting elected members and ratepayers on matters which do not concern other specific services of Council.

#### Law, Order and Public Safety

**Objective**: To provide services to help ensure a safer and environmentally conscious community. **Activities**: Supervision and enforcement of various by-laws, fire prevention, animal control and emergency services. Council also provides assistance to surf lifesaving efforts.

### **Financial Report**

## For the Year Ended 30<sup>th</sup> June 2016

### Notes to and Forming Part of the Financial Report

#### 2. Revenue and Expenses (Continued)

#### (b) Statement of Objective (Continued)

#### <u>Health</u>

**Objective:** To provide an operational framework for environmental and community health. **Activities:** Inspections of food outlets and their control, noise control, waste disposal compliance, mosquitoes and stingers control.

#### Education and Welfare

**Objective**: To provide services for the elderly, children and youth. **Activities**: Annual donation relative to the operation of a Senior Citizen's Centre.

#### Housing

**Objective**: To provide and maintain elderly residents housing. **Activities**: The operation of three sets of aged persons homes.

#### **Community Amenities**

**Objective**: To provide services required by the community

Activities: Includes rubbish collection and disposal services, recycling initiatives, septic tank inspection services, urban stormwater drainage networks, environmental protection initiatives, operation of three cemeteries, town scaping facilities, as well as the administration of Council's Town Planning Scheme and associated policies and obligations.

#### **Recreation and Culture**

**Objective**: To establish and effectively manage infrastructure and resources which will help the social well being of the community.

**Activities**: Maintenance of halls, swimming areas and beaches, various reserves, recreation programs, the Busselton Jetty, the operation of the two Libraries, the maintenance and operation of the two Leisure Centres, and the employment of a Cultural Development Officer.

#### **Transport**

**Objective**: To provide safe, effective and efficient transport services to the community.

**Activities**: Construction and maintenance of roads, bridges, drainage, footpaths, cycle ways, parking facilities, traffic signs and depot. Also includes cleaning of streets, maintenance of street trees, street lighting etc. Control and maintenance of a regional airport.

#### Economic Services

**Objective**: To help promote the City and its economic wellbeing. **Activities**: The regulation and provision of tourism initiatives, the maintenance and operation of a Caravan park and the implementation of building controls. Provision of rural services including weed control, vermin control and standpipes.

#### **Other Property and Services**

**Objective**: To monitor and control Council's overheads operating accounts. **Activities**: Private works operation, plant repair and operation costs and engineering operation costs.

#### 3. Cash and Cash Equivalents (Continued)

#### 3(a) Airport Development Grant Funding

Council held funds in restricted assets totalling \$45,634,946 provided by Government of Western Australia Department of Regional Development relating to Royalties for Regions, Regional Infrastructure and Headworks Fund Growing our South - Busselton Regional Airport Funding as of the 30th June 2016.

Funds were initially deposited into Council's municipal bank account and in accordance with the funding agreement were subsequently transferred to a treasury corporation account on the 30th of June 2015. This account requires the joint signatures of Council, the Department of Regional Development and the South West Development Commission to withdraw the funds.

		2016 Actual \$	2015 Actual \$
7 (a).	Property, Plant and Equipment		
	Land & Duildings		
	Land & Buildings		
	Freehold Land – Fair Value	41,994,392	41,211,470
		41,994,392	41,211,470
	Buildings – Fair Value	49,921,104	42,146,336
	Less Accumulated Depreciation	(3,764,279)	(1,929,653)
		46,156,825	40,216,683
	Total Land and Buildings	88,151,217	81,428,153
	Furniture and Fittings – Fair Value	2,083,379	3,167,546
	Less Accumulated Depreciation	0	(1,230,357)
		2,083,379	1,937,189
	Plant and Equipment – Fair Value	12,526,453	15,538,647
	Less Accumulated Depreciation	0	(2,863,684)
		12,526,453	12,674,963
	Total Property, Plant and Equipment	102,761,049	96,040,305

The fair value of property, plant and equipment is determined at least every three years in accordance with the regulatory framework. Additions since the date of valuation are shown as cost, given they were acquired at arm's length and any accumulated depreciation reflects the usage of service potential, it is considered the recorded written down value approximates fair value. At the end of each intervening period the valuation is reviewed and where appropriate the fair value is updated to reflect current market conditions. This process is considered to be in accordance with Local Government (Financial Management) Regulation 17A (2) which require property, plant and equipment to be shown at fair value

## Notes to and Forming Part of the Financial Report

#### 7. Property, Plant and Equipment (Continued)

#### (c) Fair Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of last Valuation	Inputs Used
Land & Buildings					
Freehold land	2	Market approach using recent observable market data for similar properties	Independent Registered Valuer	June 2014	Price per hectare / market borrowing rate
Non-Specialised Buildings	3	Improvements to land valued using cost approach using depreciated replacement cost	Independent Registered Valuer	June 2014	Improvements to land using construction costs and current condition (level 2), residual values and remaining useful life assessment's (level 3) inputs
Specialised Buildings	2	Market approach using recent observable market data for similar properties	Independent Registered Valuer	June 2014	Price per square meter / market borrowing rate
Furniture & Equipment					
Furniture & Equipment	3	Cost approach using depreciated replacement cost	Management valuation	June 2016	Construction cost and current condition (level 2), residual values and remaining useful life assessment (level 3) inputs
Plant & Equipment					
Plant & Equipment	3	Cost approach using depreciated replacement cost	Management valuation	June 2016	Purchased cost and current condition (level2), residual values and remaining useful life assessments (level 3) inputs

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used by the local government to determine the fair value of property, plant and equipment using either level 2 or level 3 inputs.

All of the reserve accounts are supported by money held in financial institutions and match the amount shown as restricted cash in Note 3 to this report.

In accordance with council resolutions in relation to each reserve account, the purpose for which the reserves are set aside are as follows:

#### Airport Infrastructure Renewal and Replacement Reserve

To provide funding for the renewal, replacement, upgrading and installation of Airport Infrastructure; and to facilitate the implementation of the Noise Management Plan and related activities.

#### Assets Depreciation Reserve

To assist the City in funding capital expenditure on renewal, replacement and improvements of infrastructure assets as determined by Council, and as specifically identified in relevant Asset Management Plans.

#### **Beach Protection Reserve**

To cover repairs or preventative measures necessary to protect the beach or land based assets, as well as specific capital projects designed to protect the shoreline, e.g. construction of a sea wall.

#### **Buildings Reserve**

Building requirements which need to be "saved" for but are not considered to be large project items requiring their own reserve fund or loan funding.

## **Financial Report**

## For the Year Ended 30<sup>th</sup> June 2016

## Notes to and Forming Part of the Financial Report

#### 13. Reserves – Cash Backed (Continued)

#### Corporate IT Systems Programme

To assist the City in funding expenditure required in relation to the ongoing development and enhancement of the City's corporate systems.

#### Jetty Maintenance Reserve

As a contingency fund to rectify damage caused by the demise of the Busselton jetty or part of the jetty or for large unbudgeted extraordinary jetty repairs.

#### Legal Expenses Reserve

To provide for any legal expenses or contingency involving the City of Busselton.

#### Long Service Leave Reserve

To provide funding to meet Council's future long service leave obligations.

#### **City Car Parking and Access Reserve**

To provide adequate public car parking in the City for the future, and can be used for the purchase of land and/or development of public car parking and access thereto, the development of infrastructure to provide for the management of public car parking and providing improved public transport to and within the City.

#### **Plant Replacement Reserve**

For funding and the purchase of new plant and equipment as may be required to mitigate growth needs or improvements to service levels as agreed by the Council; or plant and equipment as identified in the 10 year plant replacement program by using the basis of plant depreciation earnings and subsidisation by annual budgets as required.

#### Professional Development Reserve

To provide funding to meet the City's ongoing contractual professional development obligations.

#### Road Asset Renewal Reserve

To meet the needs of the Long Term Financial Plan road asset management plan requirements.

#### Sick Pay Incentive Reserve

To provide funding to meet Council's obligations under the City of Busselton's Enterprise Bargaining Agreement.

## **Financial Report**

## For the Year Ended 30<sup>th</sup> June 2016

## Notes to and Forming Part of the Financial Report

#### 13. Reserves – Cash Backed (Continued)

#### Strategic Projects Reserve

To finance activities which will create a revenue stream for the City and reduce reliance on rate revenue.

#### Waste Management Facility and Plant Reserve

To fund the acquisition of additional waste plant, waste facility infrastructure, waste related consultancy services and post closure management.

#### Port Geographe Development Reserve

To provide for costs associated with the Port Geographe development.

#### Port Geographe Waterways Management Reserve

To provide funds for Council to fulfil its obligations under a Waterways Management Deed with Pindan Constructions for the future maintenance of waterways and associated facilities within the Port Geographe subdivision area.

#### Workers Compensation Contingency Reserve

A contingency fund to assist Council in meeting its Workers Compensation Contribution obligations when claim costs exceed the "Deposit" amount allocated to claims. This is a requirement under Councils current Workers Compensation "performance based contributions policy".

#### Provence Landscape Maintenance Reserve

For the purpose of holding funds for the maintenance of the approved higher standard of landscaping within the Provence subdivision in accordance with Policy 185/3 including future capital replacement of landscaping structures as may be required.

#### Infrastructure Development Reserve

For the purpose of setting aside funds to facilitate the identification, design and development of new infrastructure and other capital projects.

#### Vasse Newtown Landscape Maintenance Reserve

For the purpose of holding funds for the maintenance of the approved higher standard of landscaping.

#### **Untied Grants Reserve**

To hold untied grants monies received in advance.

## **Financial Report**

# For the Year Ended 30<sup>th</sup> June 2016

## Notes to and Forming Part of the Financial Report

#### 13. Reserves – Cash Backed (Continued)

#### Locke Estate Reserve

To provide funding for the protection of the Locke Estate (Reserve 22674) coastline.

#### Busselton Community Resource Centre Reserve

To hold funds for costs associated with asset management (as well as a contingency for annual depreciation) of the building located on Reserve 41445, and known as the Busselton Community Resource Centre.

#### **CBD Enhancement Reserve**

Financing works and improvements within the Busselton Central Business District', including both capital and maintenance works which enhance the old fire station and / or the CBD generally.

#### Election, Valuation and Corporate Expenses Reserve

To provide funding for Council elections, rating valuations, fair value valuations and other corporate expenses as determined.

#### **Civic and Administration Centre Construction Reserve**

To provide funding for the construction and fit-out of a Civic and Administration Centre, plus associated costs.

#### Performing Arts Centre Reserve

To provide for the planning and construction of a future Performing Arts Centre for the district.

#### **Airport Marketing Reserve**

The purpose for promoting the Busselton Regional Airport.

		12,000,011	0,001,102

#### 16. Contingent Liabilities

#### 16.1 Resident funded aged persons homes

When either of the two of the resident funded aged person's homes at the Winderlup Villas become vacant, then Council has a contractual obligation to reimburse the occupant the contribution made at the outset (less annual depreciation) and discretion to increase the amount based on market value of the capital cost for the two homes involved.

#### 16.2 Buy Back Conditions contained in City Lease Agreements

In 1997 the Council resolved (C974/0148) to enter into a lease agreement with the Geographe Bay Tourism Association for a portion of Lot 73 Peel Terrace, Busselton, with a future buy out provision which is to exclude any Council capital contributions (past or present). Therefore at the end of the lease 19 March 2019 if no further lease is entered into, the City could be liable for the sum equal to the Added Value of the building.

On the 14 June 1999 the City entered into a lease agreement with the St John Ambulance Association of WA and this lease agreement expires on 30 June 2020. If a new lease is not entered into the City could be liable for the purchase of the building and improvements at market value (Clause 7).

On the 4 February 2009 the City entered into a lease agreement with the Geographe Hangar Owners Group Inc and this lease agreement expires on 31 March 2018. If a new lease is not entered into the City could be liable for the purchase of the hangar and/ or other buildings constructed on the hangar area at market value (Clause 9.14).

On the 9 June 1998 the City entered into a lease agreement with the Busselton Hangar Owners Pty Ltd and this lease agreement expires on 31 March 2018. If a new lease is not entered into the City could be liable for the purchase of the hangar and/ or other buildings constructed on the hangar area at market value (Clause 9.14).

- 50 -

## **Financial Report**

## For the Year Ended 30<sup>th</sup> June 2016

## Notes to and Forming Part of the Financial Report

#### 16. Contingent Liabilities (Continued)

#### 16.3 Claim for Compensation under section 173(1) of Planning and Development Act 2005

PJ and LJ Grocock is claiming compensation from the City of Busselton for injurious affection suffered by reason of the making of District Town Planning Scheme No 20 insofar as it imposed a reservation over Lot 49 Stanley Street, Busselton (of which they are the registered proprietors). Should the parties fail to achieve a negotiated outcome in relation to the claim for compensation, the amount and manner of payment of compensation is to be determined by arbitration in accordance with the Commercial Arbitration Act 2012. Due to complex legal and planning issues impacting on the matter, it is not reasonably possible to determine Council's potential liability (if any) at this stage.

#### 17. Capital and Leasing Commitments

		2016 Actual \$	2015 Actual \$

	<u>Capital projects</u> - Civic and Administration Building - Railway House Project	Actual \$ 13,532,305 878,585	Actual \$ 0
	<u>Capital projects</u> - Civic and Administration Building - Railway House Project - Busselton Margaret River Regional Airport	Actual \$ 13,532,305 878,585	Actual \$ 0

The capital expenditure projects outstanding at the end of the current reporting period represents the construction of the City's new Civic and Administration Building at Southern Drive and the construction of the Railway House Building at the Busselton Foreshore. These projects are due to be completed in the 2017 financial year.

The City also entered into an agreement and paid a deposit to purchase land associated with the development of the Busselton Margaret River Regional Airport. It is anticipated that settlement should occur in December 2016, pending WAPC approval.

#### 20. Financial Ratios

	2016 Actual	2015 Actual	2014 Actual				
	Actual	Actual	Actual				
Current Ratio	0.741	0.779	0.857				
Asset Sustainability Ratio	1.252	1.068	1.610				
Debt Service Coverage Ratio	6.044	6.588	12.803				
Operating Surplus Ratio	0.046	0.056	0.045				
Own Source Revenue Coverage Ratio	0.952	0.964	0.973				
The above ratios are calculated as follows:							
Current Ratio	Current assets minus restricted current assets						
(ratio required to meet standard > or = to 1)	Current liabilities mir	nus liabilities asso	ciated with				
	restr	icted assets					
Asset Sustainability Ratio	Capital renewal and	l replacement ex	penditure				
(ratio required to achieve basic standard > 0.9)	Deprec	iation expense	·				
Debt Service Coverage Ratio	Annual operating surplus	before interest a	nd depreciation				
(ratio required to achieve basic standard > 2)	Princip	al and interest					
Operating Surplus Ratio	Operating revenue minus operating expense						
(ratio required to achieve basic standard > 0.01)	1) Own source operating revenue						
Own Source Revenue Coverage Ratio Own source operating revenue							

Operating expense

Notes: Information relating to the Asset Consumption Ratio and the Asset Renewal Funding Ratio can be found at the supplementary ratio information on page 70 of this document.

(ratio required to achieve basic standard > 0.4)

## **Financial Report**

## For the Year Ended 30<sup>th</sup> June 2016

## Notes to and Forming Part of the Financial Report

#### 34. Major Land Transactions

Council did not participate in any major land transactions during the 2015/16 financial year pursuant to S3.59 of the Local Government Act and Part 3 of the Local Government Functions and General Regulations.

#### 35. Trading Undertakings and Major Trading Undertakings

Council did not participate in any trading undertakings or major trading undertakings during the 2015/16 financial year.

#### 36. Financial Risk Management

The City's activities expose it to a variety of financial risks including price risk, credit risk, liquidity risk and interest rate risk. The City's overall risk management focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the City.

The City does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance area under policies approved by the Council.

The City held the following financial instruments at balance date:

	Carrying	Value	Fair Value		
	2016	2015	2016	2015	
	\$	\$	\$	\$	
Financial Assets					
Cash and cash equivalents	115,850,156	119,604,734	115,850,156	119,604,734	
Receivables	3,983,176	3,078,740	3,983,176	3,078,740	
Financial assets at fair value through profit or loss	0	0	0	0	
-	119,833,332	122,683,474	119,833,332	122,683,474	
Financial Liabilities					
	F 202 070		F 202 070	7 0 4 0 4 0 4	
Payables	5,383,078	7,848,194	5,383,078	7,848,194	
Borrowings	29,023,843	29,997,831	32,177,246	24,862,876	
_	34,406,921	37,846,025	37,560,324	32,711,070	

Fair value is determined as follows:

• Cash and cash equivalents, receivables, payables – estimated to the carrying value which approximates net market value.

• Borrowings, held-to-maturity investments – estimated future cash flows discounted by the current market interest rates applicable to assets and liabilities with similar risk profiles.

• Financial assets at fair value through profit and loss, available for sale financial assets - based on quoted market prices at the reporting date or independent valuation.

## **Financial Report**

## For the Year Ended 30<sup>th</sup> June 2016

#### Notes to and Forming Part of the Financial Report

#### 36. Financial Risk Management (Continued)

# (a) Cash and cash equivalents Financial Assets at Fair Value through Profit and Loss Available for sale financial assets Held to maturity investments

The City's objective is to maximise its return on cash and investments whilst maintaining an adequate level of liquidity and preserving capital. The finance area manages the cash and investments portfolio with the assistance of independent advisers (where applicable). Council has an investment policy and the policy is subject to review by Council. An Investment Report is provided to Council on a monthly basis setting out the make-up and performance of the portfolio.

The major risk associated with investments is price risk – the risk that the capital value of investments may fluctuate due to changes in market prices, whether these changes are caused by factors specific to individual financial instruments of their issuers or factors affecting similar instruments traded in a market.

Cash and investments are also subject to interest rate risk – the risk that movements in interest rates could affect returns.

Another risk associated with cash and investments is credit risk – the risk that a contracting entity will not complete its obligations under a financial instrument resulting in a financial loss to Council.

The City manages these risks by diversifying its portfolio and only investing in investments authorised by *Local Government (Financial Management) Regulations 19C.* Council also seeks advice from independent advisers (where considered necessary) before placing any cash and investments.

	30 June 2016 \$	30 June 2015 \$
Impact of a 10% $^{(1)}$ movement in price of investments at balance date:		
• Equity	0	0
Statement of Comprehensive Income	0	0
Impact of a 1% $^{(1)}$ movement in interest rates on cash and investments at balance date:		
• Equity	1,158,501	1,196,047
Statement of Comprehensive Income	1,158,501	1,196,047

#### Notes:

(1) Sensitivity percentages based on management's expectation of future possible market movements.

## **Financial Report**

# For the Year Ended 30<sup>th</sup> June 2016

## Notes to and Forming Part of the Financial Report

#### 36. Financial Risk Management (Continued)

#### (b) Receivables

The City's major receivables comprise rates and annual charges and user charges and fees. The major risk associated with these receivables is credit risk – the risk that the debts may not be repaid. The City manages this risk by monitoring outstanding debt and employing debt recovery policies.

Credit risk on rates and annual charges is minimised by the ability of the City to recover these debts as a secured charge over the land – that is, the land can be sold to recover the debt. The City is also able to charge interest on overdue rates and annual charges at higher than market rates, which further encourages payment.

The level of outstanding receivables is reported to Council monthly and benchmarks are set and monitored for acceptable collection performance.

Council makes suitable provision for doubtful receivables as required and carries out credit checks on most non-rate debtors.

There are no material receivables that have been subject to a re-negotiation of repayment terms.

The profile of the Council's credit risk at balance date was:

		30 June 2016	30 June 2015				
		\$	\$				
Percenta	ge of Rates and Annual Charges						
•	Current	10.00%	2.00%				
•	Overdue	90.00%	98.00%				
Percentage of Other Receivables							
•	Current	99.46%	99.74%				
•	Overdue	0.54%	0.26%

## 36. Financial Risk Management (Continued)

#### (c) Payables

#### (i) Payables

Payables and borrowings are both subject to liquidity risk – that is, the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. The City manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer. Payment terms can be extended and overdraft facilities drawn upon if required.

The contractual undiscounted cash flows of the City's Payables and Borrowings are set out in the Liquidity Sensitivity Table below:

	Due within 1 year \$	Due between 1 & 5 years \$	Due after 5 years \$	Total contractual cash flows \$	Carrying Values \$
<u>2016</u>					
Payables	5,383,078	0	0	5,383,078	5,383,078
Borrowings	3,165,027	11,851,791	24,316,892	39,333,710	29,023,843

## Audit Report

## 36. Financial Risk Management (Continued)

#### (c) Payables (Continued)

## (ii) Borrowings

Borrowings are also subject to interest rate risk – the risk that movements in interest rates could adversely affect funding costs. The City manages this risk by borrowing long term and fixing the interest rate to the situation considered the most advantageous at the time of negotiation.

The following tables set out the carrying amount, by maturity, of the financial instruments exposed to interest rate risk:

	< 1 year \$	>1<2 years \$	>2<3 years \$	>3<4 years \$	>4<5 years \$	>5 years \$	Total \$	Weighted Average Effective Interest Rate %

INDEPENDENT AUDITOR'S REPORT TO THE ELECTORS OF THE CITY OF BUSSELTON

#### Report on the Financial Report

We have audited the accompanying financial report of the City of Busselton, which comprises the statement of financial position as at 30 June 2016, the statement of comprehensive income, statement of changes in equity, the rate setting statement, and the statement of cash flows for the year ended 30 June 2016, a summary of significant accounting policies and other explanatory notes, and the Chief Executive Officer's statement.

#### Management's responsibility for the financial report

Management is responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards, the Local Government Act 1995 (as amended) and the Local Government (Financial Management) Regulations 1996 (as amended), and for such internal control as Management determines necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

#### Auditor's responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks and material misstatements of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by Council, as well as evaluating the overall presentation of the financial report.

We believe the audit evidence we obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Independence

In conducting our audit, we followed applicable independence requirements of Australian professional ethical pronouncements.

Cability limited by a scheme approved under Professional Standards Legislation

# For the Year Ended 30<sup>th</sup> June 2016

# **Supplementary Ratio Information**

The following information relates to those ratios which only require an attestation they have been checked and are supported by verifiable information. It does not form part of the audited annual financial report.

	2016	2015	2014		
	Actual	Actual	Actual		
Asset Consumption Ratio	0.739	0.727	0.599		
Asset Renewal Funding Ratio	1.000	1.000	1.000		
The above ratios are calculated as follows:					
Asset Consumption Ratio	Depreciated replacement cost of assets				
(ratio required to meet basic standard > 0.5)	Current replacement cost of depreciable assets				
Asset Renewal Funding Ratio	NPV of planned capital renewals over 10 years				
(ratio required to achieve basic standard > 0.75)	NPV of required capital expenditure over 10 years				

City of Busselton
