Attachment B Financial Activity Statement May 2020 1

OFFICER RECOMMENDATION

That the Council receives the statutory financial activity statement reports for the period ending 31 May 2020, pursuant to Regulation 34(4) of the *Local Government (Financial Management)* Regulations.

EXECUTIVE SUMMARY

Pursuant to Section 6.4 of the Local Government Act 1995 (the Act) and Regulation 34(4) of the Local Government (Financial Management) Regulations 1996 (the Regulations), a local government is to prepare, on a monthly basis, a statement of financial activity that reports on the City's financial performance in relation to its adopted / amended budget.

This report has been compiled to fulfil the statutory reporting requirements of the Act and associated Regulations, whilst also providing the Council with an overview of the City's financial performance on a year to date basis for the period ending 31 May 2020.

BACKGROUND

The Regulations detail the form and manner in which financial activity statements are to be presented to the Council on a monthly basis, and are to include the following:

- Annual budget estimates
- Budget estimates to the end of the month in which the statement relates
- Actual amounts of revenue and expenditure to the end of the month in which the statement relates
- Material variances between budget estimates and actual revenue/expenditure (including an explanation of any material variances)
- The net current assets at the end of the month to which the statement relates (including an explanation of the composition of the net current position)

Additionally, and pursuant to Regulation 34(5) of the Regulations, a local government is required to adopt a material variance reporting threshold in each financial year. At its meeting on 31 July 2019, the Council adopted (C1907/131) the following material variance reporting threshold for the 2019/20 financial year:

That pursuant to Regulation 34(5) of the Local Government (Financial Management) Regulations, the Council adopts a material variance reporting threshold with respect to financial activity statement reporting for the 2019/20 financial year as follows:

- Variances equal to or greater than 10% of the year to date budget amount as detailed in the Income Statement by Nature and Type/Statement of Financial Activity report, however variances due to timing differences and/or seasonal adjustments are to be reported on a quarterly basis; and
- Reporting of variances only applies for amounts greater than \$25,000.

OFFICER COMMENT

In order to fulfil statutory reporting requirements and to provide the Council with a synopsis of the City's overall financial performance on a year to date basis, the following financial reports are attached hereto:

Statement of Financial Activity

This report provides details of the City's operating revenues and expenditures on a year to date basis, by nature and type (i.e. description). The report has been further extrapolated to include details of non-cash adjustments and capital revenues and expenditures, to identify the City's net current position; which reconciles with that reflected in the associated Net Current Position report.

Net Current Position

This report provides details of the composition of the net current asset position on a full year basis, and reconciles with the net current position as per the Statement of Financial Activity.

Capital Acquisition Report

This report provides full year budget performance (by line item) in respect of the following capital expenditure activities:

- Land and Buildings
- Plant and Equipment
- Furniture and Equipment
- Infrastructure

Reserve Movements Report

This report provides summary details of transfers to and from reserve funds, and associated interest earnings on reserve funds, on a full year basis.

Additional reports and/or charts are also provided as required to further supplement the information comprised within the statutory financial reports.

Comments on Financial Activity to 31 May 2020

The Statement of Financial Activity (FAS), for the year to date as at 31 May 2020 shows an overall Net Current Position of \$5.4M as opposed to the amended budget of (\$18.7M), a positive difference of \$24.1M.

The following summarises the major YTD cash variances that appear on the face of the FAS, which in accordance with Council's adopted material variance reporting threshold, collectively make up the above difference:

Revenue from Ordinary Activities

Year to date (YTD) actual income from ordinary activities is \$1.4M more than expected when compared to the YTD amended budget, which represents a variance increase of \$730K in May. The following YTD items meet the material variance reporting thresholds:

- 1. Operating Grants, Subsidies and Contributions are \$2.2M (net) better than YTD amended budget, with \$1.2M of this relating to May. The YTD variance is mainly due to the following:
 - Grants Commission (10152), YTD \$1M, with a positive variance change of \$1.158M in the month of May
 - i. Special Grants Bridges (\$184K) YTD, (\$26K) in May \$124K is still to come in relation to Bussell Hwy Bridge 0241. The remaining variance relates to budgeting misallocations where the grants were actually supposed to be main roads direct funding.
 - ii. General Purpose Grants \$408K, all in May this relates to the 20/21 Financial Assistance Grants (FAGS), being received in advance. This will be restricted in the Untied Grants Reserve in the year end reserve reconciliation process.
 - iii. Local Roads Grants \$800K, all in May FAGS received in advance per above. Not budgeted as advice from Grants Commission was that the practice of prepayment in previous years was going to cease.
 - Insurance Reimbursements (10200), \$84K YTD, (\$54K) in May mainly due to the LGIS scheme member credit refund of \$127K;
 - Legal Fees Reimbursements (10500), (\$71K) YTD, (\$6K) in May YTD position largely due to a budget item included for a fine that was received in the 18/19 financial year. A budget amendment was processed to move a portion of the fine from retained earnings to a legal reserve, however no amendment to remove this budgeted revenue item in 19/20 will be done;
 - Human Resources Reimbursements (10521), \$50K YTD, no change in May \$33K due
 to conference and training reimbursements not budgeted for sufficiently and \$19K
 received in workers comp reimbursements with all receipts budgeted in June;
 - Contributions to Airport Operations (11151), \$51K YTD, no change in may received December but budgeted in June;
 - Strategic Planning Operating Grants & Subsidies (10820), (\$34K) YTD, (\$3K) in May —
 This is remaining grant funding for the CAS project which will not be finalized until
 later in the year. The remaining activities for the project will be carried over into the
 next budget;
 - Environmental Management Administration (10830), \$232K YTD, no change in May.
 \$170K grant received for the Revitalizing Geographe Waterways Phase 2 project earlier than budgeted, plus unbudgeted amounts of \$40K for Lower Vasse River Collaborative Project from Regional Estuaries Initiatives, and \$20K for Strategic Weed Action for Biodiversity Protection from Department of Primary Industries;
 - Protective burning and firebreaks reserve (10931), \$166K YTD, no change in May.
 This variance relates to receiving 50% grant awarded to the City under the mitigation activity fund (Emergency Services Levy), which was not budgeted. Details of the cost codes for a budget amendment have not been finalised. Any remaining amount will be restricted at year end and used to offset any budgeted activity in the 20/21 year;
 - Preventative Services CLAG Contribution (10925), (\$29K) YTD, no change in may –
 Offset by budgeted expenditure that has not occurred, to the same amount;
 - Fire Prevention DFES Contribution & Prior Period Adjustments (10940), \$15K YTD, (\$6K) in May – timing difference due to prior period adjustments for late receipted contributions;
 - Engineering Services Administration Other Operating Grant (11101), \$28K YTD, all arising in May beach monitoring grant budgeted to be received in June;

- Wonnerup South Rd Bridge Slk 2.3 (A3440), \$32K YTD, no change in May. Emergency funding received from Main Roads for repairs undertaken;
- Pre-Primary Building & Surrounds (B1503), \$30K YTD, no change in May Grant was budgeted to be received in June 2020, but was received in November 2019;
- Busselton Jetty Contributions (11160), \$35K YTD, no change in May bi-annual contribution more than budgeted;
- Regional Waste Management Administration (11301), (\$37K) YTD, (\$5K) in May –
 Invoices have not been fully raised per the budget. Waste officers are investigating,
 with additional invoicing pending for the June accounts;
- Operations Services Works Reimbursements (11501), \$32K YTD, \$7K in May –
 Workers compensation reimbursement for wages paid;
- Reimbursements Old Butter Factory (B1401 & B9610), \$371K YTD, no change in May.
 Timing difference due to difficulties in predicting when LGIS would process the claims;
- Storm Damage Insurance Renewal (C2527), \$74K YTD, \$37K in May insurance claim for damage to King Street steps and ramp received. Half received in February, balance in May after finalization of claim.
- 2. Other Revenue is (\$69K) YTD worse than budget, and increase of (\$19K) in May. The main contributing variances are outlined in the table below:

Expenses from Ordinary Activities

YTD expenditure from ordinary activities is \$4.5M or 6.1% less than expected when compared to the amended YTD budget. This variance fell by \$43K in May. The following YTD variance items meet the material reporting thresholds:

3. <u>Materials and Contracts better than amended budget YTD by \$2.3M (a reduction of \$331K in May)</u>

The main contributing items are listed below, most of which being heavily influenced by the slow down in activity caused by the COVID-19 shutdowns and restrictions over March and April, with slight increase in:

4. Other Expenditure \$618K under the amended YTD budget (a \$2K reduction in May):

The main contributing items are listed below:

Cost Code	Cost Code Description / GL Activity	Variance Increment Current Month \$	Variance YTD \$
Finance and Cor	rporate Services	(38,785)	205,394
10000	Members of Council	9,154	144,976

5. Allocations

In addition to administration based allocations which clear each month, this category also includes plant and overhead related allocations. Due to the nature of these line items, the activity reflects as a net offset against operating expenditure, in recognition of those expenses that are of a capital nature (and need to be recognised accordingly). It should be noted that performance in the category has no direct impact on the closing position.

Non-Operating Grants, Subsidies and Contributions

6. Non-Operating Grants, Subsidies and Contributions are below budget by \$498M (with a \$68K improvement on this variance in May), with the main items impacting on this being the timing of the receipt of funding. This has been exacerbated by the delays in completing capital projects due to the COVID-19 shutdowns and restrictions over March and April. This is largely offset with less than anticipated capital expenditure at the same time, where works have not been completed in connection with the funding. The extent to which the works remain incomplete will represent a positive impact on net position, and the remaining funding will be carried forward in reserves to be spent in future periods in order to complete the projects.

Capital Expenditure

7. As at 31 May 2020, there is an underspend variance of 47.3% or \$21.9M in total capital expenditure, with YTD actual at \$24.4M against the YTD amended budget of \$46.3M. This variance increased by \$1.3M in May. The attachments to this report include detailed listings of all capital expenditure (project) items, however the main areas of YTD variance are summarised as follows:

In the main, many of these projects have yet to be completed and represent a timing difference. Due to the COVID-19 crisis, and the two major storm events in May, many projects have also been deferred and will be relisted for completion in next year's budget.

Proceeds from Sale of Assets

8. There is a variance for the proceeds from sale of assets of \$2.5M (an increase of \$156K in May), mainly due to difficulty in predicting timing for the settlement of the sale of the old library building land, creating a timing difference against budget.

Transfer to Restricted Assets

- 9. There is a YTD variance in transfers to restricted assets of \$591K more than amended budget (no change in May). The reasons for this are as follows:
 - Interest earned on government grants of \$37K transferred to restricted cash, for which there was no budget allocated as it was expected that the grant would have been utilized by this stage;
 - Additional bonds of \$350K were received in relation to the next stage of the Dunsborough Lakes development;
 - Transfer of \$156K representing contribution by developers, including \$125K from the sale of the old library land as agreed with the developers;
 - Net transfers to deposits and bonds of \$49K as opposed to a budget of \$0. These funds do not have a budget allocation as they are not able to be reliably measured.

Transfer from Restricted Assets

- 10. There is a YTD variance in transfers from restricted assets of \$2.1M more than amended budget (\$472K increase in May). The main reason for this is as follows:
 - Transfer from Roadwork Bonds of \$849K as opposed to a budget of \$0;
 - Refunds of \$27K in deposits for venue hire;
 - Refunds of \$12K of Jetty berthing deposits;
 - \$34K of other miscellaneous refunds of bonds & deposits;
 - \$500K reimbursement to muni of remaining loan funds for the tennis club project;
 - \$253K of transfers related to partially completed roadworks projects;
 - In May:
 - i. \$140K use of federal capital grants for the CCTV;
 - ii. \$14K use of grants for the Womens Change Facility at Bovell;
 - \$21K use of grants for sand re-nourishment;
 - iv. \$28K use of grants for Broadwater Beach coastal works;
 - v. \$247K for completion of the Old Butter Factory insurance works.

These funds do not have a budget allocation as they dependant of external third parties and are not able to be reliably measured.

Transfer from Reserves

- 11. There is a YTD variance for transfer from reserves of \$5.9M less than amended budget (this increased by \$1.1M in May). The reasons for this are as follows:
 - 100 Airport Infrastructure Renewal Reserve (\$169K) Only partial work for installation of bird netting has been done and the car park resealing has not been completed;
 - 136 Airport Marketing & Incentive Reserve (\$1.4M) Being deferred until next financial year;
 - 143 Airport Noise Mitigation Reserve (\$870K) project deferred until 20/21 budget
 - 106 Building Asset Renewal Reserve \$220K early recoup related to partially completed works;

- 407 Busselton Library Building Reserve \$20K partial recoup for the extension works:
- 408 Busselton Jetty Tourist Park Reserve (\$172K) upgrade works only partially complete;
- 409 Geographe Leisure Centre Building Reserve (\$270K) Project B9596 for general building improvements;
- 331 Joint Venture Aged Housing Reserve \$40K works partially completed earlier than expected;
- 411 Civic & Administration Building Reserve \$38K works partially completed earlier than expected;
- 110 Jetty Maintenance Reserve (\$495K) only partially recouped, as works only partially undertaken on cost code C3497 (part of the Parks, Gardens & Reserves variance shown above), for the following reasons:
 - i. The previous expenditure figure was based on the 50 year plan.
 - ii. The 5 year structural review undertaken in 2019/2020 discovered that the Jetty was in better condition than forecast in the 50 year plan. Capital works planned for 2020 have been deferred to 2030.
 - iii. Requests for Tenders issued for maintenance works per the 5 year plan are to be awarded at the Council meeting on 29 January 2020.
 - iv. As a result, budget figures have been revised for next the 5 financial years to reflect the 5 year plan;
- 115 Plant Replacement Reserve (\$638K) timing difference associated with recoupment for purchase of new plant;
- 137 Major Traffic Improvements Reserve \$367K Project V0002 for the Eastern Link Project is on-going. Approximately \$1.7M has been spent, of which \$400K grant funding has been received and \$1M transferred to Muni;
- 132 CBD Enhancement Reserve (\$436K) mainly due to incomplete townscape upgrade works;
- 127 New Infrastructure Development Reserve (\$123K) This reserve is funding 10 projects at the moment, some of which are still incomplete;
- 133 Valuation & Corporate Expenses Reserve (\$12K) the transfer to cover the \$97K bill from the Electoral Commission happened in March;
- 123 Port Geographe Waterways Management Reserve (SAR) (\$327K) Annual deed agreement not yet requested to be paid;
- Due to cash flow requirements partially completed works were recouped from the following reserves:
 - i. 223 Road Asset Renewal Reserve \$1.4M;
 - ii. 224 Footpaths & Cycleways Reserve \$317K;
 - iii. 225 Parks & Garden Reserve \$126K;
 - iv. 302 Community Facilities City District \$415K;
 - v. 303 Community Facilities Busselton \$44K;
 - vi. 309 Community Facilities Vasse \$59K;
 - vii. 122 Port Geographe Development Reserve \$364K;
 - viii. 126 Provence Landscape Maintenance Reserve (SAR) \$64K;
 - ix. 128 Vasse Newtown Landscape Maintenance Reserve (SAR) \$101K;
 - x. 321 Busselton Area Drainage and Waterways Improvement Reserve \$35K;
 - xi. 102 Coastal and Climate Adaptation Reserve \$256K;
 - xii. 145 Energy Sustainability Reserve \$177K;
 - xiii. 146 Cemetery Reserve \$185K;
 - xiv. In May:
 - 1. 106 Building Asset Renewal Reserve \$135K;
 - 123 Port Geographe Waterways Management Reserve \$320K;

- 3. 102 Coastal & Climate Adaptation Reserve \$60K (for works at Broadwater);
- 4. 121 Waste Management Facility & Plant Reserve \$600K (for the compactor rebuild);
- 121 Waste Management Facility and Plant Reserve (\$3.82M) The works for the Transfer station plus the site rehabilitation jobs that have not progressed, are the biggest cause of this variance. It is forecast that these jobs will be deferred until next financial year.

Investment Report

Pursuant to the Council's Investment Policy, a report is to be provided to the Council on a monthly basis, detailing the investment portfolio in terms of performance and counterparty percentage exposure of total portfolio. The report is also to provide details of investment income earned against budget, whilst confirming compliance of the portfolio with legislative and policy limits.

As at 31 May 2020, the value of the City's invested funds totalled \$77.99M, up from \$76.99M as at 30 April 2020. The increase is due a \$3.0M transfer from the 11AM account and a closure of a term deposit for \$2.0M.

During the month of May four term deposits totalling the amount of \$14.0M matured. One deposit was closed totalling \$2.0M to provide funds for standard operations. Remaining deposits were renewed for a further 110 days at 0.85% on average.

The balance of the 11am account (an intermediary account which offers immediate access to the funds compared to the term deposits and a higher rate of return compared to the cheque account) has increased by \$3.0M with funds to be held temporarily until required for standard operations.

The Airport Development accounts remain steady.

The official cash rate in May remains steady at 0.25%. This will have a strong impact on the City's interest earnings for the foreseeable future. Further drops are unlikely at this stage.

Options

The Statements of Financial Activity are presented in accordance with Section 6.4 of the Act and Regulation 34 of the Regulations and are to be received. Council may wish to make additional resolutions as a result of having received these reports.

CONCLUSION

As at 31 May 2020, the City's financial performance, although displaying a positive net current position, is still considered at risk of not meeting operational budget expectations by the end of the financial year due to the downturn in operational activity brought on by the COVID-19 global pandemic. This risk has been somewhat mitigated over the later part of May and early part of June due to an uptick in activity resulting from relaxed restrictions.
