OFFICER RECOMMENDATION

That the Council rescinds Council Policy 179: Engineering Technical Standards and Specifications (Attachment A), effective immediately.

EXECUTIVE SUMMARY

This report recommends the rescission of Council policy 179: Engineering Technical Standards and Specifications (the Policy) (Attachment A), with the Policy having been reviewed as part of the City's overall review of its Council policies. It is recommended the Policy be rescinded.

BACKGROUND

The Policy was initially developed in July 2009 and provided direction that the City's Engineering Technical Standards and Specifications (Standards) were to be maintained along with a short description of the 10 different sections contained within the Standards.

The Policy was reviewed again in June 2012 and December 2017 in accordance with the City's ongoing Policy Review cycle. The Policy was updated to the newest policy format, with no change made to the intent of the Policy.

In response to the Governance Services Review carried out in 2017, the City has developed a policy framework to clearly establish the strategic nature and intent of Council policies, as opposed to operational documents. Since then, Council has been reviewing its Council policies to ensure that they align to the policy framework and that they provide strategic, and not operational, guidance.

OFFICER COMMENT

The Standards apply a range of standards and specifications to all civil works designed and carried out by consultants, contractors, developers and the City. Some standards are reflective of Australian Standards and standards set by agencies such as Main Roads WA, and others are requirements of the City.

The Policy, in its current form, serves as a list of contents of the Standards, and does not provide a strategic statement or strategic direction. The maintenance and application of the Standards to works undertaken by the City is an administrative matter, with the Standards being updated by officers as required.

The effective head of power for the decisions to which the Standards are applied is in the planning framework, rather than the local government legislation, and a policy made under the local government legislation cannot form part of the planning framework. The Standards do address some matters that are directly addressed in the planning framework, and would not be determinative if there was a dispute as to the standard that should apply in a particular case.

The planning framework itself does not provide direct or complete guidance, but there are a range of standards or documents that would be given weight, including the Standards, as well as *Austroads*, *Liveable Neighbourhoods* or various Australian Standards. Ultimately, the weight given to the Standards would be determined by the robustness of their rationale and the consistency of their application; adoption of the Standards by the Council (or otherwise), would not add to that weight.

Officers are therefore of the view that the rescission of the Policy would have no effect on the application of the Standards.

Statutory Environment

In accordance with section 2.7(2)(b) of the *Local Government Act 1995* (the Act), it is the role of the Council to determine the local government's policies. The Council does this on recommendation of a committee it has established in accordance with section 5.8 of the Act.

The Standards are applied as part of the process of clearing conditions of subdivisions approvals issued under the *Planning and Development Act 2005*.

Relevant Plans and Policies

The City has a policy framework which sets out the intent of Council policies. The recommendation to rescind the Policy is in line with that framework.

Financial Implications

There are no financial implications associated with the officer recommendation.

Stakeholder Consultation

No external stakeholder consultation was required or undertaken in relation to this matter.

Risk Assessment

An assessment of the potential implications of implementing the Officer Recommendation has been undertaken using the City's risk management framework, with risks assessed taking into account any controls already in place. No risks of a medium or greater level have been identified.

Options

As an alternative to the proposed recommendation, the Council could choose not to rescind the Policy and to request that the Policy be further reviewed to provide a statement of strategic intent.

CONCLUSION

The Policy in its current form provides a list of contents of the Standards and is not considered to provide strategic direction. The Standards are an administrative document, maintained under the direction of the CEO and applied either under the direction of the CEO or as a condition of development approvals issued by the Council or officers under delegation. Rescission of the Policy does not impact on the application of the Standards and is therefore recommended.

TIMELINE FOR IMPLEMENTATION OF OFFICER RECOMMENDATION

The Policy will be rescinded and removed from the website within one week of Council's endorsement.

OFFICER RECOMMENDATION

That the Council adopts the City of Busselton Delegations of Authority as contained in the table below, and shown in Attachment A.

DELEGATION	CHANGES
DA1 – 01 Issuing Notices	Expanded references and added 'the power to'.
DA1 – 02 Entry in an Emergency	Amended title for clarity of delegation purpose and power. Expanded references and added 'the power to'. Removed reference to section 3.31 of the Act as this can be dealt with through an Authorisation under section 9.10 of the Act, which now provides for the CEO, as the prescribed decision maker, to make appointments. Included new condition to provide parameters of use of delegation and included updated reference document.
DA1 – 03 Abandoned vehicle wreck	Amended title for clarity of delegation purpose and power. Expanded references and added 'the power to'. Removed reference to section 3.39 of the Act as this can be dealt with through an Authorisation under section 9.10 of the Act, which provides for the CEO, as the prescribed decision maker, to make appointments. This reasoning also applies to section 3.40A(1), therefore only section 3.40A(4) 'the local government <i>may</i> declare that a vehicle is an abandoned vehicle wreck' has a decision making function and can be delegated to the CEO.
DA1 – 04 Confiscated or Uncollected Goods	Amended title for clarity of delegation purpose and power. Expanded references and added 'the power to'.

DA1 – 05 Closure of Thoroughfares	Expanded references and added 'the power to'. EXECUTIVE SUMMARY

The *Local Government Act 1995* (the Act) requires all delegations of authority to the CEO under the Act to be reviewed by the delegator at least once every financial year. Additionally, delegations made under the *Cat Act 2011* and the *Dog Act 1976* are required to be reviewed once every financial year. This review is to fulfil those requirements.

BACKGROUND

Delegations of authority are an integral part of the City's governance functions. Delegations of authority are an effective and efficient means of carrying out the functions or discharging the duties of the local government, by allowing decisions of Council to be made by the Chief Executive Officer, who in turn can delegate to other staff where appropriate.

Section 5.46(2) of the Act requires all delegations by Council to the CEO to be reviewed at least once each financial year. A review has been completed of the City's delegations. This report details the outcomes of that review and seeks Council's endorsement of the continuing and amended delegations of authority.

OFFICER COMMENT

Through the review of the City's delegations, opportunities to improve the level of information contained within the delegations have been identified. As part of the 2019 review officers streamlined the delegations register, which, at that time, had not been reviewed in terms of its presentation and functionality for a number of years. As a result of the review, officers developed a new template, renumbered the delegations and linked them through to relevant legislation.

Since that time, officers have formed the view that the delegations should be expanded to clearly identify the powers and duties that are being delegated, by reference to both relevant sections and subsections. This ensures transparency with respect to the powers that are being delegated within a section, where there is more than one, and assists with officer understanding, noting that the City's register of sub-delegations flows from these head delegations.

It also assists with clarity in relation to any future amendments to the Act or associated regulations, as it clearly shows which powers the Council has chosen to delegate. Where only the higher level section has been delegated, and in instances where a new delegable sub-section is introduced, it is not readily clear from a review of the register as to whether Council has delegated that new sub-section.

This view aligns with advice from WALGA who advise that each provision that can be delegated should be delegated separately, to ensure clarity in Council's decision-making process. Accordingly, the approach officers have taken is that where a section of the Act has only one delegable subsection, no subsections are listed under Function, just the head section.

For example, section 3.50A of the Act has no subsections, and therefore no subsections are listed under Function:

s.3.50A The power to partially close a thoroughfare for repairs or maintenance.

Where a section of the Act has more than one subsection and several of those subsections can be delegated, each delegable subsection is listed and expanded upon. For example, section 3.26 of the Act includes subsections (1) through to (7), however only subsections (2) and (3) are delegable, so only these subsections are listed under Function:

s.3.26(2) The local government may do anything that is considers necessary to achieve, so far as is practicable, the purpose for which the notice was given.

s.3.26(3) The local government may recover the cost of any anything it does under subsection (2).

Where a section or subsection of the Act is clear and concise in its terminology, officers have verbatim included those sections when describing the function. Where a section or subsection of the Act is less clear and concise, officers have summarised the function, using in some instances the WALGA Delegations Register Template as a guide.

Each of the delegations below has been amended in accordance with this rationale. Additionally, the words 'the power to' have been added to the function, e.g 'the power to affix the common seal'. These and additional amendments, where applicable, are detailed in the table below:

DELEGATION	CHANGES
DA1 – 01 Issuing Notices	Expanded references and added 'the power to'.
DA1 – 02 Entry in an Emergency	Amended title for clarity of delegation purpose and power. Expanded references and added 'the power to'. Removed reference to section 3.31 of the Act as this can be dealt with through an Authorisation under section 9.10 of the Act, which now provides for the CEO, as the prescribed decision maker, to make appointments. Included new condition to provide parameters of use of delegation and included updated reference document.
DA1 – 03 Abandoned vehicle wreck	Amended title for clarity of delegation purpose and power. Expanded references and added 'the power to'. Removed reference to section 3.39 of the Act as this can be dealt with through an Authorisation under section 9.10 of the Act, which provides for the CEO, as the prescribed decision maker, to make appointments. This reasoning also applies to section 3.40A(1), therefore only section 3.40A(4) 'the local government <i>may</i> declare that a vehicle is an abandoned vehicle wreck' has a decision making function and can be delegated to the CEO.
DA1 – 04 Confiscated or Uncollected Goods	Amended title for clarity of delegation purpose and power. Expanded references and added 'the power to'.

Council is asked to consider final adoption of the following local planning policies ('Policies' or 'Policy', as appropriate to the context) which, since being initiated by Council, have been publicly advertised in accordance with the *Planning and Development (Local Planning Schemes) Regulations 2015* ('Regulations'):

- *LPP 1.3 : Private Jetties and Boat Lifting Structures*, as set out at Attachment A; and
- *LPP 6.1 : Stormwater Management*, as set out at Attachment C; and
- *LPP XX : Advertisements and Advertising Signs*, as set out at Attachment E.

BACKGROUND

The Regulations provide that policies may be prepared by a local government in respect of any matter relating to planning and development subject to the *City of Busselton Local Planning Scheme No. 21* ('Scheme').

The intention of a policy is to provide guidance to applicants/developers and the community in regards to the decision-making process, as well as to the local government when exercising discretion under the Scheme. Policies must be consistent with the intent of the relevant Scheme provisions, including *State Planning Policy 7.3 - Residential Design Codes* ('R-Codes'), and cannot vary development standards or requirements set out in a Scheme or impose any mandatory requirements upon development.

Policies are to be given due regard in the assessment of development applications and are listed as a "matter to be considered" when making a determination of a development application under clause 67 of Schedule 2 of the Regulations.

It is proposed as part of this report that Council adopts as final the following Policies:

- *LPP 1.3 : Private Jetties and Boat Lifting Structures*, as set out at Attachment A; and
- *LPP 6.1 : Stormwater Management*, as set out at Attachment C; and
- *LPP XX : Advertisements and Advertising Signs*, as set out at Attachment E.

The Policies were advertised via a notice placed in the local newspaper for four consecutive weeks and a portal was created on the City's *Your Say* platform website for the online lodgement of submissions.

LPP 1.3 : Private Jetties and Boat Lifting Structures and LPP 6.1 : Stormwater Management were advertised from 2 September to 30 September 2020. LPP XX : Advertisements and Advertising Signs was advertised from 1 October 2020 to 29 October 2020.

A description of the Policies being considered is set out in the 'Officer Comment' section of this report.

OFFICER COMMENT

LPP 1.3 : Private Jetties and Boat Lifting Structures

This Policy is an amended version of the City's current LPP 1.3 : Private Jetties and Boat Lifting Structures. The purpose of the amendments are as follows:

- Formatting changes to simplify and shorten the LPP;
- Modification to the LPP to allow for the consideration of mechanical boat lifting structures where it can be demonstrated that the structure will not detrimentally impact on the amenity of adjoining owners or the navigability, accessibility and usability of the canal.

During the public consultation period, no submissions were received. It is recommended that the Policy as set out in Attachment A be adopted as final.

LPP 6.1: Stormwater Management

This LPP is an amended version of the City's current LPP 6.1 : Stormwater Management. The purpose of the amendments are as follows:

- Formatting changes to simplify and shorten the LPP;
- Remove reference to a revoked LPP 6.2 : Drainage Infill Contributions Provisions;
- No change to the volumetric requirements for on-site storm water management systems however clarification provided when a Drainage Property Connection is provided at subdivision stage.

During the public consultation period, no submissions were received. Some minor administrative changes are proposed to this version of the Policy in response to further officer review to provide additional clarity. A copy of the Policy with track changes included in red is provided at Attachment B. It is recommended that the Policy as set out in Attachment C be adopted as final.

LPP XX: Advertisements and Advertising Signs

This a new Policy that is proposed to introduce controls regarding permanent advertisements and advertising signs, as defined by the Policy. Currently, the only controls applicable to Advertising Signs are contained with clauses 4.36.4, 4.41 and Schedule 11 of the Scheme as outlined below:

- Clause 4.36.4 outlines requirements for entry statements within the Rural and Viticulture and Tourism zones; and
- Clause 4.41 outlines that Advertisements are prohibited if they advertise goods and services which are not produced, displayed or offered for sale, or which is otherwise not relevant to, the land upon which the advertisement is located; and
- Schedule 11 includes specific types and requirements for Advertising Signs that if met are exempt under clause 6.1 Permitted Development of the Scheme from requiring development approval.

The purpose of this Policy is follows:

- Introduce provisions relating to the maximum number and dimensions for signs that are not otherwise exempted by Schedule 11 of the Scheme;
- Provide guidance regarding what the City considers to be generally acceptable when considering advertising signs that require development approval; and
- Set requirements for signage that incorporate illumination and animation.

During the public consultation period, one submission was received which queried the need for consolidation of existing signage in a Local Centre should a new animated sign be proposed. Given that a Policy provides guidance and is not an inflexible control, no changes to the Policy are considered necessary in response to this submission as any application will be considered on its individual merits. It is noted however than some minor administrative changes are proposed to this version of the Policy in response to further officer review to provide additional clarity.

It is recommended that the Policy as set out in Attachment E be adopted as final.

Local Planning Policy No. 1.3

PRIVATE JETTIES AND BOAT LIFTING STRUCTURES

1. HEAD OF POWER AND SCOPE

This Policy has been adopted pursuant to *Planning and Development (Local Planning Schemes) Regulations 2015*, Schedule 2 (Deemed Provisions), Clause 4 and applies to all private Jetties and boat lifting structures across the whole of the City.

2. PURPOSE

The purpose of this Policy is to outline the minimum requirements for the construction of Jetties and boat lifting structures with the intention of ensuring that:

- 2.1 Structures are appropriate in scale, structural design and context to the surrounding environment; and
- 2.2 Matters of safety and navigation are appropriately considered; and
- 2.3 The amenity of the waterway and surrounding residents is maintained.

3. INTERPRETATION

Terms should be interpreted in the same way as they would be interpreted if they were contained or within the Scheme, other than those terms defined below:

"Canal Cul-de-sac Head" means the terminus of a canal with only one entrance.

"Davit" means a structure located on a jetty and which is capable of mechanically moving a vessel from a waterway to a dry lot.

"Floating Boat Lifting Structure" means a floating structure, attached to mooring piles assuring the vessel is out of the water, i.e. a floating pontoon/boat dock.

"Floating Jetty" means a moveable structure, constructed on mooring piles on a floating pontoon.

"Jetty" means a structure connected to a body of water that, wholly or in part, may be used for the purpose of launching or landing a vessel and the configuration can be one of the following arrangements-

- a) Finger shaped;
- b) Floating Jetty;
- c) Land Backed;
- d) 'L' shaped; or
- e) 'T' shaped.

"Jetty Envelope" means a designated area as defined by an endorsed envelope plan in which the jetty is to be wholly constructed and contained within.

"Land Backed Jetty" means a Jetty constructed parallel to the canal wall.

"Mechanical Boat Lifting Structure" means a solid metal structure, on pylons which lifts a vessel out of water.

"Mooring Piles" means steel piles to secure a vessel by attaching the vessel to the piles.

"Primary Walkway" means the walkway the vessel is moored at.

"Revetment Mattress" means the sloped rock section of a canal wall which protects the vertical limestone block retaining wall from scour and undermining.

Local Planning Policy No. 1.3

PRIVATE JETTIES AND BOAT LIFTING STRUCTURES

"Scheme" means the *City of Busselton Local Planning Scheme No. 21* (as amended).

"Secondary Walkway" means a walkway which is not intended to support the mooring of a vessel.

4. POLICY STATEMENT

4.1 JETTIES

Note 1 : Under Part 6 Clause 6.1.1(c) of the Scheme, development approval is not required to be obtained from the City for a Jetty on a canal in the 'Port Geographe Development Special Control Area' where it is contained wholly within a specified mooring envelope and is in accordance with the design standards approved by the local government, as outlined below.

Where a Jetty is not located within a Mooring Envelope (as defined by the Scheme) and/or does not satisfy any of the policy provisions below, a development application will be required. As part of the assessment of the development application the development will be assessed against, and required to meet, the Purpose of this Policy.

- 4.1.1 Jetties should be designed such that all vessels moored when parked at the Jetty will be wholly contained within the lots designated Mooring Envelope (where one exists); and
- 4.1.2 Jetties should have no structures built on them and should not have a roof structure; and
- 4.1.3 Jetties should not place a horizontal surcharge load on a canal wall. This will be required to be demonstrate through engineering details at the building permit stage; and
- 4.1.4 Piles associated with a Jetty are to be located so as not to penetrate any Revetment Mattress. Where piles are proposed to penetrate a Revetment Mattress, certification from a structural engineer will be required to be provided at the building permit stage confirming there will be no associated structural impact; and
- 4.1.5 The Primary Walkway should be limited to a minimum width of 1.2m and a maximum width of 2.0m, except for a Land Backed Jetty which has an allowable maximum width of 2.5m; and
- 4.1.6 The Secondary Walkway should be limited to a minimum width of 0.9m and a maximum width of 2.0m, except for a Floating Jetty which has an allowable maximum width of 2.5m; and
- 4.1.7 Jetties should be used for the purpose of accessing a moored or stored vessel only; and
- 4.1.8 With the exception of structures contained wholly within private land (i.e. jetties within dams on private properties), there is a general presumption against any Jetty or boat lifting structure being supported outside the Port Geographe Development Area given the likely significant adverse impacts on local character, coastal amenity and environmental values. In addition, any such structure is likely to require at least partial construction over Crown land managed by the City. There is a general presumption against private development on City land, except as outlined in the 'Private Works on City Land, including private coastal protection works on City land Policy'.

Note 2: Notwithstanding the above, a Building Permit is required for the construction of all Jetties which should include a certification of structural integrity by a certified structural engineer. In addition, all jetties require a Jetty Licence issued by the Department of Transport. The City may seek comment from the Department of Transport during the assessment process.

Local Planning Policy No. 1.3

PRIVATE JETTIES AND BOAT LIFTING STRUCTURES

4.2 BOAT LIFTING DEVICES AND STRUCTURES

The term boat lifting structure includes a Davit, Floating Boat Lifting Structure and Mechanical Boat Lifting Structure. All boat lifting structures require development approval and should have regard to the following provisions and the Purpose of this Policy:

- 4.2.1 Prior to an application for a boat lifting structure being submitted to the City, an associated Jetty is to be constructed or otherwise approved by the City and licenced by the Department of Transport; and
- 4.2.2 Boat lifting structures should be wholly located within the designated Jetty and/or Mooring Envelope (where one exists); and
- 4.2.3 No boat lifting structure should place a horizontal surcharge load on a canal wall. This will be required to be demonstrate through engineering details at the building permit stage; and
- 4.2.4 Piles associated with a boat lifting structure are to be located so as not to penetrate any Revetment Mattress. Where piles are proposed to penetrate a Revetment Mattress, certification from a structural engineer will be required to be provided at the building permit stage confirming there will be no associated structural impact; and
- 4.2.5 Floating boat lifting structures are preferred for use in Canal Cul-de-sac Heads; and
- 4.2.6 Mechanical Boat Lifting Structures will only be supported where it can be demonstrated by the Applicant that the structure will not detrimentally impact on the amenity of adjoining owners, the navigability, accessibility and useability of the canal; and
- 4.2.7 Davits will only be supported in Marinas and where it can be demonstrated by the Applicant that the structure will not detrimentally impact on the amenity of surrounding properties; and
- 4.2.8 No boat should be suspended from the Davit or Mechanical Boat Lift Structure at any time.

4. POLICY STATEMENT

4.1 SYSTEMS REQUIREMENTS

4.1.1 Stormwater shall be managed on-site by one or a combination of the following means:

- a) Above ground storage and infiltration systems (e.g. water tanks, rainwater gardens, detention basins); and/or
- b) Below ground storage and infiltration systems (e.g. soakwells, sumps or infiltration cells).

Note 12: Development within a 'Wetland Special Control Area' are encouraged to use 'above ground storage and infiltration systems' only due to the high ground water table.

4.1.2 Notwithstanding 4.1.1 above, on lots greater than 4,000m² stormwater is not required to be contained within a storage and/or infiltration system, however, the applicant ~~shall be~~ required to demonstrate, to the satisfaction of the City, that stormwater can be suitably managed and contained within the Lot such that it does not cause erosion to the building/s or adjoining properties. This can be achieved through the provision of sufficient setbacks and pervious landscaped areas.

4.1.3 Where a Lot has a Drainage Property Connection overflow from the below ground storage and infiltration system, as required under Part 4.1.1 of this Policy, is required to be connected to the Drainage Property Connection via a silt trap.

Note 2-3: A Drainage Property Connection is generally provided within areas with poor soil permeability, high clay content or high winter groundwater table. Please contact the City of Busselton to determine if a lot has a Drainage Property Connection.

4.2 VOLUMETRIC REQUIREMENTS

4.2.1 This Policy sets different volumetric requirement to manage Stormwater based on 1 Year ARI or 5 Year ARI rainfall events. Development should satisfy the applicable volumetric requirements specified in Table 1 below, as follows;

~~(a) Single Houses (including associated outbuildings) should satisfy the volumetric requirements specified in Table 1 below; and~~

~~(b) All other development should satisfy the volumetric requirements specified in Table 2 below.~~

4.2.2 Where the R-codes are applicable, the Stormwater Management volumetric requirement prescribed in Tables 1 and 2 below sets the minimum standard for Stormwater Management to meet the deemed-to-comply criteria of clause 5.3.9 Stormwater Management of the R-codes.

4.2.3 Where an approved District, Local or Urban Water Management Plan/Strategy provides for the management of stormwater (1 Year ARI and 5 Year ARI) within a lot, the standards set out in those provisions prevail over this Policy to the extent of any inconsistency.

Local Planning Policy No. X ADVERTISEMENTS AND ADVERTISING SIGNS

1. HEAD OF POWER AND SCOPE

This Policy has been adopted pursuant to *Planning and Development (Local Planning Schemes) Regulations 2015*, Schedule 2 (Deemed Provisions) and applies to all Advertisements and Advertising Signs not defined as a Portable Signs located across the whole of the City.

Note 1: This Policy does not apply to Portable Signs, refer to Council Policy 'Portable Advertising Signs in Public Places' for provisions relating to Portable Signs.

2. PURPOSE

The purpose of this Policy is to:

- 2.1 Set standards relating to the design and placement of Advertisements and Advertising Signs within the City. Where Advertisements and Advertising Signs do not meet these standards they are to be:
 - (a) Designed, constructed and maintained to a high aesthetic standard and quality of presentation; and
 - (b) Integrated within the design of the development and are consistent with the character of the local area; and
 - (c) Designed such that they do not result in visual clutter and/or have a detrimental impact on the streetscape or visual amenity of the surrounding area and present a visually attractive appearance to public areas; and
 - (d) Consistent with the heritage values of a place (where applicable); and
 - (e) Integrated and rationalised where a site contains multiple tenancies; and
 - (f) Designed, constructed, secured and maintained so that they do not pose a hazard to motorists, pedestrians, cyclists and the public at large; and

4. POLICY STATEMENT

4.1 BACKGROUND

Clause 6.1 'Permitted Development' of the Scheme outlines development which is exempt from requiring development approval. In addition to Clause 6.1.1(d) of the Scheme, the following Scheme provisions are also relevant

Local Planning Policy No. X ADVERTISEMENTS AND ADVERTISING SIGNS

to Advertising Signage within the City:

- (a) Clause 4.36.4 of the Scheme outlines requirements for entry statements within the Rural and Viticulture and Tourism zones;
- (b) Clause 4.41 'Prohibited Advertisements' states; "Advertisements that advertise goods and services which are not produced, displayed or offered for sale, or which is otherwise not relevant to, the land upon which the advertisement is located, are prohibited".

Where not exempted by Schedule 11 of the Scheme, Advertising Signage requires a development approval and an assessment against the Scheme and this Policy.

4.2 SIGN TYPE AND ZONE SPECIFIC REQUIREMENTS

Advertisements should comply with 'Appendix 2: Zoning Specific Provisions - Free Standing Signs' or 'Appendix 3: Zoning Specific Provisions - Signs Attached to a Building'.

4.3 GENERAL REQUIREMENTS

In addition to the requirements above, the following considerations are relevant to all development applications for ~~all~~ Advertisements:

- (a) Advertisements should generally be integrated into the architectural design of all new development; and
- (b) All Advertisements should be contained wholly within the lot to which it relates with the exception of Cantilever and Verandah/Awning Signs which may project into the adjoining road reserve or other public land (with the appropriate consent of the agency responsible for managing that land); and
- (c) A minimum clearance of 2.75m (in accordance with the *Building Code of Australia*) should be provided underneath Pylon Sign - Large, Cantilever and Verandah/Awning signs unless it can be demonstrated that 2.75m clearance cannot reasonably be achieved and a lower clearance, should that be proposed, is unlikely to have any significant impact on pedestrian amenity or safety; and
- (d) The City does not support more than one "Pylon Sign – Large", "Pylon Sign – Small" or "Commercial Flag Sign" per road frontage.

4.4 STATIC ILLUMINATION OF ADVERTISEMENTS AND ANIMATION

- (a) Advertisements that incorporate Animation will only be considered for not-for-profit organisation, school and/or other authority where used to display community messages.
- (b) Notwithstanding the above, the City may approve up to one Advertisement that incorporates Animation for commercial purposes per Local Activity Centre where the City is satisfied of the following:

within that Local Activity Centre has been prepared and approved by the City.

- (c) Where Advertisements proposes Static Illumination and/or Animation, as part of the development application, the applicant will be required to demonstrate to the satisfaction of the City that the proposal will not cause a nuisance to occupiers of surrounding residential premises, cause a traffic hazard or distraction to drivers on the adjacent public road or be confused with traffic signals.

Static Illumination and/or Animation ~~shall~~will be required to comply with the following if granted development approval:

- (i) Only be permitted to be in use when the business is operating and ~~shall~~will not be ~~permitted to operate~~ between the hours of 9pm and 7am; and
- (ii) Cannot chase, flash or have any moving features or animations effects such as 'fade', 'zoom' or 'fly-in' for the change of messages or images; and
- (iii) The minimum dwell time of each message or image ~~shall~~is not ~~to~~ be less than 45 seconds.

Note 2: In addition to the City's requirements, approval from Main Roads WA is required for all advertisements on, in the vicinity of or visible from a Main Road. In addition, all illuminated signs within 50m of traffic signals require approval from Main Roads WA.

EXECUTIVE SUMMARY

This report is presented to the Policy and Legislation Committee to enable the Committee to schedule and advertise its meeting dates for the 2021 calendar year.

BACKGROUND

The Council of the City of Busselton has established a standing committee known as the Policy and Legislation Committee pursuant to section 5.8 of the *Local Government Act 1995* (the Act). The Policy and Legislation Committee is established for the purpose of assisting Council to fulfil its role under section 2.7(2)(b) of the Act, namely to determine the local government's policies and its legislative function in accordance with Division 2 of Part 3 of the Act.

Under its terms of reference, the Policy and Legislation Committee must meet at least six times per year and report to Council in accordance with clause 2.10 of the *City of Busselton Standing Orders 2018*, that is, when and to the extent required by Council.

Following a Committee resolution made in October 2015, the Policy and Legislation Committee has been meeting on a monthly basis and the meeting schedule has been prepared accordingly. In October 2019, Councillors indicated a preference for the Committee meetings be held on the same day as Council Meetings or Briefings, being a Wednesday. On balance, this arrangement has worked well and it is recommended that it be continued for future Policy and Legislation Committee meetings.

OFFICER COMMENT

It is proposed that the Policy and Legislation Committee meetings be held on the fourth week of each month, so that the Finance Committee meetings may be held on the alternate fortnight.

To accommodate the Council mid-year recess, there will not be a Policy and Legislation Committee meeting scheduled for 23 June 2020. Due to statutory timelines applicable to the Finance Committee, the schedules will require a Finance Committee meeting to be held on 21 July 2021 and a Policy and Legislation Committee will be held on the following week of 28 July 2021.

Again, to accommodate statutory timelines in relation to financial reporting, a Policy and Legislation Committee will not be held in November, to allow a second Finance Committee meeting to be held on 24 November 2021. November's Policy and Legislation Committee meeting will instead be held on 9 December 2021, and the reports from this meeting will be considered at Council's first meeting in January 2022. If any policy or legislative matters arise in this period that require urgent consideration, the item may be placed directly on the Agenda of an Ordinary Council meeting.

Under regulation 12 of the *Local Government (Administration) Regulations 1996*, if a committee meeting is open to the public or proposed to be open to the public, the local government must give public notice of the dates, times and place at which the committee meetings are to be held in the next 12 months. Once adopted by the Policy and Legislation Committee, the meeting dates will be publicly advertised.

It is proposed that the Policy and Legislation Committee meetings for 2021 be held at 10.00am, in the Wonnerup Committee Room, at the City of Busselton Administration Building on the following dates:

- Wednesday 27 January 2021
- Wednesday 24 February 2021
- Wednesday 24 March 2021
- Wednesday 28 April 2021
- Wednesday 26 May 2021
- Wednesday 28 July 2021
- Tuesday 24 August 2021
- Wednesday 22 September 2021
- Wednesday 27 October 2021
- Wednesday 8 December 2021
