PRÉCIS

Financial Activity Statements

Pursuant to Section 6.4 of the Local Government Act ('the Act') and Regulation 34(4) of the Local Government (Financial Management) Regulations ('the Regulations'), a local government is to prepare, on a monthly basis, a statement of financial activity that reports on the City's financial performance in relation to its adopted/ amended budget.

This report has been compiled to fulfil the statutory reporting requirements of the Act and associated Regulations, whilst also providing the Council with an overview of the City's financial performance on a year to date basis for the period ending 28 February 2018.

Review of Budget

Between January and March in each financial year, a local government is to carry out a review of its annual budget for that year. The Council is required to consider the review submitted to it and determine (by absolute majority) whether or not to adopt the review, any parts of the review or any recommendations made in the review.

BACKGROUND

Financial Activity Statements

The Regulations detail the form and manner in which financial activity statements are to be presented to the Council on a monthly basis; and are to include the following:

- Annual budget estimates
- Budget estimates to the end of the month in which the statement relates
- Actual amounts of revenue and expenditure to the end of the month in which the statement relates
- Material variances between budget estimates and actual revenue/ expenditure/ (including an explanation of any material variances)
- The net current assets at the end of the month to which the statement relates (including an explanation of the composition of the net current position)

Additionally, and pursuant to Regulation 34(5) of the Regulations, a local government is required to adopt a material variance reporting threshold in each financial year. At its meeting of 26 July 2017, the Council adopted (C1707/163) the following material variance reporting threshold for the 2017/18 financial year:

"That pursuant to Regulation 34(5) of the Local Government (Financial Management) Regulations, the Council adopts a material variance reporting threshold with respect to financial activity statement reporting for the 2017/18 financial year as follows:

- Variances equal to or greater than 10% of the year to date budget amount as detailed in the Income Statement by Nature and Type/ Statement of Financial Activity report, however variances due to timing differences and/or seasonal adjustments are to be reported on a quarterly basis; and
- Reporting of variances only applies for amounts greater than \$25,000."

Review of Budget

The requirement for a local government to carry out an annual budget review is prescribed via Regulation 33A of the Local Government (Financial Management) Regulations.

Essentially, the purpose of an annual budget review is to ensure that a local government conducts a review of its financial performance at an appropriate time in the financial year such that any significant budget variances can be identified and remedial action instigated as necessary; prior to financial year end.

This report, based on the City's financial performance for the period ending 28 February 2018, has been compiled to fulfil the statutory reporting requirements of the Local Government Act and associated Regulations in respect of the annual budget review process.

STATUTORY ENVIRONMENT

Financial Activity Statements

Section 6.4 of the Local Government Act and Regulation 34 of the Local Government (Financial Management) Regulations detail the form and manner in which a local government is to prepare financial activity statements.

Review of Budget

33A. Review of budget

- (1) Between 1 January and 31 March in each financial year a local government is to carry out a review of its annual budget for that year.
- (2A) The review of an annual budget for a financial year must
 - (a) consider the local government's financial performance in the period beginning on 1 July and ending no earlier than 31 December in that financial year; and
 - (b) consider the local government's financial position as at the date of the review; and
 - (c) review the outcomes for the end of that financial year that are forecast in the budget.
 - (2) Within 30 days after a review of the annual budget of a local government is carried out it is to be submitted to the council.
 - (3) A council is to consider a review submitted to it and is to determine* whether or not to adopt the review, any parts of the review or any recommendations made in the review.

^{*}Absolute majority required.

(4) Within 30 days after a council has made a determination, a copy of the review and determination is to be provided to the Department.

FINANCIAL IMPLICATIONS

Any financial implications are detailed within the context of this report.

Long-term Financial Plan Implications

Any financial implications are detailed within the context of this report.

STRATEGIC COMMUNITY OBJECTIVES

This matter principally aligns with Key Goal Area 6 – 'Open and Collaborative Leadership' and more specifically Community Objective 6.1 - 'Governance systems, process and practices are responsible, ethical and transparent'. The achievement of the above is underpinned by the Council strategy to 'ensure the long term financial sustainability of Council through effective financial management'.

RISK ASSESSMENT

Risk assessments have been previously completed in relation to a number of 'higher level' financial matters, including timely and accurate financial reporting to enable the Council to make fully informed financial decisions. The completion of the monthly Financial Activity Statement report is a control that assists in addressing this risk.

OFFICER COMMENT

In order to fulfil statutory reporting requirements, and to provide the Council with a synopsis of the City's overall financial performance on a full year basis, the following financial reports are attached hereto:

Statement of Financial Activity

This report provides details of the City's operating revenues and expenditures on a year to date basis, by nature and type (i.e. description). The report has been further extrapolated to include details of non-cash adjustments and capital revenues and expenditures, to identify the City's net current position; which reconciles with that reflected in the associated Net Current Position report.

Net Current Position

This report provides details of the composition of the net current asset position on a full year basis, and reconciles with the net current position as per the Statement of Financial Activity.

Capital Acquisition Report

This report provides full year budget performance (by line item) in respect of the following capital expenditure activities:

- Land and Buildings
- Plant and Equipment

- Furniture and Equipment
- Infrastructur

Reserve Movements Report

This report provides summary details of transfers to and from reserve funds, and also associated interest earnings on reserve funds, on a full year basis.

Additional reports and/or charts are also provided as required to further supplement the information comprised within the statutory financial reports.

COMMENTS ON FINANCIAL ACTIVITY TO 28 February 2018

The Statement of Financial Activity for the period ending 28 February 2018 shows a better than expected Net Current Position (Surplus) of \$12.43M being \$12.14M more than Year to Date Budget.

The following summarises the major variances in accordance with *Council's adopted material* variance reporting threshold that collectively make up the above difference:

Operating Revenue:

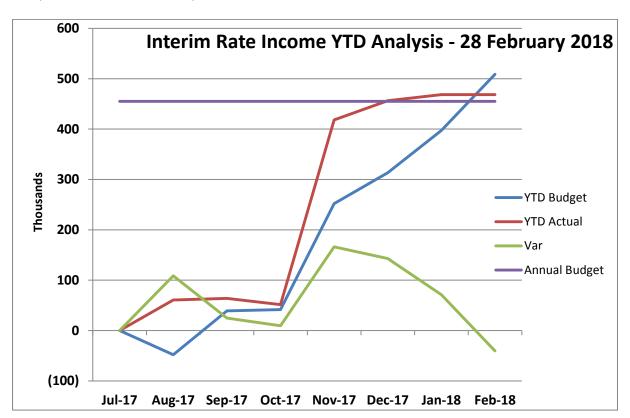

Revenue from ordinary activities is \$672K more than expected when compared to Year to Date (YTD) Budget with the following items meeting the material variance reporting threshold set by Council for the 2017/2018 Financial Year.

| Description | 2017/2018 Actual | 2017/2018 Amended Budget YTD | 2017/2018 Amended Budget | 2017/18 YTD Bud Variance | 2017/18 YTD Bud Variance | |
|----------------------------------|---------------------|---------------------------------------|--------------------------------|--------------------------------|--------------------------------|--|
| | \$ | \$ | \$ | % | \$ | |
| Revenue from Ordinary Activities | | | | | | |
| Other Revenue | 342,103 | 274,573 | 426,167 | 24.59% | 67,530 | |
| Interest Earnings | 1,805,563 | 1,508,664 | 2,262,996 | 19.68% | 296,899 | |

The items predominately impacting the above "Other Revenue" performance is CLAG (Contiguous Local Authority Group) Funding in the amount of \$48K, this item is to be transferred to Trust and Sale of Scrap Materials \$44K.

Interest earnings on Reserves and Restricted funds are currently ahead of YTD Budget in the amount of \$234k with \$84k in Rate Instalment interest currently ahead of YTD Budget, this second item is a timing difference only and it is also expect that Interest earnings on Reserves and Restricted funds will reduce in the coming months as funds are further drawn down to finance Capital projects contained within the City's 2017/2018 Budget.

The Officer notes that the above positive performance of "Other Revenue" and "Interest Earnings" is added to by a positive collective performance of \$308k for Rates, Operating Grants and Subsidies, and Fees and Charges; these items fall below the Material Variance reporting thresholds. The above variations are considered to be that of a timing difference at this stage of the Budget Year with the exception of Rate Revenue which is expected to be a permanent variation. This permanent variation is expected to be in the vicinity of \$300k.

In summary, net operating revenue is projected to be slightly higher than the annual budget estimates with a projected favourable variance of approximately \$350K.

Operating Expenditure:

Expenditure from ordinary activities is \$2.25M less than expected when compared to Year to Date (YTD) Budget with the following items meeting the material variance reporting threshold set by Council for the 2017/2018 Financial Year.

| Description | 2017/2018 Actual | 2017/2018 Amended | 2017/2018 Amended | 2017/18 YTD Bud | 2017/18 YTD Bud |

| Allocations | 1,057,434 | 1,193,962 | 1,996,270 | 11.43% | (136,528) |

Materials and Contracts:

The main items affected are listed below, at this stage the majority of these variances are considered to be that of a timing nature with an expectation that there will be offsets for under and over expenditure items resulting in a better than expected result at year end:

Utilities:

With over 364 individual accounts at a better than expected result of \$1.59M, a favourable position of \$125K is considered likely to be a timing difference at this stage of the reporting year with the one exception being the City's Administration Building which is currently tracking \$37k below YTD Budget; the officer further notes that no account has yet been received for the month of February which for this facility which would see this variance reduced to \$29k. The officer further notes that whilst utilities for the City Administration Building are tracking below expectation savings on this cost will be need to offset other costs related to the facility, specifically contract cleaning.

Allocations:

Allocations are running \$136k under YTD Budget; these items are an internal allocation of administrative costs from the Finance and Corporate Services division and will not impact on the City's final surplus/deficit position.

The Officer notes that the above positive performance of "Materials and Contracts" and "Utilities" is added to by a positive collective performance of "Employee Costs" and "Insurance Expenses"; these items fall below the Material Variance reporting thresholds.

In summary, net operating expenditure is projected to be slightly lower than the annual budget estimates with a projected favourable variance of approximately \$400K.

Non-Operating Grants, Subsidies and Contributions:

Non-Operating Grants, Subsidies and Contributions are less than YTD Budget by \$9.47M with the main item impacting on the above result is the timing of the receipt of "Airport Development - Project Grant" with a current negative result of \$8.44M with the remainder being represented by Road Project Grants; this is a timing difference in nature only and is offset with the level of current expenditure for these projects.

Capital Expenditure

As at 28 February 2018, there is a variance of -44.44% or -\$24.27M in total capital expenditure with YTD Actual at -\$30.35M against a YTD Budget of -\$54.6M; with the table below showing those categories exceeding the 10% material variance threshold. The Airport Development makes up for \$11.31M or 46.6% of the overall variance which also assists in explaining the above current YTD shortfall in Non-Operating Grants.

The attachments to this report include detailed listings of the following capital expenditure (project) items, to assist in reviewing specific variances.

The majority of capital expenditure variances are considered to be timing at this time, with no impact expected against the net current position.

In summary, net Capital Expenditure is not projected to have any material impact on the City's project surplus/deficit position when Carryover of projects occurs at year end if/where required.

Investment Report

Pursuant to the Council's Investment Policy, a report is to be provided to the Council on a monthly basis, detailing the investment portfolio in terms of performance and counterparty percentage exposure of total portfolio. The report is also to provide details of investment income earned against budget, whilst confirming compliance of the portfolio with legislative and policy limits.

As at 28 February 2018, the value of the City's invested funds totalled \$82.99M, down from \$83.69M as at 31st January.

During the month of February seven term deposits held with 5 different institutions totalling \$20.5M matured, with \$7.00M relating to the Airport Redevelopment Project and \$13.5M being general City funds.

Of the \$13.5M of general City funds, \$13.5M was rolled for a further 96 days at 2.39% (on average).

Of the \$7.00M of Airport Redevelopment Project funds, \$7.00M was rolled for a further 59 days at 2.06% (on average). The need to keep the term of the deposit to only 2 months to meet expected expenditure timelines affected the rate of return able to be achieved.

The balance of the 11am account (an intermediary account which offers immediate access to the funds compared to the term deposits and a higher rate of return compared to the cheque account) increased by \$0.75M due to the inflow of rate and grant funding. The balance of the Airport Development ANZ cash account decreased by \$1.45M, with funds being drawn down to meet ongoing expenditure.

The RBA left official rates on hold during January and February with projections for Rates to remain steady for some months before beginning to rise possibly at some stage late in 2018.

CONCLUSION

As detailed within this report, it is considered that the City's overall financial performance to 28 February 2018 is satisfactory. Current projections indicate a potential surplus closing position as at 30 June 2018, in the order of approximately +\$750k (exclusive of carry forwards). The Annual Budget Review has not identified any specific adverse financial trends, for which remedial action is required to be instigated prior to financial year end. The projected surplus closing position is primarily due to operating expenditure savings.

As this report also identifies, it is projected that overall capital expenditure will fall well short of annual budget estimates, with this primarily attributable to the Airport Development project. However, as individual projects are essentially fully funded in one form or another, a corresponding short fall in capital revenue will also be evident as at 30 June 2018.

Whilst components of the unspent capital and operating expenditure budgets may need to be considered for re-listing in the Council's 2018/19 draft budget, the current projected surplus closing position of \$750K represents net underspends directly associated with the current financial year's financial performance.

It is noted that the potential surplus closing position at financial year end, including consideration of utilisation, or quarantining of these funds, be will be fully considered as part of the Council's 2018/19 draft budget deliberations.

OPTIONS

The Finance Committee/ Council may determine that additional recommendations are required to be made, or alternatively that the Annual Budget Review not be adopted by the Council at this time, pending clarification of any further matters.

OFFICER RECOMMENDATION 1 (Simple Majority)

That the Council receives the statutory financial activity statement reports for the period ending 28 February 2018, pursuant to Regulation 34(4) of the Local Government (Financial Management) Regulations.

OFFICER RECOMMENDATION 2 (ABSOLUTE MAJORITY DECISION OF COUNCIL REQUIRED)

That, pursuant to Regulation 33A of the Local Government (Financial Management) Regulations, the Council adopts the 2017/18 Annual Budget Review as presented within this report.
